Rennert, 2004 This collection of articles by both German literature specialists and German theater experts grew out of the Comparative Drama Conference held annually between February and March from 1977 to 1999 in Gainesville Florida At the center of the contributors work is the productive tension between the literary and the performance aspects of German drama and theater At the same time the reception is truly American since the German playwrights directors theorists and dramatists discussed have gone through creative filters in the researching performing and teaching of German drama and theater on various campuses across the United States during the last third of the twentieth century **Bertolt Brecht** Philip Glahn, 2014-03-15 A playwright poet and activist Bertolt Brecht 1898 1956 was known for his theory of the epic theater and his attempts to break down the division between high art and popular culture He was also a committed Marxist who lived through two world wars and a global depression Looking at Brecht's life and works through his plays stories poems and political essays Philip Glahn illustrates how they trace a lifelong attempt to relate to the specific social economic and political circumstances of the early twentieth century Glahn reveals how Brecht upended the language and gestures of philosophers beggars bureaucrats thieves priests and workers using them as weapons in his work Following Brecht through the Weimar Republic Nazism exile and East German Socialism Glahn argues

that the writer's own life became a production of history that illuminates an ongoing crisis of modern experience shaped by capitalism nationalism and visions of social utopia Sharp accessible and full of pleasures this concise biography will interest anyone who wishes to know about this pivotal modern dramatist The Piscatorbühne Century Drew

Lichtenberg, 2021-11-21 This study of the Piscatorbühne season of 1927-1928 uncovers a vital previously neglected current of radical experiment in modern theater a ghost in the machine of contemporary performance practices A handful of theater seasons changed the course of 20th and 21st century theatre But only the Piscatorbühne of 1927-1928 went bankrupt in less than a year This exploration tells the story of that collapse how it predicted the wider collapse of the late Weimar Republic and how it relates to our own era of political polarization and economic instability As a wider examination of Piscator's contributions to dramaturgical and aesthetic form The Piscatorbühne Century makes a powerful and timely case for the renewed significance of the broader epic theater tradition Drawing on a rich archive of interwar materials Drew Lichtenberg reconstructs this germinal nexus of theory and praxis for the modern theatre This book will be of great interest to students and scholars in theatre performance art and literature **A Play Analysis** R. J. Cardullo, 2015-10-28 Play Analysis A

B.

Worthen, 2015-02-14 The history of drama is typically viewed as a series of inert styles Tracing British and American stage drama from the 1880s onward W. B. Worthen instead sees drama as the interplay of text stage production and audience How are audiences manipulated What makes drama meaningful Worthen identifies three rhetorical strategies that distinguish an O'Neill play from a Yeats or these two from a Brecht Where realistic theater relies on the natural qualities of the stage scene poetic theater uses the poet's word the text to control performance Modern political theater by contrast openly places the audience at the center of its rhetorical designs and the drama of the postwar period is shown to develop a range of post

Brechtian practices that make the audience the subject of the play Worthen's book deserves the attention of any literary critic or serious theatregoer interested in the relationship between modern drama and the spectator

Modern Drama in Theory and Practice: Volume 3, Expressionism and Epic Theatre J. L. Styan, 1983-06-09 Modern drama in theory and J L Styan v 3

The Literature of Satire Charles A. Knight, 2004-02-12 The Literature of Satire is an accessible but sophisticated and wide ranging study of satire from the classics to the present in plays novels and the press as well as in verse In it Charles Knight analyses the rhetorical problems created by satire's complex relations to its community and examines how it exploits the genres it borrows He argues that satire derives from an awareness of the differences between appearance ideas and discourse Knight provides illuminating readings of such satirists familiar and unfamiliar as Horace Lucian Jonson Molière Swift Pope Byron Flaubert Ostrovsky Kundera and Rushdie This broad ranging examination sheds light on the nature and functions of satire as a mode of writing as well as on theoretical approaches to it It will be of interest to scholars interested in literary theory as well as those specifically interested in satire

Brecht and Political Theatre Laura Bradley, 2006-06-29 This production history of *The Mother* provides substantial new insights into Bertolt Brecht's theatre and drama his impact on political theatre and the relationship between text performance and politico cultural context As the only play which Brecht staged in the Weimar Republic during his exile and in the GDR *The Mother* offers a unique opportunity to compare his theatrical practice in contrasting settings and at different points in his career Through detailed analysis of original archival evidence Bradley shows how Brecht became far more sensitive to his spectators political views and cultural expectations even making major tactical concessions in his 1951 production at the Berliner Ensemble These compromises indicate that his mature staging should not be regarded as definitive for it was tailored to a unique and delicate situation *The Mother* has appealed strongly to politically committed theatre practitioners both in and beyond Germany By exploiting the text's generic hybridity and the interplay between Brecht's epic and dramatic elements directors have interpreted it in radically different ways So although Brecht's 1951 production stagnated into an affirmative GDR heritage piece post Brechtian directors have used *The Mother* to promote their own political and theatrical concerns from anti authoritarian theatre to reflections on the legacies of state Socialism Their ideological and theatrical subversion have helped Brecht's text to outlive the political system that it came to uphold

Re-Dressing the Canon Alisa Solomon, 2003-09-02 *Re Dressing the Canon* examines the relationship between gender and performance in a series of essays which combine the critique of specific live performances with an astute theoretical analysis Alisa Solomon discusses both canonical texts and contemporary productions in a lively jargon free style Among the dramatic texts considered are those of Aristophanes Ibsen Yiddish theatre Mabou Mines Deborah Warner Shakespeare Brecht *Split Britches* *Ridiculous Theatre* and Tony Kushner Bringing to bear theories of gender performativity upon theatrical events the author explores the double disguise of cross dressed boy actresses how gender relates to genre particularly in Ibsen's realism how canonical theatre represented gender

in ways which maintain traditional images of masculinity and femininity **The Theatre of Commitment** Eric Bentley, 2023-10-13 First published in 1967 The Theatre of Commitment presents miscellaneous collection of seven essays written over fifteen years Eric Bentley deals with themes like is the drama an extinct species the American drama what is theatre the pro and con of political theatre letter to a would be playwright and the theatre of commitment For most people theatre of commitment is political theater though Bentley indicates that the word commitment is broad enough to embrace the work of any serious writer even if the commitment is to non commitment This is an interesting read for students of theatre and performance studies **Poetics of Politics** Sebastian M. Herrmann, Carolin Alice Hofmann, Katja Kanzler, Stefan Schubert, Frank Usbeck, 2015-04-22 This volume proposes the poetics of politics as an analytic angle to interrogate contemporary cultural production in the United States As recent scholarship has observed American literature and culture around the turn of the millennium while still deeply informed by the textual self consciousness of postmodernism are marked by a rekindled interest in matters of social concern This revived interest in politics is frequently read as a grand epochal transition Sidestepping such a logic of periodization this book points to the interplay between the textual and the political as a dynamic always locally specific that affords unique insights into the characteristics of the contemporary moment The sixteen case studies in this book explore this interplay across a wide range of media genres and modes Together they make visible a broad cultural concern with negotiating social relevance and textual self awareness that permeates and structures contemporary US popular culture **Weimar on the Pacific** Ehrhard Bahr, 2008-08-08 In the 1930s and 40s LA became a cultural sanctuary for a distinguished group of German artists and intellectuals including Thomas Mann Theodor W Adorno Bertolt Brecht Fritz Lang and Arnold Schoenberg who were fleeing Nazi Germany This book is the first to examine their work and lives **Holocaust Literature: Agosin to Lentin** S. Poole, Ilka Saal, 2009-03-26 This new collection of essays on American stage and film melodrama assesses the multifarious and contradictory uses to which melodrama has been put in American culture from the late 18th century to the present It focuses on the various ways in which the genre has periodically intervened in debates over race class gender and sexuality and in this manner has also persistently contributed to the formation and transformation of American nationhood from the debates over who constitutes the newborn nation in the Early Republic to the subsequent conflict over abolition and the discussion of gender roles at the turn of the 19th century to the fervent class struggles of the 1930s and the critiques of domestic

containment in the 1950s as well as to ongoing debates of gender race and sexuality today Addressing these issues from a variety of different angles including historical aesthetic cultural phenomenological and psychological approaches these essays present a complex picture of the cultural work and passionate politics accomplished by melodrama over the course of the past two centuries particularly at times of profound social change
