*The Early Modern Travels of Manchu* Mårten Söderblom Saarela, 2020-06-19 A linguistic and historical study of the Manchu script in the early modern world Manchu was a language first written down as part of the Qing state building project in Northeast Asia in the early seventeenth century After the Qing invasion of China in 1644 and for the next two and a half centuries Manchu was the language of state in one of the early modern world's great powers Its prominence and novelty attracted the interest of not only Chinese literati but also foreign scholars Yet scholars in Europe and Japan and occasionally even within China itself were compelled to study the language without access to a native speaker Jesuit missionaries in Beijing sent Chinese books on

Manchu to Europe where scholars struggled to represent it in an alphabet compatible with Western pedagogy and printing technology In southern China meanwhile an isolated phonologist with access to Jesuit books relied on expositions of the Roman alphabet to make sense of the Manchu script When Chinese textbooks and dictionaries of Manchu eventually reached Japan scholars there used their knowledge of Dutch to understand Manchu In *The Early Modern Travels of Manchu* M rten S derblom Saarela focuses on outsiders both within and beyond the Qing empire who had little interaction with Manchu speakers but took an interest in the strange new language of a rising world power He shows how through observation inference and reference to received ideas on language and writing intellectuals in southern China Russia France Chos n Korea and Tokugawa Japan deciphered the Manchu script and explores the uses to which it was put for recording sounds and arranging words
