Selling Sex Emily van der Meulen, Elya M. Durisin, Victoria Love, 2013-03-15 Despite being dubbed the world's oldest profession prostitution has rarely been viewed as a legitimate form of labour Instead it is often criminalized sensationalized and polemicized across the socio political spectrum by everyone from politicians to journalists to women's groups In *Selling Sex* Emily van der Meulen Elya M Durisin and Victoria Love present a more nuanced balanced and realistic view of the sex industry They bring together a vast collection of voices including researchers feminists academics and advocates as well as sex workers of differing ages genders and sectors to engage in a dialogue that challenges the dominant narratives surrounding the sex industry and advances the idea that sex work is in fact work Presenting a variety of opinions and perspectives on such diverse topics as social stigma police violence labour organizing anti prostitution feminism human trafficking and harm reduction *Selling Sex* is an eye opening challenging and necessary book

Liberalism and Prostitution Peter de Marneffe, 2010 Civil libertarians characterize prostitution as a victimless crime and argue that it ought to be legalized Feminist critics counter that prostitution is not victimless since it harms the people who do it Civil libertarians respond that most women freely choose to do this work and that it is paternalistic for the government to limit a person's liberty for her own good In this book Peter de Marneffe argues that although most prostitution is voluntary paternalistic prostitution laws in some form are nonetheless morally justifiable If prostitution is commonly harmful in the way that feminist critics maintain then this argument for prostitution laws is not objectionably moralistic and some prostitution laws violate no one's rights Paternalistic prostitution laws in some form are therefore consistent with the fundamental principles of contemporary liberalism

Bertolino, 2017-12-04 Critical legal scholars have made us aware that law is made up not only of rules but also of language But who speaks the language of law And can one lawfully speak in one's voice For the Italian philosopher Adriana Cavarero to answer these questions we must not separate who is speaking from the very act of speaking moreover we must recuperate the material singularity and relationality of the mouth that speaks Drawing on Cavarero's work this book focuses on the potentiality of the voice for resisting law's sovereign structures For Cavarero it is the voice that expresses one's living and unrepeatable singularity in a way that cannot be subsumed by the universalities and standards of law The voice is essentially a material and singular passage of air and vibration that necessarily reveals one's uniqueness in relationality Speaking discloses this uniqueness and so one's vulnerability It therefore leads to possibilities of resistance that here bring a fresh approach to longstanding legal theoretical concerns with singularity ethics and justice *Trafficking Women in Korea* Sallie Yea, 2015-03-24 Based on in depth ethnographic work this book presents a study of Filipinas trafficked to South Korea focusing on women who entered South Korea as migrant entertainers and subsequently became deployed in exploitative work environments around US military bases there It contributes to the extension of our knowledge about human trafficking in the Asian region through an exploration of the experiences of more than 100 women who took part in the study The book challenges many of the accepted understandings about trafficking victims and unravels the implications of these narrow understandings for the women themselves It explores the ways women negotiate trafficking largely outside of the emerging formal anti trafficking framework and explains how new community formations and social networks emerge crafted by the women themselves to manage and overcome their vulnerabilities in migration **Striving and Surviving** Leah Schmalzbauer, 2013-10-08 Drawing on data the author gathered in Honduras and the United States from weekly time diaries in depth interviews participant observation and interpretive focus groups she looks specifically at the experience and prospects of transmigrant labor in the United States the aspirations and consumption practices of transnational family members in the United States and Honduras especially as they relate to the American Dream and she explores the ways in which families negotiate caretaking responsibilities both financial and emotional while striving and surviving in a transnational space This is the first daily life study of undocumented immigrants and the first transnational analysis of Honduran families *Imagining Global Amsterdam* Marco de Waard, 2012-01-01 Imagining Global Amsterdam gaat over het beeld van Amsterdam in film literatuur visuele kunst en in het moderne stedelijke discours in het bijzonder in de context van de mondialisering De essays gaan onder andere dieper in op Amsterdam als een lieu de mmoire van de vroeg moderne wereldhandel Wat betekent deze herinnering in de hedendaagse cultuur Waarom verwijzen zo veel contemporaine films en

romans naar dit verleden terug Ook het inter nationale imago van Amsterdam als een multicultureel en ultra tolerant %x global village %x komt aan bod Waarom is dit beeld zo persistent en hoe heeft het zich in de loop van de laatste decennia ontwikkeld Tot slot wordt ingegaan op de vraag hoe mondialiseringsprocessen ingrijpen in de stadscultuur zoals in het prostitutiegebied op de Wallen en via de erfgoedindustrie Hoe manifesteert de mondialisering zich in de stad en welke rol speelt beeldvorming daarbij Deze bundel vormt een rijk geschakeerd onderzoek naar de relatie tussen Amsterdam mondialisering en stedelijke beeldvorming Marco de Waard is als docent literatuurwetenschap verbonden aan het Amsterdam University College

Legalizing Prostitution Ronald Weitzer, 2012 While sex work has long been controversial it has become even more contested over the past decade as laws policies and enforcement practices have become more repressive in many nations partly as a result of the ascendancy of interest groups committed to the total abolition of the sex industry At the same time however several other nations have recently decriminalized prostitution Legalizing Prostitution maps out the current terrain Using America as a backdrop Weitzer draws on extensive field research in the Netherlands Belgium and Germany to illustrate alternatives to American style criminalization of sex workers These cases are then used to develop a roster of best practices that can serve as a model for other nations considering legalization Legalizing Prostitution provides a theoretically grounded comparative analysis of political dynamics policy outcomes and red light landscapes in nations where prostitution has been legalized and regulated by the government presenting a rich and novel portrait of the multifaceted world of legal sex for sale
