Mariana Casale O'Ryan,2014-05-05 Jorge Luis Borges is undeniably Argentina s best known and most influential writer In addition to scholarly studies of his work his emblematic figure continues to appear on book covers and carrier bags in biographies plaques and statues photographs and interviews as well as cartoons and city tours The Making of Jorge Luis Borges as an Argentine Cultural Icon argues that the ideas and expectations that Argentine people have placed upon the author thus constructing the icon are also those that allow them to define their cultural identity The book examines these intertwined processes by analysing the image of Borges in biographies photographs comic strips and urban spaces and the socio political historical and cultural contexts in which they were produced The study seeks not to reveal a Borgesian essence but rather to expose the complexity of the ongoing mechanisms which construct Borges the icon Despite the vast amount of biographical and critical work about the writer that has been produced in Argentina and abroad The Making of Jorge Luis Borges as an Argentine Cultural Icon is the first in depth comprehensive examination of the construction of the author as an Argentine cultural icon    *Richard Avedon-evidence, 1944-1994* Whitney Museum of American Art,1994\*
