together the best of Reitter's essayistic work exploring the lives of well known figures and revealing surprising new perspectives. These include how Felix Salten's Zionist commitments manifest themselves in his most famous work the novel *Bambi*, what Gershom Scholem's diaries tell us about his development as a thinker and person, why German Jewish writers hated Stefan Zweig so passionately, where myth busting books about Franz Kafka have indulged in myth building, how Freud's *Moses and Monotheism* offers a theory of Jewish self hatred more than an explanation of anti-Semitism and why Heinrich Heine felt an burning need to distance himself from his fellow liberal Jewish critic Ludwig Börne. The works collected here, many of which were originally published in forums such as the *New York Review of Books*, *London Review of Books*, *the Times Literary Supplement*, *The Nation*, *Harper's Magazine* and the *Jewish Review of Books*, have earned Reitter his reputation as a witty, erudite and deeply illuminating critic.

The Harvard Classics: Literary and philosophical essays, French, German and Italian Charles William Eliot, 1910 V 49 Epic and saga Literary and Philosophical Essays: French, German and Italian Коллектив авторов, 2021-12-02 The Germanization of Early Medieval Christianity James C. Russell, 1996 Discusses German influence on the development of early medieval Christianity Georg Simmel and German Culture Efraim Podoksik, 2021-07-15 The significance of the German philosopher and social thinker Georg Simmel 1858-1918 is only now being recognised by intellectual historians. Through penetrating readings of Simmel's thought taken as a series of reflections on the essence of modernity and modern civilisation, Efraim Podoksik places his ideas within the context of intellectual life in Germany and especially Berlin under the Kaiserreich. Modernity, characterised by the growing differentiation and fragmentation of culture and society, was a fundamental issue during Simmel's life, underpinning central intellectual debates in Imperial Germany. Simmel's thought is depicted here as an attempt at transforming the complexity of these debates into a coherent worldview that can serve as an effective guide to understanding their main parameters. Paying particular attention to the genealogy and usage of the concepts of *Bildung*, culture and civilisation in Germany, this study offers contextual analyses of Simmel's philosophies of culture, society, art, religion and the feminine, as well as his interpretations of Dante, Kant, Nietzsche, Schopenhauer, Goethe and Rembrandt. *Notes on German Schools, with Special Relation to Curriculum and Methods of Teaching* William Henry Winch, 1904 **Literary and Philosophical Essays: French, German and Italian** Gotthold Ephraim Lessing, Immanuel Kant, Friedrich Schiller, Ernest Renan, Charles Augustin Sainte-Beuve, Giuseppe Mazzini, Michel de Montaigne, 2022-09-04 This captivating anthology *Literary and Philosophical Essays: French, German and Italian* gathers a rich tapestry of thought-provoking works that traverse diverse literary styles and intellectual pursuits. The collection offers an intriguing blend of essays, philosophical treatises and critical pieces that navigate the intricacies of human experience, morality and society. Standout pieces explore the intersections of ethics and aesthetics, grapple with the tumultuous socio-political landscapes of the 18th and 19th centuries and examine the enduring question of human progress. Unified by their probing inquiries, these works present a compelling dialogue across national borders and centuries of

intellectual history The contributors to this anthology Gotthold Ephraim Lessing Immanuel Kant Friedrich Schiller Ernest Renan Charles Augustin Sainte Beuve Giuseppe Mazzini and Michel de Montaigne represent a pantheon of literary and philosophical stalwarts Each author delves into themes resonant with their respective cultural milieus contributing notably to pivotal movements such as the Enlightenment and Romanticism Their writings when juxtaposed provide a mosaic of perspectives that challenge inform and enrich the prevailing discourse surrounding philosophical and literary inquiry Readers are invited to embark on a journey through this anthology where the multiplicity of perspectives offers a feast of intellectual and cultural nourishment This collection not only serves as an academic treasure trove but also as a catalyst for deeper contemplation regarding the essence of human thought and creativity An invaluable asset for students scholars and literary enthusiasts the volume encourages exploration beyond discipline boundaries fostering an appreciation for the profound dialogue etched within its pages
