Kennedy on Negotiation Gavin Kennedy, 2017-03-02 Negotiation is a vital skill for every manager As a result there are almost as many patented techniques for negotiation as there are managers each proclaiming to be the definitive route to success The authors behind these techniques keep their work very much to themselves Their fundamentally different approaches to negotiation remain in isolation from each other as if their authors were too polite to contradict others in the field In most cases when you are developing your negotiation skills this leaves you with a stark choice pick a single technique and ignore the rest Until now Kennedy on Negotiation is an authoritative and comprehensive guide to negotiation skills training and practice Dr Kennedy uses the well established Four Phases model as the structure around which he critiques

constructively the numerous competing theories and models Gavin Kennedy's book is everything you would expect from one of the most respected writers on negotiation. It is a readable and reliable guide to all that is best in the various contributions to negotiation training from authors such as John Nash, Walton and McKersie, Atkinson, Nierenberg, Rubin and Brown, Gottschalk, Karass, Fisher and Ury and many more including Gavin Kennedy himself.

Everything Is Negotiable Meg Myers Morgan, 2018-12-04. Surprising ways we limit ourselves and our happiness and how to challenge the internalized wisdom and circular thinking that holds us back. As women many of us are stuck in feedback loops about how to be successful and happy, striving to have it all at work and at home, letting ourselves be pressured into giving every part of our lives 100% until we're completely burnt out, imagining only a strictly linear life path: college, job, marriage, kids, and accepting limitations without question. Yet the truth is this book argues most of the conventional wisdom about driving our life choices is total baloney. In *Everything Is Negotiable*, Meg Myers Morgan deconstructs preconceived notions about adulthood, parenthood, and career paths that have us limiting ourselves. Instead of following that linear plan, for example, she urges readers to take action now for what we want, limitations be damned. With wit and verve, Morgan also tells us to forget trying to have it all, as the cliché phrase goes, it'll never happen. And Morgan argues don't bother trying to give 100%, we simply can't give anything 100% attention ever. Instead, this book teaches us to navigate life's necessary trade-offs free of the baggage of our own expectations. Chock full of strategies for where and when to give our limited energy, what to demand from our careers, and how to make better choices, *Everything Is Negotiable* is for women ready to seize the lives they really want.
