## **Evidential Power Of Beauty:**

**The Evidential Power of Beauty** Thomas Dubay, 2009-09-03 While everyone is delighted by beauty and the more alive among us are positively fascinated by it few are explicitly aware that we can recognize truth by its beauty and simplicity Dubay explores the reasons why all of the most eminent physicists of the twentieth century agree that beauty is the primary standard for scientific truth Likewise the best of contemporary theologians are also exploring with renewed vigor the aesthetic dimensions of divine revelation Honest searchers after truth can hardly fail to be impressed that these two disciplines science and theology so different in methods approaches and aims are yet meeting in this and other surprising and gratifying ways This book relates these developments to nature music academe and our unquenchable human thirst for unending beauty truth and ecstasy a thirst quenched only at the summit of contemplative prayer here below and in the consummation of the beatific vision hereafter *An Introduction to the Love of Wisdom* James A. Harold, 2004-08-28 The purpose of this engaging book is twofold to explain and justify the primary objects and methods of the discipline of philosophy and to show how philosophy is relevant to a person's life and happiness Both purposes are implied in the idea of wisdom in its theoretical and existential dimensions Philosophy is the love of wisdom and wisdom involves coming into a right relation to the world of beauty goodness and truth *My Heart, Ever His* Barbara Rainey, 2020-03-31 As we search for meaning in our world of shallow online relationships and glamorized selfies many are returning to traditional and liturgical churches The repeated words benedictions and historic hymns connect us to saints who have gone before giving us a sense of belonging richness and transcendence Written prayers once cast off as archaic are now welcomed as guides to tune our hearts to the heart of God In *My Heart Ever His* Barbara Rainey shares 40 prayers for women They can meditate on one prayer throughout the week or read a prayer a day for 40 days as a way to express the longing of our hearts to our Father who loves us even as he sees who we truly are Like the psalms of David these prayers are honest sometimes raw Barbara uses these transparent expressions of common experiences to encourage us to surrender to Christ and help us see God as he is not as we assume him to be *My Heart Ever His* provides a stepping stone to help you become more transparent with God and discover his welcoming embrace **Romeo and Juliet** William Shakespeare, 2011-01-01 Star crossed Romeo and Juliet are Shakespeare's most famous lovers A staple of high school reading lists the tragedy especially resonates with young adult readers who like Romeo and Juliet have experienced the exhilarating and perilous phenomenon of being in love Given the tragic ending of the play what does Shakespeare illustrate about his teen protagonists Are they the hapless victims of fate or are they responsible for the poor choices they make Is their love the real thing or is it self indulgent passion run amok These are some of the ever relevant questions discussed in this critical edition of *Romeo and Juliet* **Place, Ecology and the Sacred** Michael S. Northcott, 2015-06-18 People are born in one place Traditionally humans move around more than other animals but in modernity the global mobility of persons and the factors of production increasingly disrupts the sense of place

that is an intrinsic part of the human experience of being on earth Industrial development and fossil fuelled mobility negatively impact the sense of place and help to foster a culture of placelessness where buildings fields and houses increasingly display a monotonous aesthetic At the same time ecological habitats and diverse communities of species are degraded Romantic resistance to the industrial evisceration of place and ecological diversity involved the setting aside of scenic or sublime landscapes as wilderness areas or parks However the implication of this project is that human dwelling and ecological sustainability are intrinsically at odds In this collection of essays Michael Northcott argues that the sense of the sacred which emanates from local communities of faith sustained a parochial ecology which over the centuries shaped communities that were more socially just and ecologically sustainable than the kinds of exchange relationships and settlement patterns fostered by a global and place blind economy Hence Christian communities in medieval Europe fostered the distributed use and intergenerational care of common resources such as alpine meadows forests or river catchments But contemporary political economists neglect the role of boundaried places and spatial limits in the welfare of human and ecological communities Northcott argues that place based forms of community dwelling and exchange such as a local food economy more closely resemble evolved commons governance arrangements and facilitate the revival of a sense of neighbourhood and of reconnection between persons and the ecological places in which they dwell

*Apologetical Aesthetics* Mark Coppenger, William E. Elkins, Richard H. Stark, 2022-04-29 Apart from the work of God in creation it is notoriously difficult to explain the presence of beauty in the world and man's appreciation for it Indeed the aesthetic realm with its array of phenomena which engage the senses the mind and the heart not only suits the biblical account of the universe but also points toward it In making this case sixteen writers address the shortcomings of naturalistic narratives the virtues of theistic accounts particularly those grounded in Christ and the manner in which the various arts resonate with Scripture Along the way readers will encounter the peacock's tail and Farnsworth House a Schubert piano sonata and chopsticks Kintsugi and Kitsch Hugh of St Victor and Hans Urs von Balthasar Kandinsky and Eisenstein the Lydian and Phrygian modes eucatastrophe and liminal space McDonald's and Don Quixote Smagol and the Blobfish Stockhausen and Begbie Adorno and Kinkadee Mount Auburn Cemetery and Narnia Fujimura and Schopenhauer

**Enchanted by Eternity** William J. Slattery, 2025-01-20 Whether we realize it or not Catholics have been deeply influenced by modernity's failed worldview While we want to live and share our faith with joy we struggle to do so because we unwittingly see the cosmos the human person and society as machines functioning independently of their Creator and of one another If we want to bring the life transforming effects of our faith into the world we must first find and live real Catholicism breaking free of the gravitational pull of modernity's worldview A worldview is the stable all encompassing way in which each of us looks at reality the pair of glasses through which we see the world around us It makes up the grid of givens assumptions and presuppositions through which we view the world It colors what we mean by God universe and human Everyone has a

worldview and recognizing our worldview and the worldviews of others is crucial in our search for truth goodness and beauty In *Enchanted by Eternity* Fr William Slattery shows how Catholicism proposes an enchanted and enchanting view of self nature society and the future of each human person created to live in a resurrected body in the new heavens and the new earth As this book reveals rediscovering a truly Catholic worldview will change the way we live and it might even change the world

**Woman Overboard** Jo Kadlecce,2009-07-01 *Woman Overboard* Kadlecce explores the meaning of passion through the lens of her own life Follow her from a middle class suburban existence bordering on tedium to a life awakened to the gifts in and around her a life that embraces the new and unexpected Discover with her the paradoxes of pain and beauty life and death love and compassion work and adventure Each of these helped me see that this question of being alive demands utter abandon but is somehow as familiar and safe as home Kadlecce writes To forgo the possibility of ever again feeling real joy fear hope or excitement the very idea of such complacency evoked terror in me I m suddenly thankful for pillows and roofs for beaches and towels for feet and waves and soft mushy sand If you want something more to have a truly meaningful life *Woman Overboard* will inspire you to live more passionately

**Can I Believe?** John G. Stackhouse Jr.,2020-08-21 Maybe Christianity is actually true Maybe it is what believers say it is But at least two problems make the thoughtful person hesitate First there are so many other options How could one possibly make one s way through them to anything like a rational and confident conclusion Second why do so many people choose to be Christian in the face of so many reasons not to be Christian Yes many people grow up in Christian homes and in societies but many more do not Yet Christianity has become the most popular religion in the world Why This book begins by taking on the initial challenge as it outlines a process how to think about religion in a responsible way rather than settling for such soft vagaries as faith and feeling It then clears away a number of misunderstandings from the basic story of the Christian religion misunderstandings that combine to domesticate this startling narrative and thus to repel reasonable people who might otherwise be intrigued The second half of the book then looks at Christian commitment positively and negatively Why do two billion find this religion to be persuasive thus making it the most popular explanation of everything in human history At the same time how does Christianity respond to the fact that so many people find it utterly implausible especially because so many Christians insist that theirs is the only way to God and because of the problem of evil that seems to undercut everything Christianity asserts Grounded in scholarship but never ponderous Can I Believe refuses to dodge the hard questions as it welcomes the intelligent inquirer to give Christianity at least one good look
