Chocolate Surrealism Njoroge M. Njoroge, 2016-06-16 In *Chocolate Surrealism* Njoroge M Njoroge highlights connections among the production performance and reception of popular music at critical historical junctures in the late nineteenth and twentieth centuries The author sifts different origins and styles to place socio musical movements into a larger historical framework Calypso reigned during the turbulent interwar period and the ensuing crises of capitalism The Cuban rumba son complex enlivened the postwar era of American empire Jazz exploded in the Bandung period and the rise of decolonization And lastly Nuyorican Salsa coincided with the period of the civil rights movement and the beginnings of black brown power Njoroge illuminates musics of the circum Caribbean as culturally and conceptually integrated within the larger history of the region He pays close attention to the fractures fragmentations and historical particularities that both unite and divide the region s sounds At the same time he engages with a larger discussion of the Atlantic world Njoroge examines the deep interrelations between music movement memory and history in the African diaspora He finds the music both a theoretical anchor and a mode of expression and representation of black identities and political cultures Music and performance offer ways for the author to re theorize the intersections of race nationalism and musical practice and geopolitical connections Further music allows Njoroge a reassessment of the development of the modern world system in the context of local popular responses to the global age The book analyzes different styles times and politics to render a brief history of Black Atlantic sound

Music in the 20th Century (3 Vol Set) Dave DiMartino, 2016-04-15 This is an examination of the crucial formative period of Chinese attitudes toward nuclear weapons the immediate post Hiroshima Nagasaki period and the Korean War It also provides an account of US actions and attitudes during this period and China s response

Nationalizing Blackness Robin Dale Moore, 1998-01-15 The 1920s saw the birth of the tango the jazz craze bohemian Paris the Harlem Renaissance and the primitivists It was a time of fundamental change in the music of nearly all Western countries including Cuba Significant concessions to blue collar and non Western aesthetics began on a massive scale making artistic expression more democratic In Cuba from about 1927 through the late thirties an Afrocubanophile frenzy seized the public Strong nationalist sentiments arose at this time and the country embraced afrocubanismo as a means of expressing such feelings Black street culture became associated with cubanidad Cubaness and a movement to merge once distinct systems of language religion and artistic expression into a collective of national identity *Nationalizing Blackness* uses the music of the 1920s and 1930s to examine Cuban society as it begins to embrace Afrocuban culture Moore examines the public debate over degenerate

Africanisms associated with comparsas or carnival bands similar controversies associated with son music the history of blackface theater shows the rise of afrocubanismo in the context of anti imperialist nationalism and revolution against Gerardo Machado the history of cabaret rumba an overview of poetry painting and music inspired by Afrocuban street culture and reactions of the black Cuban middle classes to afrocubanismo He has collected numerous illustrations of early twentieth century performers in Havana many included in this book Nationalizing Blackness represents one of the first politicized studies of twentieth century culture in Cuba It demonstrates how music can function as the center of racial and cultural conflict during the formation of a national identity

Drumming for the Gods María Teresa Vélez, 2000 A history of Felipe Garcia Villamil Afro Cuban artist and practitioner of sacred drumming whose music has survived both political and personal upheaval Through his experiences it examines the interaction between social political economic and cultural forces and the individual's actions

Women of Influence in Contemporary Music Michael K. Slayton, 2010-12-23 In Women of Influence in Contemporary Music Nine American Composers Michael K Slayton has collected essays which focus on women who have made significant contributions to American music Elizabeth Austin Susan Botti Gabriela Lena Frank Jennifer Higdon Libby Larsen Tania León Cindy McTee Marga Richter and Judith Shatin While these composers have much in common not least of all dedication to their art their individual stories reveal different impulses in American music Their works reflect the shifting societal landscapes in the United States over the last seven decades as well as different stylistic approaches to writing music Each chapter includes a biography of the composer an interview and a detailed analysis of one major composition The composers openly reflect on their individual journeys in which they have discovered respective musical languages and have found success during different times in history Because few music books focus solely on female composers Women of Influence in Contemporary Music offers a rare glimpse into the styles and attitudes of gifted women and their work

Island Musics Kevin Dawe, 2020-05-26 What does the music of Madagascar or Trinidad tell us about the islands themselves and their inhabitants Is there something unique about island musics How does island music differ from its mainland counterparts Drawing on a range of diverse examples from around the globe this book examines the culture of island music and offers insight into local identities Case studies look at how music tradition popular culture and islander life are linked in modern maritime societies The islands covered include Crete Ibiza Zanzibar Trinidad Cuba Madagascar and Papua New Guinea In revealing the current practice behind modern island musics the book considers the role of world music exotica global tourism novels and travel writing in constructing fanciful images of islanders and island life Island Musics throws into question some of our most basic notions and assumptions about island societies There are a number of problems common to all island societies that vary in significance depending on an island's size demographics and its proximity to the mainland Problems include remoteness and insularity peripherality to centralized sites of decision making a limited range of natural resources specialization of economics small markets a narrow skills base poor infrastructure and environmental

fragility These issues are discussed in relation to the creation of music in the construction of an islander identity Of particular interest is the way in which islanders discuss their music and how it articulates the idea of the other and diaspora Finally Island Musics considers the musical industry music education and the preservation of musical cultural heritage

Defending Rumba in Havana Maya J. Berry, 2024-11-29 In *Defending Rumba in Havana* anthropologist and dancer Maya J Berry examines rumba as a way of knowing the embodied and spiritual dimensions of Black political imagination in post Fidel Cuba Historically a Black working class popular dance rumba Berry contends is a method of Black Cuban struggle that provides the community accountability sustenance and dignity that neither the state nor the expanding private market can Berry s feminist theorization builds on the notion of the undercommons to show how rumba creates a space in which its practitioners enact deeply felt and dedicatedly defended choreographies of reciprocity refusal sovereignty devotion and pleasure both on stage and in their daily lives Berry demonstrates that this Black corporeal undercommons emphasizes mutual aid and refuses neoliberal development logics favoring instead a collective self determination rooted in African diasporic spiritual practices through which material compensation and gendered power dynamics are negotiated By centering rumba to analyze how poor Black Cubans navigate gendered and racialized life Berry helps readers better understand the constraints and yearnings that move diasporic Black struggles to seek refuge beyond the bounds of the nation state Duke University Press Scholars of Color First Book Award *Geographies of Cubanidad* Rebecca M.

Bodenheimer, 2015-07-10 Derived from the nationalist writings of Jos Mart the concept of Cubanidad Cubanness has always imagined a unified hybrid nation where racial difference is nonexistent and nationality trumps all other axes identities Scholars have critiqued this celebration of racial mixture highlighting a gap between the claim of racial harmony and the realities of inequality faced by Afro Cubans since independence in 1898 In this book Rebecca M Bodenheimer argues that it is not only the recognition of racial difference that threatens to divide the nation but that popular regional sentiment further contests the hegemonic national discourse Given that the music is a prominent symbol of Cubanidad musical practices play an important role in constructing regional local and national identities This book suggests that regional identity exerts a significant influence on the aesthetic choices made by Cuban musicians Through the examination of several genres Bodenheimer explores the various ways that race and place are entangled in contemporary Cuban music She argues that racialized notions which circulate about different cities affect both the formation of local identity and musical performance Thus the musical practices discussed in the book including rumba timba eastern Cuban folklore and son are examples of the intersections between regional identity formation racialized notions of place and music making **Arsenio Rodríguez and**

the Transnational Flows of Latin Popular Music David Garcia, 2011-02-07 Arsenio Rodr guez was one of the most important Cuban musicians of the twentieth century In this first scholarly study ethnomusicologist David F Garc a examines Rodr guez s life including the conjunto musical combo he led and the highly influential son montuno style of music he created

in the 1940s García recounts Rodríguez's battle for recognition at the height of mambo mania in New York City and the significance of his music in the development of salsa. With firsthand accounts from relatives and fellow musicians Arsenio Rodríguez and the Transnational Flows of Latin Popular Music follows Rodríguez's fortunes on several continents speculating on why he never enjoyed wide commercial success despite the importance of his music. García focuses on the roles that race identity and politics played in shaping Rodríguez's music and the trajectory of his musical career. His transnational perspective has important implications for Latin American and popular music studies.

Salsa World Sydney Hutchinson, 2013-11-29 Since its emergence in the 1960s salsa has transformed from a symbol of Nuyorican pride into an emblem of pan Latinism and finally a form of global popular culture. While Latinos all over the world have developed and even exported their own dance accents, local dance scenes have arisen in increasingly far flung locations, each with their own flavor and unique features. Salsa World examines the ways in which bodies relate to culture in specific places. The contributors, a notable group of scholars and practitioners, analyze dance practices in the U.S., Japan, Spain, France, Colombia, Cuba, Puerto Rico, and the Dominican Republic. Writing from the disciplines of ethnomusicology, anthropology, sociology, and performance studies, the contributors explore salsa's kinetopias, places defined by movement or vice versa as they have arisen through the dance's interaction with local histories, identities, and musical forms. Taken together, the essays in this book examine contemporary salsa dancing in all its complexity, taking special note of how it is localized and how issues of geography, race, and ethnicity and identity interact with the global salsa industry. Contributors include Barbara Balbuena, Gutiérrez, Katherine Borland, Joanna Bosse, Rossy Díaz, Saúl Escalona, Kengo Iwanaga, Isabel Llano, Jonathan S. Marion, Priscilla Renta, Alejandro Ulloa, Sanmiguel, and the editor. In the series *Studies in Latin American and Caribbean Music* edited by Peter Manuel.

Music Cultures in the United States Ellen Koskoff, 2005 Music in the United States is a basic textbook for any introduction to American music course. Each American music culture is covered with an introductory article and case studies of the featured culture.

Creolizing Contradance in the Caribbean Peter Manuel, 2011-10-14 The contradance and quadrille in their diverse forms were the most popular widespread and important genres of creole Caribbean music and dance in the nineteenth century. Throughout the region they constituted sites for interaction of musicians and musical elements of different racial, social, and ethnic origins, and they became crucibles for the evolution of genres like the Cuban *danzón* and *son*, the Dominican merengue, and the Haitian mereng. *Creolizing Contradance in the Caribbean* is the first book to explore this phenomenon in detail and with a pan-regional perspective. Individual chapters by respected area experts discuss the Spanish, French, and English speaking Caribbean. For each area they cover the musical and choreographic features, social dynamics, historical development, and significance, and discuss them in relation to the broader Caribbean historical context. This groundbreaking text fills a significant gap in studies of Caribbean cultural history and of social dance.

The City of Musical Memory Lise A. Waxer, 2012-01-01 Winner of the

ASCAP Deems Taylor Award for Popular Music Books 2002 Winner of the Society for Ethnomusicology's SEM Alan P Merriam Prize 2003 Salsa is a popular dance music developed by Puerto Ricans in New York City during the 1960s and 70s based on Afro-Cuban forms By the 1980s the Colombian metropolis of Cali emerged on the global stage as an important center for salsa consumption and performance Despite their geographic distance from the Caribbean and from Hispanic Caribbean migrants in New York City Calés people from Cali claim unity with Cubans Puerto Ricans and New York Latinos by virtue of their having adopted salsa as their own The City of Musical Memory explores this local adoption of salsa and its Afro-Caribbean antecedents in relation to national and regional musical styles shedding light on salsa's spread to other Latin American cities Cali's case disputes the prevalent academic notion that live music is more real or authentic than its recorded versions since in this city salsa recordings were until recently much more important than musicians themselves and continued to be influential in the live scene This book makes valuable contributions to ongoing discussions about the place of technology in music culture and the complex negotiations of local and transnational cultural identities *Danzón* Alejandro L. Madrid, Robin D. Moore, 2013-11-06 Initially branching out of the European contradance tradition the danza first emerged as a distinct form of music and dance among black performers in nineteenth-century Cuba By the early twentieth century it had exploded in popularity throughout the Gulf of Mexico and Caribbean basin A fundamentally hybrid music and dance complex it reflects the fusion of European and African elements and had a strong influence on the development of later Latin dance traditions as well as early jazz in New Orleans *Danza: Circum-Caribbean Dialogues in Music and Dance* studies the emergence hemisphere-wide influence and historical and contemporary significance of this music and dance phenomenon Co-authors Alejandro L. Madrid and Robin D. Moore take an ethnomusicological historical and critical approach to the processes of appropriation of the danza in new contexts its changing meanings over time and its relationship to other musical forms Delving into its long history of controversial popularization stylistic development glorification decay and rebirth in a continuous transnational dialogue between Cuba and Mexico as well as New Orleans the authors explore the production consumption and transformation of this Afro-diasporic performance complex in relation to global and local ideological discourses By focusing on interactions across this entire region as well as specific local scenes Madrid and Moore underscore the extent of cultural movement and exchange within the Americas during the late nineteenth and early twentieth centuries and are thereby able to analyze the danza the dance scenes it has generated and the various discourses of identification surrounding it as elements in broader regional processes *Danza* is a significant addition to the literature on Latin American music dance and expressive culture it is essential reading for scholars students and fans of this music alike *Situating Salsa* Lise Waxer, 2013-11-12 *Situating Salsa* offers the first comprehensive consideration of salsa music and its social impact in its multiple transnational contexts
