more extended study of Lamb's writings. It is with the hope of increasing the regard of such as already partially know him and of awakening an interest in those to whom he is a stranger that the editor has prepared the present compilation from Lamb's Essays. Perhaps nothing would have amused Lamb more than the idea of making selections from his works but it is due to him to show the many-sided quality of his genius as well as the conditions and circumstances out of which it was developed. It is impossible to understand Lamb's work thoroughly without a definite knowledge of his life and surroundings. No character study in English literature exceeds his in interest because his life, his essays, and his letters are inseparably interwoven.
