kidnapping hundreds of pregnant women After giving birth in captivity the women are disappeared and their babies secretly given to other families many of them headed by police or military officers For mothers of pregnant daughters and daughters in law the source of their grief is twofold the disappearances of their children and the theft of their grandchildren A group of fierce grandmothers forms the Abuelas de Plaza de Mayo dedicated to finding the stolen infants and seeking justice from a nation that betrayed them At a time when speaking out could mean death the Abuelas confront military officers and launch protests to reach international diplomats and journalists They become detectives adopting disguises to observe suspected grandchildren and even work alongside a renowned American scientist to pioneer groundbreaking genetic tests A Flower Traveled in My Blood is the rarest of nonfiction that reads like a novel and puts your heart in your throat It is the product of years of extensive archival research and meticulous original reporting It marks the arrival of a blazing new talent in narrative journalism In these pages a regime tries to terrorize a country but love prevails The grandmothers stunning stories reveal new truths about memory identity and family
