Critical Essays on Robert Browning Mary Ellis Gibson,1992 *Robert Browning: Chief Poet of the Age* William G. Kingsland,1887 The Infinite Moment and Other Essays in Robert Browning William O. Raymond,2019 With the exception of the closing essay the contents of this book represent a garnering of various articles on the poetry of Browning printed during the course of years in scholarly journals During the sixty five years after Browning s death his poetic reputation varied as widely as in his lifetime and from the time of the publication of The Ring and the Book in 1868 69 until his death in 1889 his niche beside Tennyson as one of the two master poets of the Victorian era was secure Criticism was succeeded by panegyric reaching its acme into the adulation of the Browning society and its mushroom offshoots in England and America In this second edition three articles on Browning and his poetry written after the first edition have been added **Essays on Robert Browning** Marion Little,1899 *Essays on Robert Browning* Marion Little,2020-08 **Two Essays on Robert Browning** Felix Emmanuel Schelling,2018-08-07 Excerpt from Two Essays on Robert Browning I Robert Browning and the Poetry of the Future an Address Before the Browning Society of Philadelphia II Robert Browning and the Arabesque in Art a Lecture Delivered to the Senior Class in Arts of the University of Pennsylvania The following words were completed some days before the recent news of Mr Browning s death Of Mr Browning the man it becomes us not yet to speak the memory of him belongs to those into whose personal grief it would be only an impertinence for a stranger to in quire Time has not yet made the author s life the inheritance of the public Mr Browning s life has been all that could be wished and here is neither time nor place for an obtrusive eulogy of that life But Robert Browning the author has been long the common property of us all His works have been so long before us and his name has been so landed and linked with the immortals that have gone before that death can add little to an apotheosis already so complete To speak of him in praise or in dispraise has been long a

fashion among us and the ac eident of his recent demise can assuredly make no further utterance nu fitting It is yet too soon to attempt an estimate of this life of pro longed literary activity or to seek for the explanation of a contemporary reputation almost unexampled in the annals of literature but it can never be impertinent to add if not to the adulation that streams from a thousand altars at least a word to the better understanding of a figure which however taste may change must always be regarded as one of the most prominent and interesting of our century Moreover the ex traordinary prominence which Mr Browning s followers have long claimed for him a claim which has sought to dethrone all the poets of our tongue save the prince of poets himself is in itself a challenge to all men to speak and if as has been said Mr Browning has divided the critics into two hostile camps so portentous a power may well stand for a subject of attention at any time About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
