Good Morning Message Peggy Edwards, 2010-08 This daily devotional book has been a God led inspiration from its very start up from its original Bible verse and note of encouragement to some coworkers and family members to people around the world via my email network Our God is so awesome I ve had people return emails to me or speak to me and ask How did you know that I needed that today or How did you know I was going through this That is when I thankfully remind them that God inspired each and every one of these devotionals I am just being faithful and following His directions Now I m led to put them into a year of daily devotions book to reach others Occasionally my emailed devotionals have colored photographs that I take as God inspired message for the day Unfortunately I couldn t include those in this book I did include a photo in grayscale at the beginning of each month the cover photo is a God blessed look at an Alaskan sunset I am so thankful that God is working in my life I want to encourage each of you to grasp hold of whatever gift He has blessed you with and step out in trust and faith to go forth and to share it with others When you feel down just start counting each of the blessings God has touched you with in your life and you will feel His Presence and comfort to encourage you We are never alone He is just a prayer away nothing is impossible for our God He is not done with us yet He is asking us to be obedient in our service to Him and He will help us grow in our faith Trust in Him and you will be astounded at what He has in store for you *United*

Cao, 2019-02-19 In most cases the higher something costs the more value and importance people put on an item like a house a car a computer a cell phone or in this case a book If I were the one to determine the sales price of my book I would sell it for at least 85 to 110 to limit the number of people from reading my book The reason is that people mostly likely will value an expensive book more than a book that is less than 25 Unfortunately I am not in the position to decide the selling price of my book To be honest I actually don't need too many people to read my book so that it is not saturated and people who read my book will appreciate the knowledge that they receive from my book Regardless whether people value the importance of my book or not as far as I am concerned the knowledge that I have written down is the backbone and the essence of my well being today I would not have the strength or stamina to write this book without the knowledge that I have It enables me to go on with my life I am more energetic and more productive now than I was before I want to see people live a life full of vitality and energy Did you ever find yourself lacking the drive strength and stamina to continue your day in the past Do you want to get the fire energy power and enjoyment back in your life If you do you have come to the right place You have the energy and the potential in you You just don't know it yet Once you receive the knowledge you will know it for the rest of your life
