Teen 2.0 Robert Epstein, 2010-02-24 National Indie Excellence Awards first prize in the Parenting and Family category Arguing that adolescence is an unnecessary period of life that people are better off without this groundbreaking study shows that teen confusion and hardships are caused by outmoded systems that were designed to destroy the continuum between childhood and adulthood Documenting how teens are isolated from adults and are forced to look to their media dominated peers for knowledge this discussion contends that by infantilizing young people society does irrevocable harm to their development and well being Instead parents teachers employers and others must rediscover the adults in young people by giving them authority and responsibility as soon as they exhibit readiness Teens are highly capable in some ways more than adults and this landmark discussion offers paths for reaching and enhancing the competence in America's youth

Journeys Through Grief Tammie Thomson, 1998-01-07 As a bereaved parent you're often alone it's to make people understand just what you're going through and what you need from them And as a support person it's hard to know what to say what to do what to expect and how to help our bereaved friends With stories from over 60 parents grandparents and siblings who have been through the

death of a child and honest comments on the support they received and needed this book is just what bereaved families and caring professionals need

The Case Against Adolescence Robert Epstein, 2007 This groundbreaking book argues that adolescence is an unnecessary period of life that people are better off without Robert Epstein former editor in chief of Psychology Today shows that teen turmoil is caused by outmoded systems put into place a century ago which destroyed the continuum between childhood and adulthood Where this continuum still exists in other countries there is no adolescence Isolated from adults American teens learn everything they know from their media dominated peers the last people on earth they should be learning from says Epstein Epstein explains that our teens are highly capable in some ways more capable than adults and argues strongly against infantilizing young people We must rediscover the adult in every teen he says by giving young people adult authority and responsibility as soon as they can demonstrate readiness This landmark book will change the thinking about teens for decades to come

Trauma Muriel Prince, Muriel Warren, 2004 In this post 9 11 world therapists need to expand their toolboxes to deal with trauma and its effects This book provides a new way of dealing with the devastating emotional residue of a traumatic event It centers on the innovative application of hypnotherapy to help trauma victims self actualize regain their lives and move forward again This book outlines the effects of trauma on mind and body and provides comprehensive systems and treatment plans for the mental disorders caused or exacerbated by trauma Many people are familiar with the famous fight or flight responses to trauma but few now about the freeze response Freeze is the most dangerous of the trio since it inhibits any reaction and leaves the victim immobile It can lead directly to Post traumatic Stress Disorder Also included is a brief survey of brain research and its implications Dr Warren takes readers on a brief journey of self discovery to unlock their full self potential and raise it to a new level
