Rebooting Justice Benjamin H. Barton,Stephanos Bibas,2017-08-01 America is a nation founded on justice and the rule of law But our laws are too complex and legal advice too expensive for poor and even middle class Americans to get help and vindicate their rights Criminal defendants facing jail time may receive an appointed lawyer who is juggling hundreds of cases and immediately urges them to plead guilty Civil litigants are even worse off usually they get no help at all navigating the maze of technical procedures and rules The same is true of those seeking legal advice like planning a will or negotiating an employment contract Rebooting Justice presents a novel response to longstanding problems The answer is to use technology and procedural innovation to simplify and change the process itself In the civil and criminal courts where ordinary Americans appear the most we should streamline complex procedures and assume that parties will not have a lawyer rather than the other way around We need a cheaper simpler faster justice system to control costs We cannot untie the Gordian knot by adding more strands of rope we need to cut it to simplify it *Business and Professional Skills for Massage Therapists* Sandy Fritz,2009-12-14 Develop the business skills necessary to succeed in massage therapy with help from respected massage educator and business owner Sandy Fritz With a user friendly approach and comprehensive support tools this authoritative
