[Escaping Nazi Europe](#) Bernard Wilkin,Bob Moore,2023-12-21 This book chronicles the escapes attempted by Belgian soldiers and civilians from Nazi occupied Europe during the Second World War Insofar as is practical the authors have tried to let the subjects speak for themselves by making extensive use of their testimonies preserved in archives in Belgium and the United Kingdom

The book begins with the stories of soldiers who managed to evade capture in the summer of 1940 and returned home and the few that decided to continue the fight and joined the Allied forces in the United Kingdom. It also includes the prisoners of war who managed to escape from camps or Arbeitskommando inside the Reich and provides a detailed analysis of their narratives, their motivation for going on the run, their choices on when and how to travel, and the many obstacles they encountered along the way. Most escapees were content to return home with some then joining resistance organisations, but a small minority were committed to joining the Allies, and further chapters recount their attempts to reach Spain and Switzerland and the additional problems they encountered in those neutral states. Final chapters reflect on the penalties inflicted on prisoners of war who were recaptured and on the escapees' struggle for recognition in the post-war world.

Escaping the Escape Bertelsmann Stiftung, 2017-02-17. Conflict and war, but most of all, overwhelming despair are driving massive numbers of mostly young people from the Middle East and North Africa, Central Africa, the Balkans, Ukraine, and Central Asia to leave their homes for Europe in search of safety. What do they need most in order to lead their lives in peace and security? How can opportunities for a meaningful and secure future in their countries of origin be improved? How can the EU, acting in concert with its principles, support these people in their search for freedom, self-determination, and well-being? These are the questions addressed in *Escaping the Escape*. The publication features authors from refugee source countries and experts from Europe who examine the situation in the crisis regions and offer concrete recommendations for actions to be taken in each region. Countries and regions covered in this publication are Afghanistan, Algeria, and Sahel, the Balkans, Egypt, Eritrea, Gaza, Greece, Iran, Iraq, Jordan, Lebanon, Libya, Morocco, Nigeria, Somalia, South Sudan, Sudan, Syria, Tunisia, Turkey, Ukraine, and Yemen.

The Impact of the First World War on the Basque Country Eneko Bidegain, 2025-03-01. This book tells the story of the First World War from the perspective of the Basque Country. It recounts the background to the First World War to set context and talks about how this war was experienced in the Basque Country, including the after-effects it left behind, especially the human devastation wrought by the war. The social, economic, and political consequences it had in the Basque Country are discussed in this work, as it is clear that this conflict had a decisive influence on the future of the Northern Basque Country and its ties with France.

Escaping Poverty and Unemployment in Africa Joe U. Umo, 2024-07-17. *Escaping Poverty and Unemployment in Africa*. A Flagship Strategy calls out unemployment as a major cause of poverty and sees both of them as twins representing two sides of the same bad coin. After several years of failures in addressing the twin crises with stand-alone policies and programs in Nigeria and other African countries, the book proposes an innovative strategy aimed at addressing mass unemployment and mass poverty simultaneously. Inspired by the author's field experience as one of the key actors in the successful implementation of the UNDP/ILO-sponsored Jobs for Africa/JFA program in over ten African countries between 1998 and 2001, the book presents an alternative framework from the failed extant approaches for tackling the stubborn crises of unemployment and poverty in the continent. The proposed Flagship

Strategy is a cocktail of three key policy elements namely 1 putting in place a maximum employment driven macroeconomic economic stability 2 mobilizing and empowering ready to engage transformational entrepreneurs for leading investment projects programs to ensure success and sustainability and 3 undertaking massive investment for poverty reducing employment IPRE projects in all the key sectors of the economy Given Nigeria s exceptionalism in Africa s poverty profile the application of the Flagship Strategy has been illustrated for over eight key sectors of this nation s economy This presents a model for possible replication across other African countries The empirical validation in the application of the three elements of the Flagship Strategy along with the successful experience of emerging industrializing countries of South Korea Singapore and China etc in achieving massive reductions in poverty and unemployment using the elements of the strategy commends its application to African and other developing countries facing the twin challenges The book is intended to serve generally as an informative read for all who are interested in escaping poverty and unemployment either by themselves or for the people they care about It has also in particular offered fresh strategic insights to scholars and students of development working on African poverty and unemployment challenges It can furthermore easily serve as a policy blueprint manual for policymakers and or politicians with genuine interests in finding quick and sustainable solutions to Africa s daunting and existential poverty and unemployment challenges
