## Essays In The Philosophy Of Art:

**Aesthetic Pursuits** Jerrold Levinson, 2016-11-17 Jerrold Levinson one of the most prominent philosophers of art today presents a new collection of essays following on from his four previous collections Music Art and Metaphysics 1990 The Pleasures of Aesthetics 1996 Contemplating Art 2006 and Musical Concerns 2015 Aesthetic Pursuits specifically complements Levinson's last volume Musical Concerns by collecting recent essays not concerned with music but instead focusing on literature film and visual art while addressing issues of humour beauty and the emotions The essays in Aesthetic Pursuits which are wide ranging will appeal strongly to aestheticians art lovers and philosophers alike The volume contains seven previously unpublished essays by Levinson in which the author critically engages with notable contemporary contributions to aesthetic theory *Essays in the Philosophy of Art* R. G. Collingwood, 1964 *Essays in the Philosophy of Art* Robin G. Collingwood, 1966 **The Aesthetic Understanding** Roger Scruton, 1998 Brings together essays on the philosophy of art in which a philosophical theory of aesthetic judgment is tested and developed through its application to particular examples Each essay approaches from its own field of study what Roger Scruton argues to be the central problems of aesthetics what is aesthetic experience and what is its importance for human conduct The book is divided into four parts The first contains a resume of modern analytical aesthetics which also serves as an introduction to subsequent chapters It also includes an essay that reviews current theories of literary criticism The second part is devoted to musical aesthetics and contains the theoretical core of the work Here Scruton describes the contours of aesthetic understanding and defends the view that the object of aesthetic experience is inherently significant even when it has no content that can be described in propositional terms He rebuts the view that music is representational and in the third part goes on to propose a theory of representation whereby to refute the suggestion that photography is a representational art This third section also contains a study of film The final part comprises essays relating aesthetic judgment to the understanding of culture humor and design It covers many subjects including the prose works of Samuel Beckett and the architecture of Leninism The essays in this book form parts of a single intellectual enterprise which is to give analytical foundations to the criticism of literature visual art music and culture **Essays in the Philosophy of Art** Robin George Collingwood, 1964 **Philosophizing Art** Arthur C. Danto, 2001-04-06 An eclectic collection of essays centering on the intersection of art and philosophy especially in the late 20th century *The Uselessness of Art* Peter Lamarque, 2019-10-10 Oscar Wilde's famous quip All art is quite useless might not be as outrageous or demonstrably false as is often supposed No one denies that much art begins life with practical aims in mind religious moral political propagandistic or the aggrandising of its subjects But those works that survive the test of time will move into contexts where for new audiences any initial instrumental values recede and the works come to be valued for their own sake The book explores this idea and its ramifications The glorious Palaeolithic paintings on the walls of the Chauvet Cave present a stark example In spite of total ignorance of their original purposes we irresistibly describe the

paintings as works of art and value them as such Here we are at the very limits of what is meant by art and aesthetic appreciation Are we misusing these terms in such an application The question goes to the heart of the scope and ambition of aesthetics Must aesthetics in its pursuit of art and beauty inevitably be culture bound Or can it transcend cultural differences and speak meaningfully of universal values timelessly human not merely historically relative The case of literature or film puts further pressure on the idea of art valued for its own sake Characters in works of literature and film or finely honed emotions in poetry often give pleasure precisely because they resonate with our own lives and seem in the great works to say something profound about human existence Is not this kind of insight why we value such works Yet the conclusion is not quite as clear cut as it might seem and the idea of valuing something for its own sake never quite goes away

**Art, Representation, and Make-Believe** Sonia Sedivy, 2021-06-06 This is the first collection of essays focused on the many faceted work of Kendall L Walton Walton has shaped debate about the arts for the last 50 years He provides a comprehensive framework for understanding arts in terms of the human capacity of make believe that shows how different arts visual photographic musical literary or poetic can be explained in terms of complex structures of pretense perception imagining empathy and emotion His groundbreaking work has been taken beyond aesthetics to address foundational issues concerning linguistic and scientific representations for example about the nature of scientific modelling or to explain how much of what we say is quite different from the literal meanings of our words Contributions from a diverse group of philosophers probe Walton s detailed proposals and the themes for research they open The essays provide an overview of important debates that have Walton s work at their core This book will be of interest to scholars and graduate students working on aesthetics across the humanities as well as those interested in the topic of representation and its intersection with perception language science and metaphysics

Levinson have brought together renowned voices in the field of philosophy to offer a window onto Cometti's philosophical work as well as an in depth analysis of contemporary artistic and aesthetic practices in an effort to overcome what can sometimes appear as a gulf between art and life     Art Education, Its Philosophy and Psychology Thomas Munro, 1956
