Evil Spirits Nihilism And The Fate Of Modernity

Peter Hallward

Evil Spirits Nihilism And The Fate Of Modernity:

Evil Spirits Gary Banham, Charlie Blake, 2000 This collection provides a major reassessment of the question of nihilism in modernity It has a multi focal approach looking at the return of angelic and demonic principles in current cultural production and thinking It also makes a claim for another interpretation of modernity *La science et le monde moderne d'Alfred North Whitehead?* François Beets, Michel Dupuis, Michel Weber, 2013-05-02 The second international Chromatiques whiteheadiennes conference was devoted exclusively to the exegesis and contextualization of Whitehead's Science and the Modern World 1925 In order to elucidate the meaning and significance of this epoch making work the Proceedings are designed to form companion volume With one paper devoted to each of its thirteen chapters the Proceedings aim on the one hand to identify the specific contribution of each chapter to Whitehead's own research program that is to say to put its categories into perspective by means of an internal analysis and on the other hand to identify its global impact in the history of ideas **Jewish Identity in Western Pop Culture** J. Stratton, 2008-06-09 This book looks at the post Holocaust experience with emphasis on aspects of its impact on popular culture Cosmopolitics and the Emergence of a Future D. Morgan, G. Banham, 2007-02-28 In 1795 Immanuel Kant proclaimed that humans had entered into a universal community Since then connections have grown ever more pronounced with the notion of cosmopolitics defining the modern age This interdisciplinary volume makes a timely contribution to debates on international law global ecology and economy and transnational synergies Kant's Practical Philosophy G. Banham, 2003-04-15 This work presents Kant as a vital revolutionary thinker showing that his Practical Philosophy has been marred by views that it is formalist and centred on categorical imperative Discussing his commitment to the notion of rational religion and his treatment of evil this important study provides a vivid account of Kant's concerns *The Demonic* Ewan Fernie, 2013 Are we either good or bad and do we really know the difference Why do we want what we cannot have and even to be what we're not Can we desire others without wanting to possess them Can we open to others and not risk possession ourselves And where in these cases do we draw the line Ewan Fernie argues that the demonic tradition in literature offers a key to our most agonised and intimate experiences The Demonic ranges across the breadth of Western culture engaging with writers as central and various as Luther Shakespeare Hegel Dostoevsky Melville and Mann A powerful foreword by Jonathan Dollimore brings out its implications as an intellectual and stylistic breakthrough into new ways of writing criticism Fernie unfolds an intense and personal vision not just of Western modernity but of identity morality and sex As much as it's concerned with the great works this is a book about life Wells Meets Deleuze Michael Starr, 2017-06-14 The writings of H G Wells have had a profound influence on literary and cinematic depictions of the present and the possible future and modern science fiction continues to be indebted to his scientific romances such as The Time Machine The War of the Worlds and The Island of Doctor Moreau Interpreted and adapted for more than a century Wells's texts have resisted easy categorization and are perennial subjects for emerging

critical and theoretical perspectives The author examines Wells's works through the post structuralist philosophy of Gilles Deleuze Via this critical perspective concepts now synonymous with science fiction such as time travel alien invasion and transhumanism demonstrate the intrinsic relevance of Wells to the genre and contemporary thought **Germinal Life** Keith Ansell-Pearson, Keith Ansell Pearson, 2012-10-12 *Germinal Life* is the sequel to the highly successful *Viroid Life* Where *Viroid Life* provided a compelling reading of Nietzsche's philosophy of the human *Germinal Life* is an original and groundbreaking analysis of little known and difficult theoretical aspects of the work of French philosopher Gilles Deleuze In particular Keith Ansell Pearson provides fresh and insightful readings of Deleuze's work on Bergson and Deleuze's most famous texts *Difference and Repetition* and *A Thousand Plateaus* *Germinal Life* also provides new insights into Deleuze's relation to some of the most original thinkers of modernity from Darwin to Freud and Nietzsche and explores the connections between Deleuze and more recent thinkers such as Adorno and Merleau Ponty *Contemporary Jewish Philosophy* Irene Kajan, 2020-04-02 This text introduces the most important Jewish philosophers of contemporary times from the point of view of their original approach to both Judaism and philosophy and include Hermann Cohen Franz Rosenzweig Martin Buber Leo Strauss Emmanuel Levinas It shows how for them the dialogue between Judaism and philosophy is necessary in order to avoid on one side an attachment to Jewish tradition which is only nationalistic or non rational and on the other an idea of philosophy which first of all focuses the problems of nature human existence in the world or God as the origin of being In reconstructing the intellectual evolution of each of these twentieth century philosophers with a view to their meaning today this book is unique and goes beyond the standard historical account provided by other books *Contemporary Jewish Philosophy* is essential reading for researchers and students of philosophy Judaism and the history of religions

Shakespiritualism J. Kahan, 2013-02-27 This study concerns itself with a now forgotten religious group Spiritualists and how their ensuing discussions of Shakespeare's meaning his writing practices his possible collaborations and the supposed purity and or corruption of his texts anticipated accompanied or silhouetted similar debates in Shakespeare Studies

Derrida on Time Joanna Hodge, 2007-09-12 This is a comprehensive investigation into the theme of time in the work of Jacques Derrida showing how temporality is one of the hallmarks of his thought Joanna Hodge compares and contrasts Derrida's arguments concerning time with those of Kant Husserl Augustine Heidegger Levinas Freud and Blanchot

Encounters with Alphonso Lingis Alexander E. Hooke, Wolfgang Walter Fuchs, 2003-01-01 *Encounters with Alphonso Lingis* is the first extensive study of this American philosopher who is gaining an international reputation to augment his national one The distinguished contributors to this volume address most of the central themes found in Lingis's writings including singularity and otherness death and eroticism emotions and rationality embodiment and the face excess and the sacred The book closes with a new essay by Lingis himself *Beyond the Problem of Evil* Nathan R. B. Loewen, 2018-03-12 *Beyond the Problem of Evil* tackles the reinventing the philosophy of religion by way of a topic familiar to anyone who has

encountered the field By considering how the problem of evil is historically structured by commitments to theism alongside the recent calls for cross cultural relevance in the field the book offers an argument whereby philosophers of religion may globalize the scope of their work Drawing on the work of Jacques Derrida and critical theorists of religion the topic is reframed as an investigation of how social actors perceive necessities and grapple with accidents that disrupt them In this way the usual commitments to categories structured by theism no longer prevent cross cultural studies of evil and the stage is set for rethinking the field

The Lure of the Dark Side Christopher H. Partridge, Eric S. Christianson, 2014-12-18 Demons devils spirits and vampires are present throughout popular Western culture in film music and literature Their religious significance has only recently begun to be explored The Lure of the Darkside brings together the work of some of the most important and creative scholars in the field of Biblical and Religious Studies The essays explore demonology in popular culture from a range of perspectives Satanism within contemporary music the relationship between hymn and horror film the career of Hannibal Lecter the portrayal of Satan in films about Christ and spiritual perversion in the Harry Potter Stories This fresh and ground breaking volume will be of interest to students of religious studies and theology as well as literary and popular culture

Absolutely Postcolonial Peter Hallward, 2001 This innovative book provides an incisive critique of well established positions in postcolonial theory and a dramatic expansion in the range of interpretative tools available Peter Hallward gives substantial readings of four significant writers whose work invites to varying degrees a singular interpretation of postcolonialism Edouard Glissant Charles Johnson Mohammed Dib and Severo Sarduy Using a singular interpretation of postcolonialism is central to the argument this book makes and to understanding the postcolonial paradigm

Subversive Spinoza: (UN) Contemporary Variations Antonio Negri, 2004-11-27 In Subversive Spinoza Antonio Negri spells out the philosophical credo that inspired his radical renewal of Marxism and his compelling analysis of the modern state and the global economy by means of an inspiring reading of the challenging metaphysics of the seventeenth century Dutch Jewish philosopher Spinoza For Negri Spinoza s philosophy has never been more relevant than it is today to debates over individuality and community democracy and resistance modernity and postmodernity

The new aestheticism John J. Joughin, Simon Malpas, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license The interest in aesthetics in Philosophy Literary and Cultural Studies is growing rapidly The new aestheticism contains exemplary essays by key practitioners in these fields which demonstrate the importance of this area of enquiry

Beyond ambiguity John Kinsella, 2021-12-21 This volume completes John Kinsella s trilogy of critical activist poetics begun two decades ago It challenges familiar topoi and normatives of poetic activity as it pertains to environmental humanitarian and textual activism in the world at large it shows how ambiguity can be a generative force when it works from a basis of non ambiguity of purpose The book shows how there is a clear unambiguous position to have regarding issues of justice but that from that confirmed point ambiguity can be an intense and useful activist tool The book is an essential

resource for those wishing to study Kinsella and for those with an interest in twentieth and twenty first century poetry and poetics and it will stand as an inspiring proclamation of the author's faith in the transformative power of poetry and literary activity as a force for good in the world *Philosophy and the Adventure of the Virtual* Keith Ansell-Pearson, Keith Ansell Pearson, 2002-08-27 With the development of new technologies and the Internet the notion of the virtual has grown increasingly important In this lucid collection of essays Pearson bridges the continental analytic divide in philosophy bringing the virtual to centre stage and arguing its importance for re thinking such central philosophical questions as time and life Drawing on philosophers from Bergson Kant and Nietzsche to Proust Russell Dennett and Badiou Pearson examines the limits of continuity explores relativity and offers a concept of creative evolution **The Question of Literature** Elizabeth Beaumont Bissell, 2002 Brings together essays by a number of distinguished theorists and academics on the changing cultural significance of literature

Immerse yourself in the artistry of words with is expressive creation, Immerse Yourself in **Evil Spirits Nihilism And The Fate Of Modernity** .
