Nigel West

Espionage Security And Intelligence In Britain 1945 197:

Espionage, Security, and Intelligence in Britain, 1945-1970 Richard James Aldrich, 1998 This book takes the concept of postmemory developed in Holocaust studies and applies it for the first time to novels by contemporary British writers Focusing on war fiction Alden builds upon current scholarship on historical fiction and memory studies and extends the field by exploring how the use of historical research within fiction illuminates the ways in which we remember and recreate the past Using postmemory to unlock both the transgenerational aspects of the novels discussed and the development of historiographic metafiction Alden provides a ground breaking analysis of the nature and potential of contemporary historical fiction By examining the patterns and motivations behind authors translations of material from the historical record into fiction Alden also asks to what extent such writing is necessarily metafictional Ultimately this study offers an updated answer to the question that historical fiction has always posed what can fiction do with history that history cannot *British*

Intelligence, Strategy and the Cold War, 1945-51 Richard J. Aldrich, 2005-08-12 The Cold War is often considered to be the quintessential intelligence conflict Yet secret intelligence remains the missing dimension of Britain s Cold War history This volume offers an authoritative picture of Britain s clandestine role in the development of the Cold War focusing upon the key issues of intelligence and strategy *Britain, America and Anti-Communist Propaganda 1945-53* Andrew Defty, 2013-12-02

In the Cold War battle for hearts and minds Britain was the first country to formulate a coordinated global response to communist propaganda In January 1948 the British government launched a new propaganda policy designed to oppose the inroads of communism by taking the offensive against it A small section in the Foreign Office the innocuously titled Information Research Department IRD was established to collate information on communist policy tactics and propaganda and coordinate the discreet dissemination of counter propaganda to opinion formers at home and abroad **Agents of**

Influence Mark Hollingsworth, 2023-04-13 There s no such thing as a former KGB man A gripping story filled with remarkable revelations Tom Bower author of *Revenge* Agents of Influence reveals the secret history of an intelligence agency gone out of control accountable to no one but itself and intent on subverting Western politics on a near inconceivable scale In 1985 1 300 KGB officers were stationed in the USA The FBI only had 350 counter intelligence officers Since the early days of the Cold War the KGB seduced parliamentarians and diplomats infiltrated the highest echelons of the Civil Service and planted fake news in papers across the world More disturbingly it never stopped Putin is a KGB man through and through Journalist Mark Hollingsworth reveals how disinformation kompromat and secret surveillance continue to play key roles in Russia s war with Ukraine It seems frighteningly easy to destabilise Western democracy **American Intelligence,**

1775-1990 Neal H. Petersen, 1992 **The Secret History of UK Security Vetting from 1909 to the Present** Daniel Lomas, 2025-05-15 Using newly available government records private papers and documents obtained through Freedom of Information this book tells the secret story of UK security vetting from 1909 to the present Although Britain avoided

American style red baiting and McCarthy like witch hunts successive UK governments have like their Five Eyes allies implemented security procedures to protect government defence and industry from so called subversives and fellow travellers Officially from 1948 the British government applied political tests to civil servants a process extended to character defects in the early 1950s with the introduction of positive vetting However an unofficial purge had taken place for much longer facing political backlashes as an infringement of civil liberties and suppression of free speech Although it s been argued that Britain s secret purge had little impact this study looks at the experiences of those removed from the secret state those LGBT and BAME individuals discriminated against by government and the impact of government policy generally while studying the responses of Ministers and civil servants to spy scandals and international events Drawing from newly released archival material Freedom of Information releases and interviews this book offers new insights into the scope of government security checks on civil servants defence contractors and armed forces personnel from Edwardian spy scares and the inter war period to the Cold War and present day MI6 and the Machinery of Spying Philip Davies,2004-09-30 This book examines the structural development of the Secret Intelligence Service from its inception to the end of the Cold War

Espionage in the Ancient World R.M. Sheldon,2015-09-03 Intelligence activities have always been an integral part of statecraft Ancient governments like modern ones realized that to keep their borders safe control their populations and keep abreast of political developments abroad they needed a means to collect the intelligence which enabled them to make informed decisions Today we are well aware of the damage spies can do Here for the first time is a comprehensive guide to the literature of ancient intelligence The entries present books and periodical articles in English French German Italian Spanish Polish and Dutch with annotations in English These works address such subjects as intelligence collection and analysis political and military counterintelligence espionage cryptology Greek and Latin tradecraft covert action and similar topics it does not include general battle studies and general discussions of foreign policy Sections are devoted to general espionage intelligence related to road building communication and tradecraft intelligence in Greece during the reign of Alexander the Great and in the Hellenistic Age in the Roman republic the Roman empire the Byzantine empire the Muslim world and in Russia China India and Africa The books can be located in libraries in the United States in cases where volumes are in one library only the author indicates where they may be found The Mediterranean Double-Cross System, 1941-1945 Brett Lintott,2018-10-03 This book describes and analyzes the history of the Mediterranean Double Cross System of the Second World War an intelligence operation run primarily by British officers which turned captured German spies into double agents Through a complex system of coordination they were utilized from 1941 to the end of the war in 1945 to secure Allied territory through security and counter intelligence operations and also to deceive the German military by passing false information about Allied military planning and operations The primary questions addressed by the book are how did the double cross system come into existence what effects did it have on the intelligence war and the broader military

conflict and why did it have those effects The book contains chapters assessing how the system came into being and how it was organized and also chapters which analyze its performance in security and counter intelligence operations and in deception British Foreign and Defence Policy Since 1945 Robert Self,2010-06-23 Foreign policy has dominated successive governments time in office and cast a consistently long shadow over British politics in the period since 1945 Robert Self provides a readable and incisive assessment of the key issues and events from the retreat from empire through the cold war period to Humanitarian Intervention and the debacle in Iraq **British Exploitation of German Science and Technology, 1943-1949** Charlie Hall,2019-01-16 At the end of the Second World War Germany lay at the mercy of its occupiers all of whom launched programmes of scientific and technological exploitation Each occupying nation sought to bolster their own armouries and industries with the spoils of war and Britain was no exception Shrouded in secrecy yet directed at the top levels of government and driven by ingenuity from across the civil service and armed forces Britain made exploitation a key priority By examining factories and laboratories confiscating prototypes and blueprints and interrogating and even recruiting German experts Britain sought to utilise the innovations of the last war to prepare for the next This ground breaking book tells the full story of British exploitation for the first time sheds new light on the legacies of the Second World War and contributes to histories of intelligence science warfare and power in the midst of the twentieth century Journal of Information Science ,2000 Principles practice Obsessed by a Dream Aashild Sørheim,2019-11-05 This Open Access biography chronicles the life and achievements of the Norwegian engineer and physicist Rolf Wider e Readers who meet him in the pages of this book will wonder why he isn t better known The first of Wider e s many pioneering contributions in the field of accelerator physics was the betatron the second the linear accelerator both summarized in a 27 page PhD The betatron revolutionized the fields of cancer treatment through radiation therapy and also nondestructive testing hospitals worldwide installed Wider e s machine and today s modern radiation treatment equipment is based on his inventions The most recent renaissance of the linac provides unprecedented x ray intensities at Free Electron Laser FEL facilities in operation and construction worldwide Wider e s story also includes a fair share of drama particularly during World War II when both Germans and the Allies vied for his collaboration Wider e held leading positions in multinational industry groups and was one of the consultants for building the world s largest nuclear laboratory CERN in Switzerland He gained over 200 patents received several honorary doctorates and a number of international awards The author a professional writer and maker of TV documentaries has gained access to hitherto restricted archives in several countries which provided a wealth of new material and insights in particular in relation to the war years She tells here a gripping and illuminating story **British Military History** Gerald Jordan,1988 *Spying on the Nuclear Bear* Michael S. Goodman,2007 Based on previously unavailable sources this book reveals the Anglo American intelligence effort to penetrate the most secret domain of the Soviet government its nuclear weapons program *The Guy Liddell Diaries Vol.II: 1942-1945*

Nigel West,2006 The British National Bibliography Arthur James Wells,2009 **Intelligence And Espionage** George C Constantinides,2019-03-04 This pioneering work based on many years of reading and research and ranging mainly from the seventeenth century to the present breaks new ground in intelligence bibliography It is the most comprehensive and thorough bibliography of English language nonfiction books on intelligence and espionage to date The in depth analytical annotations deal **Nazi Secret Warfare in Occupied Persia (Iran)** Adrian O'Sullivan,2014-08-05 This is the first full length work to be published about the spectacular failure of the German intelligence services in Persia Iran during WWII Based on archival research it analyzes a compelling history of Nazi planning operations personalities and intrigues and follows the protagonists from Hitler s rise to power into the postwar era U.S. Army Intelligence in Germany, 1944-1949 Thomas Boghardt,2023-11-06 The American military occupation of Germany lasted five years During this time Germany made great strides along the road from fascism to democracy Europe became the fulcrum of the Cold War and the United States emerged as a global superpower This book corrects numerous misunderstandings and fills many gaps in our knowledge about the occupation
