Ley,2009-12-16

This enlightening work investigates the history incidence and causes of a unique sexual lifestyle pursued by increasing numbers of couples. It is called by many names and lived in a variety of ways by different couples. The most common terms used to describe it are hotwife or cuckold lifestyle. This sexual practice, a form of sexual nonmonogamy, is distinguished from swinging and polyamory in that the husband rarely seeks sexual contact outside the marriage except for participation in group sex with his wife and other men while the wife is permitted and often encouraged to pursue unrestrained sexual encounters with other men. The author includes interviews and comments from couples living the lifestyle throughout the U S and presents the stories in an attempt to determine the history of this sexual practice and its role in society and in relationships. He explores the psychological, social, biological, and evolutionary underpinnings of this uncommon and socially taboo behavior in an effort to make it more comprehensible to those engaged in the lifestyle and those who are just curious.

**Raising the Skirt** Catherine Blackledge, 2020-02-20. A meticulous guide not only to the vagina but to changing perceptions of womanhood. OBSERVER: An empowering and enlightening book. IRISH TIMES: The vagina is the ultimate symbol of female power. Sexual power, creative power, and the power to prevent harm. For too long though, the true extent of vaginal power has been ignored, hidden, and misrepresented. Raising the skirt, the unsung power of the vagina, reveals this revolutionary view of female genitalia and points the way to a new understanding of what it means to be female. An inspiration for millennia, the vagina is actually a muscular marvel of engineering, sensitive and strong, fluid and flexible. Far from being a passive vessel, female genitalia control the most important role of all: the survival of the species.
