Tina Isabella Bright, 2019-08-08 Tina lived in a time when there was no name or diagnosis for mental illnesses nor an understanding of the various types of mental ailments and treatment for them. As the years passed the medical science of mind matters psychiatry and help for dysfunctional personalities came into its own. Today in our modern world there is help and medical professionals trained to work in the field of the human mind. So many trigger points and causes lead to these behavior patterns from trauma to the simple struggle of living day by day with all that this brings to us. Some of us are more resilient more able to deal with stress and strain. Many are not for a variety of reasons and causes. Please consider her story and if you identify with her or you see that your loved one or a family member does please be brave and reach out for help. Make the choice deliberately and on purpose to get the help you need. Don't waste time waiting for later and while you do destroy those around you and your own chance to be happy and to heal.

Andrew her husband cannot accept the possibility of losing her but while Katherine loves and cares for her talented husband she cannot imagine him living the rest of his life trapped in sadness and grief. However when Andrew receives a call from one of the largest most intimidating recording studios US Records he is less than excited. While Katherine tries to push him to go on with his life to go and pursue his career and also to try and regain some faith Andrew does not like the idea of being away from her during these hard times and struggles to trust in things Katherine believes will help him through it all. But as he eventually obeys her wishes and goes forth with his new booming career he struggles to continue on this journey and is determined to keep Katherine and their love a secret as the love they share and the life they have feels like it is the only thing he has left to keep him steady. However he nearly loses himself in the process when she sadly passes away. While Andrew is determined to walk away from his journey in the end it is the pain and the spiritual experience he himself witnesses that slightly changes him in a way he never thought he would be. Overflow Michael Reeves, 2021-07-06 What does the Trinity have to do with missions As it turns out everything Too often we put theology in one part of the Christian life and missions in another and they never meet A doctrine like the Trinity belongs in the intellectual realm while missions belongs with the practical parts of life Or so we think But is that really the way it should be Michael Reeves wants you to understand that the doctrine of the Trinity has everything to do with the practice of missions When a Christian sees the Father Son and Holy Spirit as divine persons who are so full of love that it radiates and overflows into creation and into the lives of human beings our perspective on missions is radically changed No longer is missions an obligation or a drudgery Instead realizing the abundance of love that goes forth from God we who have received and delighted in such love are motivated to go forth as well Let the radiance of God's triune beauty capture your heart Then God's great mission won't be a chore but will naturally overflow from your joyous delight in Him **A**
