culture's innovative drive and flashes of genius At the same time however youth which Harrison sees as more protracted than ever is a luxury that requires the stability and wisdom of our elders and the institutions A heady deeply learned excursion rich with ideas and insights Juvenescence could only have been written by Robert Pogue Harrison No reader who has wondered at our culture's obsession with youth should miss it Harrison explores our culture's understanding of age youth and aging his book will provide mature wisdom indeed Publishers Weekly **Hinduism** Monier Williams,2024-08-23 Reprint of the original first published in 1877 **Science, Democracy, and Curriculum Studies** John A. 1960s Murakami Haruki has become one of the most important voices in contemporary Japanese literature and he has gained a following in the United States through translations of his works In *Dances with Sheep* Matthew Strecher examines Murakami's fiction and to a lesser extent his nonfiction for its most prevalent structures and themes Strecher also delves into the paradoxes in Murakami's writings that confront critics and casual readers alike Murakami writes of serious themes yet expresses them in a relatively uncomplicated style that appeals to high school students as well as scholars and his fictional work appears to celebrate the pastiche of postmodern expression yet he rejects the effects of the postmodern on contemporary culture as dangerous Strecher's methodology is both historical and cultural as he utilizes four distinct yet interwoven approaches to analyze Murakami's major works the writer's formulaic structure with serious themes his play with magical realism the intense psychological underpinnings of his literary landscape and his critique of language and its capacity to represent realities past and present *Dances with Sheep* links each of these approaches with Murakami's critical focus on the fate of individual identity in contemporary Japan The result is that the simplicity of the Murakami hero marked by lethargy and nostalgia emerges as emblematic of contemporary humankind bereft of identity direction and meaning Murakami's fiction is reconstructed in *Dances with Sheep* as a warning against the dehumanizing effects of late model capitalism the homogenization of the marketplace and the elimination of effective counterculture in Japan

Beyond Good and Evil Friedrich Nietzsche, 2020-02-03 A deluxe high quality edition of Friedrich Nietzsche's seminal work *Beyond Good and Evil* is one of the final books by German philosopher Friedrich Nietzsche This landmark work continues to be one of the most well known and influential explorations of moral and ethical philosophy ever conceived Expanding on the concepts from his previous work

Thus Spoke Zarathustra Nietzsche adopts a polemic approach to past philosophers who in his view lacked critical sense in accepting flawed premises in their consideration of morality The metaphysics of morality Nietzsche argues should not assume that a good man is simply the opposite of an evil man rather merely different expression of humanity's common basic impulses Controversial in its time as well as hotly debated in the present Nietzsche's work moves beyond conventional ethics to suggest that a universal morality for all human beings in non-existent perception reason and experience are not static but change according to an individual's perspective and interpretation The work further argues that philosophic traditions such as truth self-consciousness and free will are merely inventions of Western morality and that the will to power is the real driving force of all human behaviour This volume Critiques the belief that actions including domination or injury to the weak can be universally objectionable Explores themes of religion and master and slave morality Includes a collection of stunning aphorisms and observations of the human condition Part of the bestselling Capstone Classics Series edited by Tom Butler Bowdon this collectible hard back edition of Beyond Good and Evil provides an accessible and insightful Introduction by leading Nietzsche authority Dr Christopher Janaway This deluxe volume is perfect for anyone with interest in philosophy psychology science history and literature
