Evidences of Christianity William Paley, 1872 Seeing through Christianity Bill Zuersher, 2014-06-20 The only book you ll ever need to read about Christianity This remarkable book provides a critical overview of Christian beliefs and the evidence for them Where did these beliefs come from Are there good reasons to believe Christianity is true Bill Zuersher clearly explains each of Christianity s major beliefs He then proceeds to demonstrate significant difficulties with each of them The book tackles these beliefs in a logical order beginning with the problems at the root of virtually all religions suffering and death and culminating in their supposed resolution through Jesus Mr Zuersher also examines the evidence for Christianity namely religious writings and the historical fact of the early Jesus movement He makes the case that this evidence does not support the religion s claims and he provides naturalistic alternative explanations for how its core beliefs arose In these pages we see the coalescence of Jewish and Zoroastrian religious ideas with those of Greek philosophy and mystery cults to form the belief system we recognize as Christianity today The result Mr Zuersher argues is not revealed truth but rather a human patchwork which contains unwarranted assumptions and logical flaws all founded upon questionable evidence Entertaining throughout it is must reading for skeptics apologists and anyone interested the world s largest religion or the culture wars behind today s politics an invaluable resource for students and teachers writers and debaters Evidence for Christianity Josh McDowell, 2006 Evidence for Christianity answers questions about the Christian faith and provides evidence
