Learning Theology with the Church Fathers Christopher A. Hall,2002-08-16 Christopher A Hall offers you the opportunity to study theology and church history under the preaching and instruction of the early church fathers Jesus and the God of Classical Theism Steven J. Duby,2022-06-07 Christianity Today 2023 Book Award Academic Theology In both biblical studies and systematic theology modern treatments of the person of Christ have cast doubt on whether earlier Christian descriptions of God in which God is immutable impassible eternal and simple can fit together with the revelation of God in Christ This book explains how the Jesus revealed in Scripture comports with such descriptions of God The author argues that the Bible s Christology coheres with and even requires the affirmation of divine attributes like immutability impassibility eternity and simplicity Did the Saviour See the Father? Simon Francis Gaine,2015-08-27 Did Jesus enjoy the beatific vision of God on earth that Christians hope to enjoy only in heaven This important question is related to a whole series of questions about Jesus his knowledge and self consciousness Did he know he was God s Son What did he know of his saving mission These issues are linked to a fundamental question Is the Saviour we need one who is altogether like us or one who is in some ways unlike us This book argues that God gave us a Saviour with beatific knowledge and who in this respect is very unlike us indeed The answer commonly given by Catholic theologians to this question underwent a dramatic shift in the middle of the 20th century Previously there had been a general unanimity based on the teaching of Thomas Aquinas that the answer was Yes the earthly Christ did indeed possess heavenly knowledge The theological situation was then radically altered to one where the answer No became predominant Theologians preferred to treat Christ s knowledge in terms of self consciousness ordinary human knowing faith prophecy and mysticism not the beatific vision This book addresses the reasons why

theologians abandoned Aquinas's thesis arguing it has been too easily dismissed. Considering the evidence of Scripture and Tradition and then moving from Christ's extraordinary knowledge through his ordinary knowledge to his will, emotions, and bodily life, the book sketches an outline of the extraordinary Saviour God has in fact given us and who is indeed the Saviour humanity truly needs.
