in Southeast Asia With a population of over 270 million it s the fourth most populous country in the world and is home to a diverse range of ethnic groups languages and cultures Indonesia is also one of the world s fastest growing economies with a rapidly developing tourism industry and is a member of the G20 But despite its cultural and economic diversity Indonesia is also a country of contrasts While some parts of the country are modern and developed others are still very much rural and traditional Additionally Indonesia faces a range of social environmental and political challenges including poverty corruption deforestation and natural disasters So while Indonesia may seem like a dream destination for travelers its complexities and contradictions make it a particularly interesting place to explore As a tourist there are many amazing things to discover in Indonesia including the world class beaches and surf breaks crystal clear waters and coral reefs stunning volcanoes and mountains rich cultural heritage and ancient temples bustling cities and vibrant nightlife and delicious food and local markets However it s also important to be aware of the challenges that the country faces including the fact that Indonesia is particularly vulnerable to climate change and natural disasters and has a complex political situation that is still evolving With this in mind it s important for visitors to Indonesia to be respectful and responsible and to take the necessary precautions to ensure a safe and enriching trip The publishers weekly ,1991 **American Book Publishing Record** ,1995
