Wingate,2016-12-31 Every individual develops physically and psychologically through distinct stages of life With each stage grows a wider perspective of self and the world around us In Circuits and Shen models of the evolution of consciousness and Chinese medicine the spectrum of human consciousness is explored from the view of the eight circuit model of the brain and the holonomic theory of development It is shown how these relate to brain development psychoneuroendocrinology and holding patterns of the fascial networks throughout the body as well as Eastern subtle body systems Utilizing this information it becomes possible to lay out a systematic means of informing Chinese medical practitioners and bodyworkers in approaches aimed at treating negativeimprints psychological impacts or physical illnesses that may develop out of each stage **Touching the Invisible** Chris McAlister,Jeremy Halpin,Jan Nevelius,2021-01-29 Three experienced Shiatsu practitioners share knowledge and insights gained over thirty years of clinical practice and teaching to create a book they themselves would have wanted to provide practical guidance and philosophical perspective on this healing art The book s central themes are awareness intuition and intention in the practice of Shiatsu and how this body mind perspective can influence the wider health debate A modern rendering of the ancient wisdom underpinning Shiatsu and Oriental medicine this book goes beyond the technical details of Shiatsu as a specific therapy to the universal principles underlying it Presenting Shiatsu from different perspectives ranging from its philosophical underpinnings to the realities of daily practice this text represents the fruit of the knowledge we apply and continually re evaluate in our ongoing clinical work The question and answer format is based upon classical tradition the most famous text within traditional Oriental medicine Huang Di Nei Jing uses this method to illustrate complex ideas in an easy to read manner The text is organically formed through questions formulated by our student and fellow practitioner Filippa Freed These questions stemming from her training and practice facilitate a broad discussion that roams freely between technical principles case studies and informal anecdotes The Return of Planet Sedna Jennifer T. Gehl,2019-05-21 Reveals how the return of the planet Sedna after 11 000 years offers an opportunity for healing ourselves and our planet Explores how the Inuit legend of the sea woman Sedna offers clues about the message of Sedna s return including a warning about the sustainability of our planet Explains how Kundalini energy courses through planets and people alike and how planetary transits activate a form of cosmic Kundalini energy with Sedna s planetary return marking a major stage in this awakening process Details how Sedna s energies can be harnessed for healing ourselves and our planet including how Earth s ley lines are mirrored within the body s meridians Named after a mythological Inuit sea woman the planet Sedna was first discovered in 2003 Its return to our solar system after 11 000 years of orbit has been tied to the huge tsunami that struck Indonesia

Thailand and India in 2004 as well as to the increased occurrence of other marine and weather events over the last decade And just as it is affecting the waters of our planet Sedna s energies are also affecting each of us as individuals Exploring the impact that planetary bodies have on Earth and on humans Jennifer Gehl reveals how Sedna s energies can be worked with for healing ourselves others and the planet She explains how the naming of this planet after the archetypal figure of Sedna and her myths provides major clues to the message that Sedna s return is sending a clear warning about the sustainability of the planet and the oceans the source of all life and an invitation to awaken to the parts of ourselves that have been ignored abandoned and cast out into the cold just as Sedna was when she was drown in the Arctic Ocean The author examines the astrological chart for Sedna s discovery providing an in depth look at how certain aspects particularly the quincunx support the legend of Sedna and its impact on human health She looks at how Kundalini energy courses through planets and people alike and how planetary transits activate a form of cosmic Kundalini energy with Sedna s return marking a major stage in this awakening process She reveals how Earth s ley lines are mirrored within the body s meridians and offer a way to tune ourselves to the cosmic frequencies that Sedna brings Examining the story of Sedna mythologically and astrologically Gehl explains how Sedna s last appearance 11 000 years ago occurred at the end of the Ice Age when waters disrupted and divided our world Her return rather than being a harbinger of disaster is one of the way shower and shaman Symbolically she lights the path for us to ignite our own immortality by surrendering to the inner path revealing patterns and pathways for infinite healing potential a new model of sustainability for the health of our planet and a way to actively participate in our soul s evolution
