Evolution Of Soviet Operational Art 1927 1991 The Documentary Basis Vol 1 Operational Art 1927 1964:

The Evolution of Soviet Operational Art, 1927-1991 David M. Glantz, Harold S. Orenstein, 2013-04-03 This collection of texts has been taken from formerly classified material in the official Red Army General Staff journal *Military Thought* The results are two volumes of great scope based on archival evidence They stand as a compulsory reference point for anyone with an interest in the operational endeavours of the Soviet Army from the 1920 s onward **The Evolution of Soviet Operational Art, 1927-1991: Operational art, 1927-1964** David M. Glantz, 1995 Soviet military theoretical theories are revealed in the words of those who created them in peacetime and applied them in war This collection of texts has been taken from formerly classified material in the official Red Army General staff journal **The Evolution of Soviet Operational Art, 1927-1991: Operational art, 1965-1991** David M. Glantz, Harold S. Orenstein, 1995 Soviet military theoretical theories are revealed in the words of those who created them in peacetime and applied them in war This collection of texts has been taken from formerly classified material in the official Red Army General staff journal **Joint Operational Warfare** Milan N. Vego, 2009 Smallholder farmers and pastoralists fulfil an invaluable yet undervalued role in conserving biodiversity They act as guardians of locally adapted livestock breeds that can make use of even marginal environments under tough climatic conditions and therefore are a crucial resource for food security But in addition by sustaining animals on natural vegetation and as part of local ecosystems these communities also make a significant contribution to the conservation of wild biodiversity and of cultural landscapes This publication provides a glimpse into the often intricate knowledge systems that pastoralists and smallholder farmers have developed for the management of their breeds in specific production systems and it also describes the multitude of threats and challenges these often marginalized communities have to cope with *Soviet Operational and Tactical Combat in Manchuria, 1945* David Glantz, 2003-02-27 At the request of the other Allies on 9th August 1945 a force of over 1.5 million Red Army soldiers unleashed a massive attack against the Japanese in Manchuria Volume 2 covers the detailed course of operational and tactical fighting in virtually every combat sector **Soviet Air Force Theory, 1918-1945** James Sterrett, 2007-01-24 This new book examines the development of Soviet thinking on the operational employment of their Air Force from 1918 to 1945 using Soviet theoretical writings and contemporary analyses of combat actions **Captured Soviet Generals** Aleksander A. Maslov, 2001 In this work Maslov relates the fate of those generals who fell into German captivity After relating the grisly circumstances of their ordeal in German prisoner of war camps Maslov then tells the sordid tale of how an ungrateful Soviet state condemned for treason against their homeland many of those who had served it loyally both in combat and in German prisoner of war camps By exploiting unprecedented archival materials Maslov demonstrates how Stalin and the Soviet security organs condemned and shot many of the returnee generals most on trumped up charges in part as scapegoats for the real crimes committed by Stalin and the Soviet military leadership during the tragic initial period of the war Publisher s description **Captured**
