Abel, 2023-01-31 Unlocking a vital understanding of how literary studies and media studies overlap and are bound together A synthetic history of new media reception in modern and contemporary Japan The New Real positions mimesis at the heart of the media concept Considering both mimicry and representation as the core functions of mediation and remediation Jonathan E Abel offers a new model for media studies while explaining the deep and ongoing imbrication of Japan in the history of new media From stereoscopy in the late nineteenth century to emoji at the dawn of the twenty first Abel presents a pioneering history of new media reception in Japan across the analog and digital divide He argues that there are two realities created by new media one marketed to us through advertising that proclaims better faster and higher resolution connections to the real and the other experienced by users whose daily lives and behaviors are subtly transformed by the presence and penetration of the content carried through new media Intervening in contemporary conversations about virtuality copyright copycat violence and social media each chapter unfolds with a focus on a single medium or technology including 3D photographs the phonograph television videogames and emoji By highlighting the tendency of the mediated to copy the world and the world to copy the mediated The New Real provides a new path for analysis of media culture and their function in the world *Queer Objects* Guy Davidson, Monique Rooney, 2020-06-29 Pursuing the discursive or material effects of relational queerness this book reflects on how objects can illuminate affect and animate queer modes of being In the early 1990s the queer theorist Eve Kosofsky Sedgwick defined queer as multiply transitive relational and strange rather than a fixed identity In spite of this much of the queer theoretical scholarship of the last three decades has used queer as a synonym for anti normative sexual identities The contributions to this volume return to the idea of transitivity exploring what

happens when queer is thought of as a turning toward or turning away from a diverse range of objects including bodily waste frozen cats archival ephemera the writing of Virginia Woolf the Pop art of Ray Johnson the podcast S Town and Maggie Nelson's memoir *The Argonauts* Relevant to those studying queer theory this book will also be of wider interest to those researching identity and the way in which it is represented in a variety of artistic disciplines This book was originally published as a special issue of *Angelaki* **Emoticons, Kaomoji, and Emoji** Elena Giannoulis, Lukas R.A.
