The Essential Augustine Saint Augustine (Bishop of Hippo.), 1964 **The essential Augustine** Saint Augustine (Bishop of Hippo.), **The Essential Augustine. Selected and With Commentary by Vernon J. Bourke** Saint Augustine (of Hippo), 1964 The Essential Augustine. Selected and with Commentary by Veron J. Bourke Saint Augustine (Bishop of Hippo.), Vernon Joseph Bourke, 1964 Augustine's Invention of the Inner Self Phillip Cary, 2000 Phillip Cary argues that Augustine invented the concept of the self as a private inner space a space into which one can enter and in which one can find God This study pinpoints what was new about his philosophy of inwardness and situates it within a narrative of his intellectual development and relationship to the Platonist tradition **Augustine and Politics** John Doody, Kevin L. Hughes, Kim Paffenroth, 2005-04-19 The study of Augustine s political teachings has suffered from a history of misreadings both ancient and modern It is only in recent years that the traditional lines of Augustinian pessimism have been opened to question Scholars have begun to explore the broader lines of Augustine s political thought in his letters and sermons and thus have been able to place his classic text *The City of God* in its proper context The essays in this volume take stock of these recent developments and revisit old assumptions about the significance of Augustine of Hippo for political thought They do so from many different perspectives examining the anthropological and theological underpinnings of Augustine s thought his critique of politics his development of his own political thought and some of the later manifestations or uses of his thought in the Middle Ages the Renaissance and today This new vision is at once more bracing more hopeful and more diverse than earlier readings could have allowed **The Performance of Middle English Culture** James J. Paxson, Lawrence M. Clopper, Sylvia Tomasch, 1998 First detailed examination of theatricality in Chaucer and in Middle English literature and culture as a whole Theatricality as a cultural process is vitally important in the middle ages it encompasses not only the thematic importation of dramatic images into the *Canterbury Tales* but also the social and ideological performativities of the mystery and morality plays metadramatic investments and the ludic energies of Chaucerian discourses in general The twelve essays collected here address for the first time this intersection using contemporary theory and historical scholarship to treat a number of important critical problems including the anthropology of theatrical performance gender allegory Chaucerian metapoetics intertextual play and jouissance social mediation and rhetoric genre and the institutionality of medieval studies

Augustine's Apocalyptic Political Theology in the Evil Saeculum Pung Ryong Kim, 2024-09-16 Augustine's Apocalyptic Political Theology in the Evil Saeculum investigates Augustine's apocalyptic political theology under the premise that he perceived the saeculum or this age as evil. Augustine views the saeculum as wicked because of the activity of the devil and demons. For Augustine, the devil perverted our social life and politics by mediating the false collective memory of the created world, social life and politics through media such as various religious, cultural, liturgies and literary works. In particular, the demons reinforced Roman citizens' amor sui, amor laudis and libido dominandi by employing pagan rituals and literature that mediated the collective memory of the imperial period, justifying the existence and expansion of the empire. As such, this book explores the socio-political implications of Augustine's demonology.

Augustine's Invention of the Inner Self : The Legacy of a Christian Platonist St. David's Phillip Cary, Director of the Philosophy Program, Eastern College, Pennsylvania, 2000-06-12 In this book, Phillip Cary argues that Augustine invented the concept of the self as a private inner space, a space into which one can enter and in which one can find God. Although it has often been suggested that Augustine in some way inaugurated the Western tradition of inwardness, this is the first study to pinpoint what was new about Augustine's philosophy of inwardness and situate it within a narrative of his intellectual development and his relationship to the Platonist tradition. Augustine invents the inner self, Cary argues, in order to solve a particular conceptual problem: Augustine is attracted to the Neoplatonist inward turn which located God within the soul, yet remains loyal to the orthodox Catholic teaching that the soul is not divine. He combines the two emphases by urging us to turn in, then up, to enter the inner world of the self before gazing at the divine Light above the human mind. Cary situates Augustine's idea of the self historically in both the Platonist and the Christian traditions. The concept of private inner self he shows is a development within the history of the Platonist concept of intelligibility or intellectual vision which establishes a kind of kinship between the human intellect and the divine things it sees. Though not the only Platonist in the Christian tradition, Augustine stands out for his devotion to this concept of intelligibility and his willingness to apply it even to God. This leads him to downplay the doctrine that God is incomprehensible, as he is convinced that it is natural for the mind's eye, when cleansed of sin, to see and understand God. In describing Augustine's invention of the inner self, Cary's fascinating book sheds new light on Augustine's life and thought and shows how Augustine's position developed into the more orthodox Augustine we know from his later writings.

Retrieving Augustine's Doctrine of Creation Gavin Ortlund, 2020-07-14 How might premodern exegesis of Genesis inform Christian debates about creation today? Pastor and theologian Gavin Ortlund retrieves

Augustine's reading of Genesis 1:3 and considers how his premodern understanding of creation can help Christians today shedding light on matters such as evolution, animal death and the historical Adam and Eve. **Augustine: the Thinker** George Wilbur Osmun, 1906. *The Cambridge Companion to Science and Religion* Peter Harrison, 2010-06-24. In recent years the relations between science and religion have been the object of renewed attention. Developments in physics, biology and the neurosciences have reinvigorated discussions about the nature of life and ultimate reality. At the same time the growth of anti-evolutionary and intelligent design movements has led many to the view that science and religion are necessarily in conflict. This book provides a comprehensive introduction to the relations between science and religion with contributions from historians, philosophers, scientists and theologians. It explores the impact of religion on the origins and development of science, religious reactions to Darwinism and the link between science and secularization. It also offers in depth discussions of contemporary issues with perspectives from cosmology, evolutionary biology, psychology and bioethics. The volume is rounded out with philosophical reflections on the connections between atheism and science, the nature of scientific and religious knowledge and divine action and human freedom.

Shepherd's Notes: City of God Dana Gould, Terry L. Miethe, 1999-01-01. Shepherd's Notes Christian Classics Series is designed to give readers a quick step by step overview of some of the enduring treasures of the Christian faith. They are designed to be used alongside the classic itself either in individual study or in a study group. The faithful of all generations have found spiritual nourishment in the Scriptures and in the works of Christians of earlier generations. Martin Luther and John Calvin would not have become who they were apart from their reading Augustine. God used the writings of Martin Luther to move John Wesley from a religion of dead works to an experience at Aldersgate in which his heart was strangely warmed. Shepherd's Notes will give pastors, laypersons and students access to some of the treasures of Christian faith.

Origins and Species MJS Hodge, 2018-12-03. Originally published in 1991, *Origins and Species* seeks to understand the historical origins of Darwinism. The book analyses the explanatory problem of species variation to which Darwinian theory was a response while contrasting the Darwinian with other traditions of the time in the interpretation of organic diversity. The book looks in detail at both Charles Darwin's theories and Alfred Russell Wallace's theories of about plant and animal species and raises the question of the context of Darwinism and that of Plato's and Aristotle's understanding of species.

Shapers of Christian Orthodoxy Bradley G. Green, 2010-10-05. The purpose of this volume is threefold: to introduce a selection of key early and medieval theologians to strengthen the faith of evangelical Christians by helping them to understand the riches of the church's theological reflection and to help them learn how to think theologically. From publisher description.

The Knowledge of God Michael Allen, 2022-01-13. *The Knowledge of God* turns to consider the knowledge of God revealed in the Word of God with several essays addressing the doctrine of God, then the person of Christ and finally the miracle of the church. Michael Allen shows the exegetical shape of historical and dogmatic reasoning as well as the significance of thinking about these topics in their

interrelationships with a range of other Christian themes not least the doctrine of the living and true God In each of these topics the theme of the promise and nature of God s presence whether in his own life or then in the economy of the incarnation and of the church proves to be a unifying thread The gospel is shown to be rooted backward in God s own life and to have consequence forward for the ongoing life of Christ displayed in his church This volume explores what it means to learn of and come to know God who has life in himself and then shares his life with us in the coming of his Son and the ongoing presence amidst his body the church of Christ
