Pro PHP Refactoring Francesco Trucchia, Jacopo Romei, 2011-01-10 Many businesses and organizations depend on older high value PHP software that risks abandonment because it is impossible to maintain The reasons for this may be that the software is not well designed there is only one developer the one who created the system who can develop it because he didn't use common design patterns and documentation or the code is procedural not object oriented With this book you'll learn to identify problem code and refactor it to create more effective applications using test driven design

Hair of the Dog Robert Leslie Bellem, 2014-10-10 Dan Turner wasn't ordinarily the sort of shamus who messed around with disguises but here he was now pretending he was a chauffeur and watching an old goat who evidently craved to become a gunsel in connection with his romantic activities and before this odd escapade caromed into murder Dan already had earned his fee

For Putin and for Sharia Iwona Kaliszewska, 2023-02-15 For Putin and for Sharia examines what it means to support sharia in twenty first century Dagestan where calls for an Islamic state coexist with nostalgia for the days of Stalin's rule and Mecca

calendars hang alongside portraits of Putin Confronting existing narratives about sharia terrorism and anti terrorism through ethnographic fieldwork Iwona Kaliszewska looks at the beliefs and practices of Dagestani Muslims revealing that the pursuit of sharia can assume a range of forms from sweeping visions of an Islamic state imposed through violence to minor acts of everyday resistance against injustice to attempts to restore the security and stability once afforded by the Soviet state In For Putin and for Sharia Kaliszewska challenges the official dichotomy of Muslims as supporting either the political underground or state authorities and deconstructs the Salafi Sufi division between the so called reformists and traditional Islam

Silence and the Rest Sofya Khagi,2013-08-31 Silence and the Rest argues that throughout its entire history Russian poetry can be read as an argument for verbal skepticism positing a long running dialogue between poets philosophers and theorists central to the antivocal strain of Russian culture Zweck Stephen Deutsch,2015-12-22 Have you ever wondered How it feels to be eponymous Why some German pigeons were painted blue in the First World War What connects Rachmaninoff to Chief Sitting Bull It is 1972 Bernard Robins is in London American innocent uninformed and arrogant to make his name and fortune as a pianist composer and conductor He lives at the Kensington Music Society a haven for aspiring musicians including afro headed violinists cellists in caftans and coloraturas from Colorado During his time there Bernard accidentally encounters his long lost great uncle Hermann Heinrich Zweck a nonagenarian a once eminent now forgotten composer who has known most of the great musical figures of the Twentieth Century and hated almost all of them Zweck is engaged in a war against stupidity laziness and cowardice with the entire world and especially with Bernard and Charles Forsythe a hapless English musicologist whose only crime grievous in Zweck s view is to be both English and an academic The romantic relationships the three principals have with strong women ranging from promiscuity to endless love change the lives of all concerned Throughout the novel Zweck engages in a battle of words with the author in a series of interruptions and monologues Comically written by an author skilled in both writing and music Zweck is an accessible and hilarious novel about fame identity music and dumplings Psychological Interventions for Psychosis Juan Antonio Díaz-Garrido,Raquel Zúñiga,Horus Laffite,Eric Morris,2023-05-27 This book shows how psychological and social interventions can help people with psychosis It brings together both theoretical chapters that contribute to the reconceptualization of psychosis and clinical cases illustrating how contemporary psychotherapeutic intervention models can be applied in the treatment of this mental health condition with reflections strategies and practical guidelines demonstrating how these models can inform professional practice in mental healthcare Chapters brought together in this volume aim to reflect a paradigm shift in psychosis care They present person centered models that lead to a way of seeing understanding and treating psychosis that is very different from the traditional biomedical model Current authors and approaches are revolutionizing an outdated model trapped in purely pharmacological actions and tautological explanations of a biological nature where symptom control is the basic and fundamental form of approach and in which psychotherapeutic actions take

second place as subsidiary to the former Approaches such as Acceptance and Commitment Therapy Acceptance and Recovery Therapy by Levels Open Dialogue Compassion Centered Therapy or the Hearing Voices movement to name but a few of those presented in this book represent a journey of self knowledge and learning for those recovering from psychosis and have an intense transformative potential for the therapeutic team The fundamental principle that guides this book is to share models belonging to psychology that aim at personal development while respecting the needs values and goals of each person and that can be adopted by any professional or student of clinical psychology psychiatry nursing social work or any other discipline searching for more humanistic approaches to treat psychosis *The Anonymous Disciple* Gerard E. The story of an alcoholic Jesuit priest Father Jim Collins who after a string of unsuccessful attempts at a cure finally joins AA is cured and helps others find cures *The Missing Charms* Eugene O'Brien,2010-09

In the hours following Christ's quiet escape from the grip of death He began to fulfill His breathtaking promise to dwell within us and walk among us He chose the road to Emmaus as a fitting venue to showcase the subtle power by which He intended to move His own from venality to virtue from deceit to forthrightness and from timidity to boldness The men that He engaged on the road had felt the pain of broken relationship The One in whom they had placed their trust failed to live up to His commitment He had after all orphaned them or had He Who was this Stranger who suddenly appeared reminding them of the very truths meant to sustain them It was only after patient communion that they recognized Him as the One whom they thought had forsaken them Just as He had emerged from the wreckage of His former physical accommodation so He appears amid the broken pieces of troubled relationships The New Testament proclaims that Christ is before all things One might understand this assertion to imply that in much the same way a conductor assumes himself before an orchestra Christ directs the timing movement rhythm and intensity of all the lives that would have it so If a broken or neglected relationship is to be restored it will be done so on the Emmaus Road The elusive voice will speak from within one circumstance to the next One might count it silly fancy or he might take it for what it is the confident direction of a Divine Conductor One will know when he has chosen the latter for his heart will indeed burn within him *Lou's Blues* M.
