Escape Of The Scharnhorst And Gneisenau:

The Escape of the 'Scharnhorst' and 'Gneisenau' Peter Kemp, 1975-01-01 [The Escape of the Scharnhorst and Gneisenau](#) Peter Kemp, 1975 *The Kaiser's Cruisers, 1871-1918* Aidan Dodson, 2023-01-04 While bookshelves groan with works on the capital ships of the German Third Reich there is little in English devoted to their predecessors of the Second Reich so this new book will fill a clear gap in its study of German cruisers of the period from wooden hulled corvettes through the fusion of overseas and home vessels into the modern small cruisers that evolved and fought in the First World War The book covers the full range of cruising vessels operated or ordered by the Imperial German Navy between 1871 and 1918 excluding the large cruisers previously covered by the author's companion volume *The Kaiser's Battlefleet* These include corvettes avisos sloops torpedo cruisers III and IV class cruisers and small cruisers and are described and arranged in a chronological narrative This includes both design and operational histories the latter continuing down to the end of ships service after the fall of Imperial Germany and it is accompanied by an extensive selection of many rare photographs The ships technical details are tabulated in the second half of the book which also includes sketches of ships internal layouts and armour and changes in appearance over time The authors have made extensive use of archival material particularly relating to the political and technical background to design and procurement and present a developmental history of this ship class which is unique in the English language It will have huge appeal to all those with an interest in the German navy and to those who have been waiting avidly for the sequel to *The Kaiser's Battlefleet*

The War at Sea, 1939-1945 Stephen Wentworth Roskill, 1954 **Awarded for Valour** M. Smith, 2008-06-23 Based on primary source research this is the most comprehensive history of the Victoria Cross available tracing the evolution of the award from its inception in 1856 to the most recent bestowals The study also examines the evolution of the concept of heroism and how the definition of heroism changed along with the nature of warfare

The Kaiser's Battlefleet Aidan Dodson, 2016-11-30 This illustrated study of the German Imperial Navy presents a ship by ship history from the dreadnaught era through WWI The battleships of the Third Reich have been written about exhaustively but there is little in English devoted to their predecessors of the Second Reich In *The Kaiser's Battlefleet* Aidan Dodson fills this significant gap in German naval history by covering these capital ships and studying the full span of battleship development during this period *Kaiser's Battlefleet* presents a chronological narrative that features technical details construction schedules and the ultimate fates of each ship tabulated throughout With a broad synthesis of German archival research Dodson provides fresh data and corrects significant errors found in standard English language texts Heavily illustrated with line work and photographs drawn from German sources this study will appeal to historians of WWI German as well as battleship modelmakers

The U-Boat Commanders Jeremy Dixon, 2020-11-12 This illustrated WWII reference guide presents detailed profiles of Nazi U Boat commanders who were awarded the Knight's Cross The Knight's Cross or Ritterkreuz was one of the highest decorations given for acts of valor among the German armed

forces during the Second World War When a U boat captain was awarded the decoration it was source of pride for his entire crew Sometimes it was even added to the boat s insignia In all there were 123 recipients In *The U Boat Commanders* Jeremy Dixon provides a highly illustrated guide to all these men and their wartime service A detailed text accompanied by almost 200 archive photographs describes the military careers of each U Boat Commander including those who received the higher grades of the award Full details are given of their tours of duty the operations they took part in how they won their award how many ships they sank and their subsequent careers
