Esoterics Of Turkism:

Esoterics of Turkism Pinhas Ben Nahum, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work The Principles of Turkism [Türkçülüğün esasları] Ziya Gökalp, 2024-02-26 **The Normalisation of Cyprus' Partition Among Greek Cypriots** Gregoris Ioannou, 2020-08-31 This book explores the basic dynamics that shaped the Cyprus problem with a focus on recent decades The author deals with the periods nodal points and fields that produced the conditions for the normalisation of partition and also presents the Cyprus problem as viewed from the outside The chapters approach Cyprus division in light of power relations in society the interaction between the political elite and society and discuss the political and ideological dynamics as manifested in the public sphere While analysing primarily the Greek Cypriot community the book also refers to parallel developments in the Turkish Cypriot and international communities arguing that the normalisation of Cyprus partition is rooted in the political economy and political culture of Greek Cypriots At the same time from the perspective of the peace and reunification movement this is an inherently contradictory and potentially unstable process that can be overturned remarkably thorough study focusing on nationalist narratives political and media discourses and socio economic structures in Cyprus and their impact on the formation and transformation of political identities since the 1950s Unlike many other books on the issue Ioannou analyses social and political developments in both the Greek Cypriot and the Turkish Cypriot communities This approach sheds light on the internal reasons of the perpetuation of the island s division which the geopolitical and international relations approaches alone miss to grasp Combining the analytical skills of a political scientist and his personal experience as an engaged citizen in favour of unification Ioannou offers significant insight on a complex and traumatic conflict that remains one of Europe s black spots Athena Skoulariki Assistant Professor in Sociology of Communication Discourse Analysis and Social Representations University of Crete Greece The basic argument of the book is that the consolidation of partition was neither automatic nor happened behind the backs of Greek Cypriots The very interesting and demythologising work of Gregoris Ioannou brings to light a hidden but common secret of the Greek Cypriots Alexis Heraklides Emeritus Professor of International Relations Panteion University Greece Ioannou projects a multi focal spotlight on the Cyprus problem so as at least for the careful reader this becomes not only an interesting topic in itself but also a cognitive springboard from which to understand broader pathogenies of our common social and political life Seraphim Seferiades Associate Professor in Political Science Panteion University Greece *Muslim Turkistan* Bruce Privratsky, 2013-11-19 This ethnography of Muslim life among the Kazaks of Central Asia describes the sacralisation of land and ethnic identity local understanding of Islamic purity the Kazak ancestor cult and domestic spirituality and pilgrimage to

the tombs of Sufi saints The Extreme Right in Europe Uwe Backes, Patrick Moreau, 2011-12-07 The present work deals not only with the well organized right extremism in modern Europe as well as with its function in proper political parties but equally includes two additional broader approaches the militant branches and subcultures that exist including some paramilitary phenomena in Eastern Europe and the broad realm of their political ideas and cultural trends and the influence they exert on European political culture **Fall of the Sultanate** Ryan Gingeras, 2016-03-24 The collapse of the Ottoman Empire was by no means a singular event After six hundred years of ruling over the peoples of North Africa the Balkans and Middle East the death throes of sultanate encompassed a series of wars insurrections and revolutions spanning the early twentieth century This volume encompasses a full accounting of the political economic social and international forces that brought about the passing of the Ottoman state In surveying the many tragedies that transpired in the years between 1908 and 1922 Fall of the Sultanate explores the causes that eventually led so many to view the legacy of the Ottomans with loathing and resentment The volume provides a retelling of this critical history as seen through the eyes of those who lived through the Ottoman collapse Drawing upon a large gamut of sources in multiple languages Ryan Gingeras strikes a critical balance in presenting and interpreting the most impactful experiences that shaped the lives of the empire s last generation The story presented here takes into account the perspectives of the empire s diverse population as well as the leaders who piloted the state to its end In surveying the personal communal and national struggles that defined Italy s invasion of Libya the Balkan War the Great War and the Turkish War of Independence Fall of the Sultanate presents readers with a fresh and comprehensive exposition of how and why Ottoman imperial rule ended in bloodshed and disillusionment **The ^AOxford Dictionary of Islam** John L. Esposito, 2004-10-21 Designed for general readers with little or no knowledge of Islam this superb Oxford Dictionary provides more than 2 000 vividly written up to date and authoritative entries organized in an easy to use A to Z format The Dictionary focuses primarily on the 19th and 20th centuries stressing topics of most interest to Westerners What emerges is a highly informative look at the religious political and social spheres of the modern Islamic world Naturally readers will find many entries on topics of intense current interest such as terrorism and the Taliban Osama bin Laden and al Qaida the PLO and HAMAS But the coverage goes well beyond recent headlines There are biographical profiles ranging from Naguib Mahfouz the Nobel Prize winner from Egypt to Malcolm X including political leaders influential thinkers poets scientists and writers Other entries cover major political movements militant groups and religious sects as well as terms from Islamic law culture and religion key historical events and important landmarks such as Mecca and Medina A series of entries looks at Islam in individual nations such as Afghanistan the West Bank and Gaza Bosnia Herzegovina and the United States and there are discussions of Islamic views on such issues as abortion birth control the Internet the Rushdie Affair and the theory of evolution Whether we are listening to the evening news browsing through the op ed pages or reading a book on current events references to Muslims and the Islamic world appear at every turn The Oxford Dictionary of Islam
