Reinventing Eden Carolyn Merchant, 2013 Visionary quests to return to the Garden of Eden have shaped Western culture from Columbus voyages to today's tropical island retreats Few narratives are so powerful and as Carolyn Merchant shows so misguided and destructive as the dream of recapturing a lost paradise A sweeping account of these quixotic endeavors by one of America's leading environmentalists Reinventing Eden traces the idea of rebuilding the primeval garden from its origins to its latest incarnations in shopping malls theme parks and gated communities With eloquence and insight Merchant shows how the drive to conquer nature and to explore and settle the globe springs from this utopian pastoral impulse throughout Western history Time and again human manipulation of the environment is our downfall Eden is achieved by fencing off pristine beauty in national parks and wildlife preserves while leaving the majority of the earth in ruins Challenging both narratives Merchant argues that the green veneer of city park conservation has become a cover for the corruption of the earth and the neglect of its environment Reinventing Eden is a bold new way to think about the earth that includes green political parties sustainable development and a partnership between humans and earth that is nothing short of an ecological revolution

Antiquarian Bookman, 1962 **The Private Library of the Well Known American Poet, Will Carleton, of Brooklyn, N. Y. ...** Will Carleton, 1913 France on the Eve of Revolution John Lough, 2016-06-10 Before the Terror and then the Napoleonic Wars made it impracticable to travel through France many young British men and women were able to

watch at first hand the changes taking place in French society and the agitations that were becoming increasingly loud for reform. This book, originally published in 1987, is a study of France in these crucial years seen through the eyes of the travellers. It marries the travellers' accounts to analysis of the political state of France to produce a book equally illuminating of British taste and attitudes to France and of the French political and social scene. **Critical Companion to Mark Twain** R. Kent Rasmussen, 2014-05-14 Praise for the previous edition RASD ALA Outstanding Reference Source 1996 Essential is the word for it. **The Genesis of Fiction** Terry R. Wright, 2016-03-09 This book considers a range of twentieth-century novelists who practise a creative mode of reading the Bible, exploring aspects of the Book of Genesis which more conventional biblical criticism sometimes ignores. Each chapter considers some of the interpretive challenges of the relevant story in Genesis, especially those noted by rabbinic midrash, which serves as a model for such creative rewriting of the biblical text. All the novelists considered, from Mark Twain, John Steinbeck and Thomas Mann to Jeanette Winterson, Anita Diamant and Jenny Diski, are shown to have been aware of the midrashic tradition and in some cases to have incorporated significant elements from it into their own writing. The questions these modern and postmodern writers ask of the Bible, however, go beyond those permitted by the rabbis and by other believing interpretive communities. Each chapter therefore attempts to chart intertextually where the writers are coming from, what principles govern their mode of reading and rewriting Genesis, and what conclusions can be drawn about the ways in which it remains possible to relate to the Bible. **The Middle East on the Eve of Modernity** Abraham Marcus, 1989 In this innovative historical portrait of society in the premodern Middle East, Abraham Marcus takes us on a guided tour of a past world, revealing its inner workings and throwing new light on its realities during the crucial century before the onset of modernization in the region. Focusing on the great Syrian city of Aleppo, he pieces together aspects of life ranging from business and family to disease and popular pastimes. This work of social history shows how many of the accepted notions and assumptions about what is commonly called premodern Islamic or traditional society are inaccurate or unfounded and draws our attention to the intricacies of a world that may appear alien and exotic but was by no means simple, primitive or static. **Fall Narratives** Zohar Hadromi-Allouche, Áine Larkin, 2016-12-01 Throughout history, the motif of the Fall has impacted upon our understanding of theology and philosophy and has had an influence on everything from literature to dance. **Fall Narratives** brings together theologians, historians and artists as well as philosophers and scholars of religion and literature to explore and reflect on a wide range of concepts of the Fall. Bringing a fresh understanding of the nuanced meanings of the Fall and its various manifestations over time and across space, contributions reflect on the ways in which the Fall can be seen as a transition into absence, how conceptions of the Fall relate to change and shape one another, and how the Fall can be seen positively, embracing as it does a narrative of hope. **Liberating Inner Eve** Bozena Zawisz, 2020-05-27 **Liberating Inner Eve: From Constraints of Historic Conditioning to Boundless Personal Power**. A Christian Woman's Guidebook addresses the most commonly encountered social and historic

challenges that constrain women's experience of personal power against the background of an empowering exploration of the Genesis account of Adam and Eve. This book offers a fresh perspective on themes that are relevant to women's everyday lives and Christian identity such as how they experience their self-worth, relationships, or life's purpose. Each chapter's exercises and reflections guide readers in realizing greater self-love and personal power. Explore your perception of a Christian woman's identity. Learn empowering coping strategies. Redefine your relationship with your body. Apply Christian examples of mindfulness to your everyday life. Transform personal, social, historic restrictions that impact your self-esteem.
