**Esoterism and Christian Mystery** Jean Borella, 2005-03 Rene Guenon's explication of the principles of an interior understanding of sacred forms has established his reputation in the West as the master theorist of esoterism. But till now his doctrine has not been the focus of thorough study in Christian circles and this has had serious consequences. Guenonian Esoterism and Christian Mystery is the first major work to combine an analysis of Guenon's ideas about esoterism with a critical examination of their application to Christianity in terms of data provided by Christianity itself. But to accomplish this such data cannot simply be surveyed superficially; it must be known firsthand, hence the abundance of citations and references in this text. Such an approach not only lets us decide about certain issues but may also help us rediscover an all too misunderstood facet of the revelation of Christ. Jean Borella taught philosophy at the University of Nancy until 1995. A Platonist by formation, he has been strongly influenced by Guenon and Eastern metaphysics. But his deepest inspiration derives from unceasing meditation on the Christian faith which led him to undertake the present searching critique of Guenonian Christianity. A religious philosopher, he strives to hear the reverberations awakened in human thought by revelation. Rene Guenon was one of the great metaphysical minds of the last few centuries and it was a great loss to the Catholic Church when he converted to Islam. Prof Borella shows in this landmark study exactly where Guenon's work remains of perennial value for Christians but also demonstrates the limitations and personal idiosyncrasies which led Guenon to distort some of the most important elements of Catholic and Orthodox doctrine. Prof Borella's book may well stimulate the recovery of authentic metaphysics within the Church for which Guenon longed but which he despaired of seeing in his lifetime. Stratford Caldecott, Editor, Second Spring, Director, UK of the G. K. Chesterton Institute for Faith Culture. *Frithjof Schuon*, Jean-Baptiste Aymard, Patrick Laude, 2012-02-01. The first book in English devoted to the religious philosopher Frithjof Schuon, 1907-1998, to appear since his death, this biography also provides an analysis of his work and spiritual teachings. Relying on Schuon's published works as well as unpublished correspondence and other documents, the authors highlight the originality of Schuon's life and teachings in terms of his consistent focus on esoterism defined as the inner penetration of sacred forms and spiritual practices vis-à-vis the *religio perennis*, the eternal wisdom that lies at the core of all sacred paths. Schuon's life, they argue, is a quest for the inner meaning of religious experience as is indicated by his connections to Christianity, Hinduism, Islam, and Native American Shamanism. Spiritual seekers from all backgrounds will appreciate this comprehensive study of this towering figure of comparative religion. **Introduction à une métaphysique des mystères chrétiens** Bruno Bérard, 2005-06-01.
