The Routledge Handbook of Translation and Sexuality Brian James Baer, Serena Bassi, 2024-08-19 *The Routledge Handbook of Translation and Sexuality* questions what it would mean to think of sexualities transnationally and explores the way cultural ideas about sex and sexuality are translated across languages It considers how scholars chart the multilingual rise of the modern sexual sciences in the nineteenth and twentieth centuries how translators writers and readers respond to sexual modernities and to what extent the keywords of queer social movements travel across borders The handbook draws from fields as diverse as translation studies critical multilingualism studies comparative literature European studies Slavic studies Middle Eastern studies Latin American studies and East Asian studies This

pioneering handbook maps out an emerging brand of women's gender and sexuality studies that approaches sexualities as translational formations. Divided into two parts, the handbook covers Theoretical chapters on the interdisciplinary dialogue between translation studies and queer studies; Empirical studies of both canonic and minor scientific religious literary philosophical and political texts about sex and sexuality in translation across a variety of world languages. The British National Bibliography Arthur James Wells, 2002 *German, Jew, Muslim, Gay* Marc David Baer, 2020-04-28 Hugo Marcus 1880-1966 was a man of many names and many identities. Born a German Jew, he converted to Islam and took the name Hamid, becoming one of the most prominent Muslims in Germany prior to World War II. He was renamed Israel by the Nazis and sent to the Sachsenhausen concentration camp before escaping to Switzerland. He was a gay man who never called himself gay but fought for homosexual rights and wrote queer fiction under the pen name Hans Alienus during his decades of exile. In *German Jew Muslim Gay*, Marc David Baer uses Marcus's life and work to shed new light on a striking range of subjects including German Jewish history and anti-Semitism, Islam in Europe, Muslim Jewish relations, and the history of the gay rights struggle. Baer explores how Marcus created a unique synthesis of German gay and Muslim identity that positioned Johann Wolfgang von Goethe as an intellectual and spiritual model. Marcus's life offers a new perspective on sexuality and on competing conceptions of gay identity in the multilayered world of interwar and postwar Europe. His unconventional story reveals new aspects of the interconnected histories of Jewish and Muslim individuals and communities, including Muslim responses to Nazism and Muslim experiences of the Holocaust. An intellectual biography of an exceptional yet little-known figure, *German Jew Muslim Gay* illuminates the complexities of twentieth-century Europe's religious, sexual, and cultural politics.

Out For Good Dudley Clendinen, Adam Nagourney, 2013-07-30 The definitive account of the gay rights movement. Dudley Clendinen and Adam Nagourney's *Out for Good* is comprehensive, authoritative, and excellently written. This is the definitive account of the last great struggle for equal rights in the twentieth century. From the birth of the modern gay rights movement in 1969 at the Stonewall riots in New York through 1988 when the gay rights movement was eclipsed by the more urgent demands of AIDS activists, this is the remarkable and until now untold story of how a largely invisible population of men and women banded together to create their place in America's culture and government. Told through the voices of gay activists and their opponents, filled with dozens of colorful characters, *Out for Good* traces the emergence of gay rights movements in cities across the country and their transformation into a national force that changed the face of America forever. *Out for Good* is the unforgettable chronicle of an important and nearly lost chapter in American history.

Not in My Name Chas Newkey-Burden, Julie Burchill, 2008-09-04. It is a great and glorious tradition the world over to vehemently state one thing and then do the exact opposite. Royals are doing it, reformed smokers are doing it, and politicians are virtually synonymous with it. Welcome to the heyday of hypocrisy. From the Everyday Hypocrites (cyclists, white hip hop fans, reality television haters) to the truly pungent Stinking Hypocrites (chav haters, green campaigners, and anti-Americans), Julie Burchill and Chas Newkey-Burden pull no punches in their witty harangue of those who shamelessly say one thing and do another. Features the modern hypocrite's favourite holiday destinations, sporting heroes, and the hilarious Hypocrites Ultimate Weekend.

The Moral Lessons of Chemsex Maurice Nagington, 2024-12-23. This book explores how gay and bi men's lived experiences of chemsex intersect with its cultural representations. It argues that while normative moral frameworks are often used to talk about chemsex, chemsex subcultures contain their own valuable moral frameworks that can provide lessons about some of the most pressing concerns of contemporary society. Drawing from a tradition of scholarship that views queer subcultures as having pedagogical value for all of society, Maurice Nagington critiques norms that govern lives in relation to the interactions of bodies, sex, and capitalism, trauma, and tragedy, the regulation of boundaries, and the disciplinary apparatuses in modern society. Each chapter takes its lead from themes informed by the analysis of longitudinal interviews conducted over a two-year period by the author and an archive of materials concerning chemsex, such as films, soundtracks, health promotion pamphlets, newspaper articles, blogs, and ethnographic field notes. Linking the accounts of interviewees to wider debates about and representations of chemsex, this innovative book develops a cohesive narrative about the moral lessons chemsex can teach us. Contributing to the emerging field of critical chemsex studies, this volume is of interest to advanced students and scholars interested in gender and sexuality studies, sociology of health and illness, medical anthropology, critical public health, and criminology, as well as those who are involved in chemsex and wish to read and reflect about it as more than just a problem.
