Evolution Fact Or Fiction:

Evolution – Fact or Fiction? Nicholas Nurston, 2012-05-15 This book sets out to provide answers to the following questions Why are we here Were we meant to die and what happens to us when we do Is there a supreme intelligent energy source in the universe able to determine such things People of all cultures have posed these questions for millennia Why are we so different from all other creatures Even a well known professor and ardent evolutionist acknowledged man has indeed unique qualities

Evolution Gene Keith, Tuelah Keith, 2014-06-28 Why should Christians concern themselves with the theory of evolution or intelligent design After all if we believe God created everything what difference does it make if He created the world instantly or used the process of evolution to develop everything gradually over long ages The theory of evolution is so widely accepted today because it is the only theory which can be legally taught in our public school system which is a politically protected monopoly We believe both true Science and the Bible support Intelligent Design The purpose of this report is to examine the Theory of Evolution and consider the scientific evidence against it We report You decide

Evolution Edward Conway Wren, 1936 *Evolution Fact or Fable?* J. Robert Kirk J.D., 2022-06-24 This book distills twenty five plus years of personal study done by a Harvard Law trained trial attorney to determine whether Darwin's big idea the notion that more complex species evolved from more simple ancestors is supported by the scientific evidence Spoiler alert it is not Yet most Americans have been taught to believe that Darwin's theory has been proven beyond all reasonable doubt Sadly most people do not have nearly enough time to do the reading and study necessary to understand that this belief is false This book changes all that It is unique in that it presents technical information from more than a dozen important books in a form that is both brief and easily understood Readers can learn a series of decisive truths about Darwin's big idea in just a few hours truths that may well take them completely by surprise *The Evolution Hoax Exposed* A. N.

Field, 1992-11 Former Title Why Colleges Breed Communists Absolutely devastates Evolution as a credible theory Studies the history the theories the proof the propaganda campaign for and the results of the theory of Evolution plus gives the preponderating evidence against it Great and sadly needed to dispel the now almost universal assumption that Evolution is true

Cherian Ph.D,2025-09-10 Brilliant Bloopers Vol I and II are sequel to the first book Origins of the Universe Life and Species New Perspectives from Science and Theology In this absorbing book Dr Cherian explains the numerous anatomical and paleontological blunders evolutionists provide as evidence some of which are fraud and others illogical and unscientific The Creator equipped every organism with what it needs for sustenance survival and their role in the ecosphere In Brilliant Bloopers the author discusses the many blunders of the theory of evolution that has become the core biological curriculum against the eternal truth that God created the universe and everything within it in a systematic order Author stresses the fact that if it took ten to 100 million years for a new species to emerge by chance mutation we would have only few species in nature and planet earth would have been a heap of dirt With a wealth of knowledge in Life Science and Theology and fifty years of research and teaching in varied subjects Dr Cherian explains The systematic order of creation schemed as evolutionary steps The hoax of homologous structures and the fraudulent claim of Archaeopteryx and Piltdown Man provided as evidence of missing links The comparison of anatomical structures as blunders as God designed every creature for its survival and ecological functions DNA is God s imprint on every species That the human body is fearfully and wonderfully knitted together and God amazingly organized the coordinated physiology that sustains life that evolution could never do The ecological principle of food chain is God s way of feeding all creatures and recycling of energy and matter according to thermodynamics How evolution theory has shattered the faith of millions For the first time ever in science or theology Dr Cherian explains the molecular biology of Jesus conception and his blood He dispels the theory of evolution and reveals the unknown God as a KNOWN God Scientists who go about teaching that Evolution is a fact of life are great con men and the story they are telling may be the greatest hoax ever In explaining evolution we do not have one iota of fact Dr T N Tahmisian a former U S Atomic Energy Commission physiologist Today our duty is to destroy the myth of evolution considered as a simple understood and explained phenomenon which keeps rapidly unfolding before us The deceit is sometimes unconscious but not always since some people owing to their sectarianism purposely overlook reality and refuse to acknowledge the inadequacies and falsity of their beliefs Pierre Paul Grasse past President French Academie des Science Evolution of Living Organisms Academic Press New York 1977 p 8 Any suppression which undermines and destroys that very foundation on which scientific methodology and research was erected evolutionist or otherwise cannot and must not be allowed to flourish It is a confrontation between scientific

objectivity and ingrained prejudice between logic and emotion between fact and fiction In the final analysis objective scientific logic has to prevail no matter what the final result is no matter how many time honoured idols have to be discarded in the process After all it is not the duty of science to defend the theory of evolution and stick by it to the bitter end no matter what illogical and unsupported conclusions it offers If in the process of impartial scientific logic they find that creation by outside intelligence is the solution to our quandary then Let s cut the umbilical cord that ties us down to Darwin for such a long time It is choking us and holding us back Every single concept advanced by the theory of evolution and amended thereafter is imaginary as it is not supported by the scientifically established probability concepts Darwin was wrong The theory of evolution may be the worst mistake made in science I L Cohen Darwin Was Wrong A Study in Probabilities PO Box 231 Greenvale New York 11548 New Research Publications Inc pp 6 8 209 210 214 215 I L Cohen Member of the New York Academy of Sciences and Officer of the Archaeological Institute of America **The Methodist Quarterly Review** ,1923
