**Surplus-Enjoyment** Slavoj Žižek, 2022-08-11 Contemporary life is defined by excess There must always be more there is never enough We need a surplus to what we need to be able to truly enjoy what we have Slavoj i ek s guide to surplus and why it s enjoyable begins by arguing that what is surplus to our needs is by its very nature unsubstantial and unnecessary But perversely without this surplus we wouldn t be able to enjoy what is substantial and necessary Indeed without the surplus we wouldn t be able to identify what was the perfect amount Is there any escape from the vicious cycle of surplus enjoyment or are we forever doomed to simply want more Engaging with everything from The Joker film to pop songs and Thomas Aquinas to the history of pandemics i ek argues that recognising the society of enjoyment we live in for what it is can provide an explanation for the political impasses in which we find ourselves today And if we begin even a little bit to

recognise that the nuggets of enjoyment we find in excess are as flimsy and futile might we find a way out 三 shi qingyao,2024-12-16 Who said that it is appropriate to travel today it will rain when you go out Lu Yangcomplained that he regretted not bringing hemp fiber in advance **Desire for Immortality** Zun Huang,2020-04-06 The ancient cultivators of great powers once they thought of becoming demons and once they thought of becoming buddhas there were also experts of the martial way that broke through the void They were the only ones who had the right to do so In chaotic times geniuses would rise to prominence The imperial government sects aristocratic families and foreign races would battle with each other for karmic luck Who could emerge from the masses and become a true dragon reaching the peak of perfection Like this book Immortality and Life Eternal William P.
