

An illustration of a winged figure, possibly an angel or spirit, with large, feathered wings and a long, flowing robe. The figure is depicted in a dynamic, almost dancing pose, with one leg raised and arms outstretched. The background consists of stylized, wavy lines and a dark, textured area at the top. The overall style is reminiscent of early 20th-century book cover art.

Evidences Of Psychic Phenomena In The Life Of Christ:

Evidences of Psychic Phenomena in the Life of Christ Hereward Carrington, 2005-12-01 **Spirits of Protestantism** Pamela E. Klassen, 2011-07-14
Spirits of Protestantism reveals how liberal Protestants went from being early twentieth century medical missionaries seeking to convert others through science and scripture to becoming vocal critics of missionary arrogance who experimented with non western healing modes such as Yoga and Reiki Drawing on archival and ethnographic sources Pamela E Klassen shows how and why the very notion of healing within North America has been infused with a Protestant supernatural liberalism In the course of coming to their changing vision of healing liberal Protestants became pioneers three times over in the struggle against the cultural and medical pathologizing of homosexuality in the critique of Christian missionary triumphalism and in the diffusion of an ever more ubiquitous anthropology of body mind and spirit At a time when the political and anthropological significance of Christianity is being hotly debated Spirits of Protestantism forcefully argues for a reconsideration of the historical legacies and cultural effects of liberal Protestantism even for the anthropology of religion itself

The Widow's Mite and Other Psychic Phenomena Isaac Kaufman Funk, 1911 **The Law of Psychic Phenomena** Thomas Jay Hudson, 2022-05-13
The primary object of this book is to assist in bringing Psychology within the domain of the exact sciences It has long been felt by the ablest thinkers of our time that all psychic manifestations of the human intellect normal or abnormal whether designated by the name of mesmerism hypnotism somnambulism trance spiritism demonology miracle mental therapeutics genius or insanity are in some way related and consequently that they are to be referred to some general principle or law which once understood will simplify and correlate the whole subject matter and possibly remove it from the domain of the supernatural This book explores all areas of the metaphysical world from early philosophies to hypnotism and mesmerism clairvoyance visions right through an overview of the psycho therapeutic practices of that time The phenomena of spiritism is covered in all its forms including contact with the spirit world as well as case histories of witchcraft hauntings and possession

The Law of Psychic Phenomena Thomson Jay Hudson, 2020-12-17
Thomson Hudson describes in this book various aspects of hypnosis His idea was that any contact with spirits was contact with the medium's or the subject's own subconscious Anything else could be explained by telepathy which he defined as contact between two or more subconsciences

A Scientific Demonstration Of The Future Life Thomas Jay Hudson, 2012
The present work is devoted to a scientific inquiry concerning man's prospects for a future life In pursuing this inquiry the author has endeavored to follow the strictest rules of scientific induction taking nothing for granted that is not axiomatic and holding that there is nothing worthy of belief that is not sustained by a solid basis of well authenticated facts In other words he has studied the science of the soul precisely as the physical sciences are studied namely from an attentive observation and a systematic classification of the facts pertaining to the subject matter

A Scientific Demonstration of the Future Life Thomson Jay Hudson, 1896 **Jesus' Resurrection and Apparitions** Jake O'Connell, 2016-11-03
Did Jesus rise physically

from the dead or did he rise as a real non bodily apparition like those reported in the parapsychological literature In this book which is the first book length examination of the question in over fifty years Jake O Connell argues in favor of the physical resurrection hypothesis In order to do so he employs Bayes Theorem a mathematical theorem which encapsulates the way humans think when they analyze the probability of a hypothesis In addition he provides a thorough overview of the evidence for the reality of apparitions of the dead

Getting at Jesus Peter S. Williams, 2019-01-29 Portraying themselves as challenging blind religious dogma with evidence led skepticism the neo atheist movement claims that the New Testament contains unreliable tales about a mythical figure who far from being the resurrected Lord of life may not even have lived This comprehensive critique documents the falsehood of these neo atheist claims correcting their historical and philosophical mistakes to show how we can get at the truth about the historical Jesus

Changing Your Mind Without Losing Your Faith David M. Holley, 2022-01-13 This book is written for people who are tempted to leave the church because the message they have been hearing has come to seem intellectually unacceptable morally objectionable or spiritually deadening maybe even all three Often these people see no alternative to the version of Christian faith that they now find difficult to accept They have been told that rejecting anything they have been taught means ceasing to be a Christian What they have been told is wrong But seeing new possibilities means reconsidering assumptions that are often taken for granted and it can be difficult to imagine on your own a form of faith different from what you are used to This book provides some help It can be thought of as a guide for those who see the need to let go of some of what they have been taught but don t know how to replace it with something better Rethinking your faith can be scary But giving up on what is unbelievable can help to clear the way for the kind of faith that is more believable and ultimately more satisfying Changing your mind can be a way of saving your faith
