Essays In International Litigation And The Conflict Of Laws:

Essays in International Litigation and the Conflict of Laws Lawrence Antony Collins, 1996 This is the paperback edition of Lawrence Collins very well received hardback *Essays in International Litigation and the Conflict of Laws* The book offers academics and practitioners a selection of the best essays written over a twenty year period updated where necessary with introductory prefaces outlining the most important subsequent developments Among the highlights is a report of the author's recent Hague lecture on Provisional and Protective Measures in International Litigation Scholarly and incisive these essays will be required reading for all academics and practitioners interested in international litigation

Essays in International Litigation and the Conflict of Laws Lawrence Collins, 1996 *Essays in International Litigation for Lord Collins* Jonathan Harris, Campbell McLachlan, 2022-11-17 The practice of international litigation has been transformed in recent decades Central to the development of international litigation as a field has been the remarkable career of Lord Collins scholar practitioner judge and arbitrator In this collection in his honour inspired by Collins own late 20th Century classic *Essays in International Litigation and the Conflict of Laws* OUP 1994 Jonathan Harris and Campbell McLachlan present the research of sixteen jurists of international renown They offer a fresh appraisal of key developments across the field from climate litigation to offshore trusts the impact of Brexit and the new tools for international judicial cooperation Organised into five parts the book offers a set of unique insights into the conduct of cross border litigation the judicial role in international cases the shape of English private international law the conduct of international arbitration and the interface with public international law As a whole the book offers the opportunity to reflect on the deeper purposes of international litigation in the pursuit of comity

Essays in International Litigation for Lord Collins Jonathan Harris, Campbell McLachlan, Paul David Mora, 2022 This collection is in honour of the remarkable career of Lord Collins The book offers a set of unique insights into the conduct of cross border litigation the judicial role in international cases the shape of English private international law the conduct of international arbitration and the interface with public international law

International litigation and the quest for reasonableness Académie de Droit International de la Ha, 1995-05-15 The Academy is an institution for the study and teaching of public and private international law and related subjects Its purpose is to encourage a thorough and impartial examination of the problems arising from international relations in the field of law The courses deal with the theoretical and practical aspects of the subject including legislation and case law All courses at the Academy are in principle published in the language in which they were delivered in the *Collected Courses of the Hague Academy of International Law* This volume contains *International Litigation and the Quest for Reasonableness* General Course on Private International Law by A F LOWENFELD Professor at New York University *Souverainete etatique et protection internationale des minorite* part Y BEN ACHOUR professeur a l'Université de Tunis To access the abstract texts for this volume please click here

Forum Non Conveniens in the Modern Age: A Comparative and Methodological Analysis of Anglo-American Law Michael

Karayanni,2021-11-22 The book's compelling thesis is that the role of the forum non conveniens should be strengthened and even enhanced particularly in light of modern advancements such as Internet transactions efficient jet travel and telecommunications facilitating transfer of documents and testimony Karayanni argues more importantly that in order to face technological complexities the forum non conveniens doctrine needs to undergo a basic transformation He proposes that American and English law doctrines similar to the forum non conveniens like the reasonableness test and the forum conveniens doctrine be integrated Published under the Transnational Publishers imprint

The Arrest of Ships in Private International Law Verónica Ruiz Abou-Nigm,2011-11-17 Analysing the arrest of ships in English and Scots law in the light of the international conventions in the field this book examines the protective security and jurisdictional functions of arrest within the three classical domains of private international law applicable law jurisdiction and the recognition and enforcement of foreign judgments

Autonomy in International Contracts Peter Edward Nygh,1999 One of the fundamental issues in private international law disputes is to determine which country's law will be used in the case of the parties going to court Peter Nygh discusses and explains this contentious issue

Place of Performance Chukwuma Okoli,2020-05-28 This book provides an unprecedented analysis on the place of performance The central theme is that the place of performance is of considerable significance as a connecting factor in international commercial contracts This book challenges and questions the approach of the European legislator for not explicitly giving special significance to the place of performance in determining the applicable law in the absence of choice for commercial contracts It also contains inter alia an analogy to matters of foreign country mandatory rules and the coherence between jurisdiction and choice of law It concludes by proposing a revised Article 4 of Rome I Regulation which could be used as an international solution by legislators judges arbitrators and other stakeholders who wish to reform their choice of law rules

Multi-Sourced Equivalent Norms in International Law Tomer Broude,Yuval Shany,2011-03-21 Recent decades have witnessed an impressive process of normative development in international law Numerous new treaties have been concluded at global and regional levels establishing far reaching international legal and regulatory regimes in important areas such as human rights international trade environmental protection criminal law intellectual property and more New political and judicial institutions have been established to develop apply and adjudicate these rules This trend has been accompanied by the growing consolidation of treaty norms into international custom and increased references to international law in domestic settings As a result of these developments international relations have now reached an unprecedented level of normative density and intensity but they have also given rise to the phenomenon of fragmentation The debate over the fragmentation of international law has largely focused on conflicts of norms and conflicts of authority However the same developments that have given rise to greater conflict and contradiction in international law have also produced a growing amount of normative equivalence between rules in different fields of international law New treaty rules often echo existing international customary norms

Regional arrangements reinforce undertakings that already exist at the global level and common concerns and solutions appear in many international legal fields This book focuses on such instances of normative parallelism developing the concept of multisourced equivalent norms in international law with contributions by leading international law experts exploring the legal and political implications of the concept in a variety of contexts that span the full spectrum of international legal norms and institutions By concentrating on situations governed by a multitude of similar norms the book emphasizes the importance of legal contexts and institutional settings to international law interpretation and application

Intellectual Property and Private International Law J. J. Fawcett, Paul Torremans, 1998 The protection and commercial exploitation of intellectual property rights such as patents trade marks designs and copyright are seldom confined to one country and the introduction of a foreign element inevitably raises potential problems of private international law ranging from establishing which court has jurisdiction and which is the applicable law to securing the recognition and enforcement of foreign judgments For example will a foreign defendant be subject to the jurisdiction of the English courts if he induces his English distributor to infringe a patent in England What law will apply to a trade mark licensing agreement made between a German company and a French company where the parties have not expressly chosen whose law governs their contract And are an author's rights determined by the same law as that governing the issue of the transferability of copyright Although such issues are becoming increasingly important a dearth of literature exists on the subject Fawcett and Torremans remedy that neglect and provide a systematic and comprehensive analysis of the topic that will be welcomed by practitioners and scholars alike From the authors preface This book is concerned with the application of the rules of private international law to intellectual property cases Private international lawyers have largely ignored this topic and it has been left to intellectual property lawyers to discuss this This is a pity It is a topic which raises unique questions for the private international lawyer which deserve an answer and at the same time tells us much about the rules of private international law that are being applied The aim of the book is to fill this gap in the literature The emphasis in the book is on private international law rather than on intellectual property law Nonetheless it is hoped that intellectual property lawyers will find much to interest them here Most of the book is taken up with a discussion of the relevant rules of private international law and their application in the context of intellectual property law A major theme of the book is the extent to which there are special rules of private international law for this area and whether there should be such rules Alternative private international law solutions will be considered by looking at the law in other jurisdictions and where appropriate proposals will be put forward for a better solution This book is part of the Oxford Monographs in Private International Law series the aim of which is to publish work of high quality and originality in a number of important areas of private international law The series is intended for both scholarly and practitioner readers

The Hague Judgments Convention and Commonwealth Model Law Abubakri Yekini, 2021-08-12 This book undertakes a systematic analysis of the 2019 Hague Judgments Convention the 2005

Hague Choice of Court Convention 2005 and the 2017 Commonwealth Model Law on recognition and Enforcement of Foreign Judgments from a pragmatic perspective The book builds on the concept of pragmatism in private international law within the context of recognition and enforcement of judgments It demonstrates the practical application of legal pragmatism by setting up a toolbox pragmatic goals and methods that will assist courts and policymakers in developing an effective and efficient judgments enforcement scheme at national bilateral and multilateral levels Practitioners national courts policymakers academics students and litigants will benefit from the book s comparative approach using case law from the United Kingdom and other leading Commonwealth States the United States and the Court of Justice of the European Union The book also provides interesting findings from the empirical research on the refusal of recognition and enforcement in the UK and the Commonwealth statutory registration schemes respectively International Dispute Resolution: The Regulation of Forum Selection Jack Goldsmith,2023-09-20 For situations where the forum selection clause can make all the difference this book is invaluable The text shows how parties can mitigate the effects of concurrent jurisdiction ex ante through the use of forum selection clauses in arbitration agreements and also explains the role of provisional and protective measures in the regulation of forum selection and judicial doctrines that directly regulate improper forum selections Published under the Transnational Publishers imprint *Employment Contracts and Private International Law* Louise Merrett,2022

Intellectual Property and Private International Law James J. Fawcett,Paul Torremans,2011-02-17 This volume examines the protection and exploitation of intellectual property rights along with international problems relating to which court has jurisdiction and which is the relevant law in foreign cases and judgments International Arbitration Law and Practice, Third Edition Mauro Rubino-Sammartano,2014-01-01 This third edition of International Arbitration Law and Practice has been largely enriched by covering international commercial arbitrations investment treaty arbitrations arbitrations between public bodies between states and individuals the UNCITRAL model law and Iran US Tribunal proceedings as well as commodity arbitration online arbitration and sports arbitral proceedings International Arbitration Law and Practice 3rd edition elaborates new concepts such as a definition of international arbitration based on procedural law different from transnational law and a doctrine the *tronc commun* doctrine to identify the applicable substantive law on disputes between parties belonging to different countries It further suggests that a law of international arbitration has arisen from the various conventions and laws Besides dealing with all the aspects of arbitration on a topic by topic basis the writer presents a third generation arbitration which builds on analysis of major obstacles to a smooth running arbitration International Arbitration Law and Practice 3rd edition is a work that anyone involved in arbitral proceedings will find to be absolutely indispensable *Insurance in Private International Law* Francesco Seatzu,2003-07 This book aimed at academics and practitioners provides a much needed analysis of the choice of laws rules in the E C Insurance Directives *The Anti-Suit Injunction* Thomas Raphael QC,2019 **Yearbook of Private International Law 2006** Petar Sarcevic,Andrea

Bonomi, Paul Volken, 2007 Main description Current Volume VIII 2006 of the Yearbook of Private International Law is arguably one of the most comprehensive collections of essays in English language of our time It presents the reader with a broad overview on the status and trends of private international law from the United States to India from France to Tunisia from England to China from Latvia to Qatar from Sweden to Japan All main areas of law are addressed among others marriage including same sex marriage adoption and protection of children euthanasia and living wills inheritance contracts torts insolvency Each of the four traditional steps of the 0conflict process0 is taken into account adjudicatory jurisdiction international cooperation and procedure applicable law and its various incidents recognition of foreign judgments Practitioners will especially benefit from several contributions on international arbitration Beneficial for scholars lawyers judges notaries lawyers in law departments of international enterprises legal libraries working in the field of Private International Law
