Essential Communitarian Reader

Rick Wylie

Essential Communitarian Reader:

The Essential Communitarian Reader Amitai Etzioni, 1998-01-28 This outstanding new book shows why communitarian thought has had such a profound influence on contemporary American public policy from strengthening our neighborhoods to fighting AIDS and educating our children Edited by Amitai Etzioni founder of the Communitarian Network and author of the best selling books *The Spirit of Community* and *The New Golden Rule* this comprehensive collection contains essays written by the nation's most respected thinkers See why politicians as diverse as Vice President Al Gore and Jack Kemp view communitarian social philosophy as the most practical way of restoring America's communities and redeeming its political institutions

The Communitarian Reader Amitai Etzioni, Drew Volmert, Elanit Rothschild, 2004 The *Communitarian Reader Beyond the Essentials* brings together essays by prominent social thinkers reflecting on issues ranging from moral obligations to civil liberties after 9/11 The result is a book both practical and theoretical and an essential guide for all interested in further exploring this important social movement

The Communitarian Constitution Beau Breslin, 2006-09-21 *Bowling Alone* the title of Robert Putnam's 1995 article later a bestselling book perfectly captured a sense of national unease Somewhere along the way America had become a nation divided by apathy and the bonds that held together civil society were disappearing But while the phrase resonated with our growing sense of atomization it didn't describe a new phenomenon The fear that isolation has eroded our social bonds had simmered for at least two decades when communitarianism first emerged as a cogent political philosophy Communitarianism as explained in the works of Michael Sandel Alasdair MacIntyre Amitai Etzioni and others elevates the idea of communal good over the rights of individuals Throughout the 1980s and 1990s communitarianism gained popular and political ground The Clintons touted its principles in the 90s and the two presidents Bush make frequent references to its central tenets In its short life the philosophy has generated plenty of books both pro and con Beau Breslin's authoritative and original examination *The Communitarian Constitution* contributes to the debate from a wholly original standpoint Existing critiques focus on the debate between liberalism and communitarianism in other words the conflict between individual rights and the communal good Breslin takes an entirely different stance examining the pragmatic question of whether or not communitarian policies are truly practicable in a constitutional society In tackling this question Breslin traces the evolution of American communitarianism He examines Lincoln's unconstitutional Civil War suspension of habeas corpus and draws on Federalist and Anti-Federalist arguments pegging the Anti-Federalists as communitarians intellectual forebearers He also grounds his arguments in the real world examining the constitutions of Germany and Israel which offer further insight into the relationship between constitutionalism and communitarianism At a moment when American politicians and citizenry are struggling to balance competing needs such as civil rights and homeland security *The Communitarian Constitution* is vital reading for anyone interested in the evolving tensions between individual rights and the good of the community

Public Intellectuals Amitai Etzioni, Alyssa

Bowditch,2006-02-14 Investigates the definition role and decline of public intellectuals in American society Drawing from a range of commentaries and studies this volume demonstrates the importance of public intellectuals and probes the question of how their voices can be effective in the social academic and political climates Public Intellectuals An Endangered Species investigates the definition role and decline of public intellectuals in American society Drawing from a wide range of commentaries and studies this edited volume demonstrates the unique importance of public intellectuals and probes the timely question of how their voices can continue to be effective in our ever changing social academic and political climates

Communitarianism in Law and Society Paul van Seters,2006 In this new collection of essays Paul van Seters brings together an international group of scholars from diverse academic backgrounds to reflect upon the remarkable rise of communitarianism in contemporary studies of law and society These essays critically assess the communitarian perspective in order to gain a more systematic insight into its distinctive constraints and the special opportunities it provides

Communitarian Politics in Asia Beng Huat Chua,2004-07-31 This book examines instances in Southeast and East Asian countries where communitarianism is both articulated as national ideology and embedded as the ethos of social life

Christianity and Civil Society Jeanne Heffernan Schindler,2008-01-01 Christianity and Civil Society responds to the crisis of American democracy as perceived by such diverse thinkers as Christopher Lasch Michael Sandel Mary Ann Glendon and Robert Putnam Despite their philosophical differences these thinkers highlight a common theme a decline in the institutions of civil society once held to be the vital center of the American polity In place of these institutions such as the family neighborhood church and civic associations one finds a disturbingly reduced socio political stage dominated by an abstract triumvirate of the individual state and market as prime actors Whether taking their inspiration from the political theology of St Thomas Aquinas and papal encyclicals or from John Calvin and his heirs in the Reformed traditions the authors assembled here find the doctrinal resources of Christianity indispensable to defending the irreducible identity and value of the social institutions that serve as the connective tissue of a political community By drawing upon a treasury of social thought little known to most Americans Christianity and Civil Society offers a fresh vantage point from which to assess the crisis of our polity as well as the best prospects for its renewal

Divorcing Responsibly Helen Reece,2003-08 This book analyses the increasing impact of post liberalism which replaces choice with self discovery on general and divorce law

Searching for the Spirit of American Democracy Stephen Kalberg,2015-11-17 The crisis of American democracy debate is advanced in this engaging new contribution By referring to Max Weber s long term perspective Stephen Karlberg provides rich new insights into the particular contours of today s American political culture and some reasons for optimism Kalberg draws upon Weber to reconstruct political culture in ways that define America s unique spirit of democracy Developing several Weber inspired models the author reveals patterns of oscillation in American history Can these pendulum movements sustain today the symbiotic dualism that earlier invigorated American democracy Can they do so to such an

extent that the American spirit of democracy is rejuvenated Whilst exploring whether Weber's explanations and insights can be generalised beyond the American case Searching for the Spirit of American Democracy forcefully argues that facilitating political cultures is indispensable if democracies are to endure *Social and Political Philosophy* John Christman, 2017-10-02 This accessible book is invaluable to anyone coming to social and political philosophy for the first time It provides a broad survey of key social and political questions in modern society as well as clear discussions of the philosophical issues central to those questions and to political thought more generally Unique among books of this kind is a sustained treatment of specifically social philosophy including topics such as epistemic injustice pornography marriage sexuality and the family The relation between such social questions and specifically political topics is discussed These topics include political authority economic justice the limits of tolerance considerations of community race gender and culture in questions of justice and radical critiques of current political theories Updates to the Second Edition emphasize the non-statist areas of the subject and include two brand new chapters on social philosophy and transnational justice This Second Edition also includes revisions throughout and coverage of recent theoretical discussions and world events **Winning the War on Poverty** Brian L. Fife, 2018-04-12 Applying lessons from history to the reality of poverty today in the United States the most affluent country in the world this book analyzes contributing factors to poverty and proposes steps to relieve people affected by it American history is replete with efforts to alleviate poverty While some efforts have resulted in at least partial success others have not because poverty is a multifaceted complicated phenomenon with no simple solution Winning the War on Poverty studies the history of poverty relief efforts in the United States dating to the 19th century debunking misperceptions about the poor and tackling the problem of the ever widening gap between the rich and poor It highlights the ideological differences between liberal and conservative beliefs and includes insights drawn from a well rounded group of disciplines including political science history sociology economics and public health Premised on the idea that only the lessons of history can help policymakers recognize that the United States has a persistent poverty problem that is much worse than it is in many other democracies the book suggests an 18 point plan to substantively address this dilemma Its vision for reform does not pander to any particular ideology or political party rather this book explains how the United States can win the war on poverty in the short term **Restorative Justice: Theoretical foundations** Elmar G. M. Weitekamp, Hans-Jürgen Kerner, 2012-12-06 This book brings together a selection of papers originally presented and discussed at the fourth international restorative justice conference held at the University of Tübingen The contributors include many of the leading authorities in the field of restorative justice and they provide a comprehensive review of the theoretical foundations underlying this rapidly expanding movement Restorative Justice Theoretical foundations addresses a wide range of fundamental questions about restorative justice considering amongst other things ways in which conceptual pitfalls can be avoided and how traditional models of peacemaking and healing developed in traditional societies can be integrated into the

justice systems of late modern societies Overall it provides an authoritative overview of contemporary thinking about restorative justice and will be essential reading for anybody concerned with the future direction of criminal justice and criminal justice systems leading world authorities address the theoretical foundations of restorative justice a rapidly expanding area within criminal justice includes chapters on restorative justice as applied to corporate crime family violence and cases of extreme violence

Citizenship Beyond the State John Hoffman, 2004-03-16 Is citizenship still a useful concept Can citizens and democracy exist independently of the state This text provides an accessible guide to the theories and debates that surround the key political concepts of state citizenship and democracy today John Hoffman reviews the modern development of these concepts from the classic texts of Marx and Weber to the post war critiques of the feminist multicultural and critical theorists and considers the on going barriers to a full realisation of a democratic citizenship By carefully considering what the state is and what it does Hoffman shows that it is possible to respond to these critiques and challenges and reclaim citizenship and democracy as inclusive and emancipatory rather than divisive and controlling In advancing this alternative view of a stateless citizenship Hoffman opens up new possibilities for conceiving power and society in contemporary politics today It will be essential reading for all students of politics and sociology for whom the questions of state nationality power and identity remain of central importance

Encyclopedia of Rhetoric Thomas O. Sloane, 2001 The Encyclopedia of Rhetoric is a comprehensive survey of the latest research as well as the foundational teachings in this broad field Featuring 150 original signed articles by leading scholars from many different fields of study it brings together knowledge from classics philosophy literature literary theory cultural studies speech and communications The Encyclopedia surveys basic concepts speaker style and audience elements genres terms fallacies figures of speech and the rhetoric of non Western cultures and cultural movements It covers rhetoric as the art of proof and persuasion as the language of public speech and communication and as a theoretical approach and critical tool used in the study of literature art and culture at large including new forms of communication such as the internet The Encyclopedia is the most wide ranging reference work of its kind combining theory history and practice with a special emphasis on public speaking performance and communication Cross references bibliographies after each article and synoptic and topical indexes further enhance the work Written for students teachers scholars and writers the Encyclopedia of Rhetoric is the definitive reference work on this powerful discipline

Beyond Contractual Morality Julia Simon, 2001 Beyond Contractual Morality looks at current debates over the meaning of liberalism by reexamining their roots in eighteenth century texts which demonstrate the historical intertwining of political legal and moral problems in their extension of social contract theory into various realms of public and private lives Writers such as Rousseau Voltaire Sade and Montesquieu are discussed In light of contemporary debates over liberalism and informed by the problems of contemporary democratic pluralistic culture Beyond Contractual Morality reexamines the roots of these current discussions in eighteenth century texts Enlightenment texts demonstrate the historical

intertwining of political legal and moral problems in their extension of social contract theory into various realms of private and public life Specifically these texts point to an over reliance on the notion of contract to resolve ethical dilemmas A range of issues and authors is discussed including the historical development of social contract theory from Hobbes to Rousseau conflicting conceptions of education in Rousseau's writings the rise of professional ethics the concept of tolerance as discussed by Montesquieu Voltaire and Rousseau the divide between the public and private realms in the writings of Charriere and Sade Beyond Contractual Morality concludes with a reemphasis on the contemporary context of debate and proposes a defense of a revised version of liberalism that can take account of positive duties without sacrificing individual autonomy Julia Simon is Associate Professor of French at the Pennsylvania State University

Deliberate Conflict Patricia Roberts-Miller, 2007-09-03 In Deliberate Conflict Argument Political Theory and Composition Classes Patricia Roberts Miller argues that much current discourse about argument pedagogy is hampered by fundamental unspoken disagreements over what democratic public discourse should look like The book's pivotal question is In what kind of public discourse do we want our students to engage To answer this the text provides a taxonomy discussion and evaluation of political theories that underpin democratic discourse highlighting the relationship between various models of the public sphere and rhetorical theory Deliberate Conflict cogently advocates reintegrating instruction in argumentation with the composition curriculum By linking effective argumentation in the public sphere with the ability to effect social change Roberts Miller pushes compositionists beyond a simplistic Aristotelian conception of how argumentation works and offers a means by which to prepare students for active participation in public discourse

Public Value Management Rick Wylie, 2020-12-30 In a world where the human experience is increasingly overshadowed by diversity and danger and which is currently confronting the twin challenges of a global recession and pandemic this book provides an insight into the fundamental idea of public value which represents the humanisation of public policy and practice This edited volume brings together a unique set of experts from policy commerce and academe who in a series of case studies in the space energy tourism and higher education sectors discuss how public value may be assessed appreciated and articulated The book describes an approach to public value management for organisations working in complex networks It focuses upon how they can appreciate their wider role and impact on society and accommodate diversity in new institutional structures

Beyond Political Correctness Michael S. Cummings, 2001 The reason that the right dominates debates on crime family values and economic freedom while the left defends diversionary policies such as affirmative actions and equivocates on ecology and the political empowerment of the young argues Cummings political science U of Colorado is that too many progressives have avoided politically sensitive issues thus condemning themselves to intellectual atrophy and political ineffectiveness c Book News Inc

Rousseau's Theory of Human Association G. Hill, 2006-05-13 The book explores the characteristic features and political consequences of social interaction when the parties intentions are transparent and when they are opaque The author develops a theory of

association and uses it to elucidate assess and extend Rousseau s views of human nature civil society the market economy and the republican state Schools and Community James Arthur,Richard Bailey,2000 This text places communitarianism within current debates about topical ideas such as character building the role of parents the community and the individual values education citizenship community education standards and enviroment in schools
