

92:6.17 (1011.15) The Hebrew religion encompasses the philosophic transition from polytheism to monotheism; it is an evolutionary link between the religions of evolution and the religions of revelation. The Hebrews were the only western people to follow their early evolutionary gods straight through to the God of revelation. But this truth never became widely accepted until the days of Isaiah, who once again taught the blended idea of a racial deity combined with a Universal Creator: " O Lord of Hosts, God of Israel, you are God, even you alone; you have made heaven and earth. " At one time the hope of the survival of Occidental civilization lay in the sublime Hebraic concepts of goodness and the advanced Hellenic concepts of beauty.
