*A High View of Scripture? (Evangelical Ressourcement)* Craig D. Allert, 2007-06-01 Word Guild 2008 Writing Award  
Biblical Studies Where did the Bible come from Author Craig D Allert encourages more evangelicals to ask that question In *A High View of Scripture* Allert introduces his audience to the diverse history of the canon s development and what impact it has today on how we view Scripture Allert affirms divine inspiration of the Bible and in fact urges the very people who proclaim the ultimate authority of the Bible to be informed about how it came to be This book the latest in the *Evangelical Ressourcement* series will be valuable as a college or seminary text and for readers interested in issues of canon

development and biblical authority **The Cistercian Reform and the Art of the Book in Twelfth-Century France**  
Diane Reilly, 2025-10-01 This book is a study of the programmatic oral performance of the written word and its impact on art and text Communal singing and reading of the Latin texts that formed the core of Christian ritual and belief consumed many hours of the Benedictine monk s day These texts read and sung out loud memorized and copied into manuscripts were often illustrated by the very same monks who participated in the choir liturgy The meaning of these illustrations sometimes only becomes clear when they are read in the context of the texts these monks heard read The earliest manuscripts of C teaux copied and illuminated at the same time that the new monastery s liturgy was being reformed demonstrate the transformation of aural experience to visual and textual legacy *Heresy* Alister McGrath, 2010-11-02 Why the Church must defend the truth Our ongoing fascination with alternative Christianities is on display every time a never before seen gospel text is revealed an archaeological discovery about Jesus makes front page news or a new work of fiction challenges the very foundations of the church Now in a timely corrective to this trend renowned church historian Alister McGrath examines the history of subversive ideas overturning common misconceptions that heresy is somehow more spiritual or liberating than traditional dogma In so doing he presents a powerful compassionate orthodoxy that will equip the church to meet the challenge from renewed forms of heresy today *SO MUCH WATER, SO LITTLE WOOD* DANIEL J. Theron

M.A., Th.Ph.D., 2014 To appreciate this book readers must grasp the symbolism of its title and the front page depicting the author s life story sometimes in rough seas At three four years old he was already strongly aware that he had been called into the Christian ministry an inspiration for a long fruitful life He grew up helping in their South African farm life He commuted to grammar school on horseback accumulating enough miles to ride three times from New York to California It was a financial struggle to become ordained as a clergyman His story is interestingly interspersed with several short unbelievable biographies of classmates and what life was like Read the *The Sturdy Warrior* Chapter V and others like Albert Schweitzer of the Bushveld and *We Shall Triumph* in the book mentioned below With several well earned degrees he migrated to the USA to study at Princeton Theological Seminary where he became a professor But then the delicate call that had driven him since childhood was smashed seemingly beyond repair However for him those called into God s Kingdom can in its wideness find

symbolic pulpits and lecterns in many places Of all he found such in Wall Street and applied himself with the Latin saying s strong command age quod agis Do what you are doing How is it continuing Please find out in this book s sequel entitled Faith Hope and Determination      Acts Carl R. Holladay,2016-08-01 Highly respected scholar Carl R Holladay offers an in depth critical commentary on the book of Acts in this new work from the acclaimed New Testament Library series Holladay offers a theological contextual and literary interpretation paying attention to Acts as a rich narrative that accounts for the development of the early Christian church He sees Luke s literary style as an expression of its theological purpose Holladay writes Convinced that Jesus life and death and the emergence of the early Christian movement occurred under divine guidance and continued the biblical story by fulfilling God s ancient promises Luke decided to incorporate them into a grandly conceived narrative told in a dignified yet dramatic style Acts reflects the close relationship between medium and message yet it also illustrates how the medium is the message Holladay s commentary is theologically rich and steeped in narrative analysis that understands the high level of literary style as an expression of the theological content and the telling of the Christian origin The New Testament Library series offers authoritative commentary on every book and major aspect of the New Testament providing fresh translations based on the best available ancient manuscripts critical portrayals of the historical world in which the books were created careful attention to their literary design and a theologically perceptive exposition of the biblical text The contributors are scholars of international standing The editorial board consists of C Clifton Black Princeton Theological Seminary M Eugene Boring Brite Divinity School and John T Carroll Union Presbyterian Seminary      John the Theologian and His Paschal Gospel John Behr,2019 This study brings three different kinds of readers of the Gospel of John together with the theological goal of understanding what is meant by Incarnation and how it relates to Pascha the Passion of Christ how this is conceived of as revelation and how we speak of it The first group of readers are the Christian writers from the early centuries some of whom such as Irenaeus of Lyons stood in direct continuity through Polycarp of Smyrna with John himself In exploring these writers John Behr offers a glimpse of the figure of John and the celebration of Pascha which held to have started with him The second group of readers are modern scriptural scholars from whom we learn of the apocalyptic dimensions of John s Gospel and the way in which it presents the life of Christ in terms of the Temple and its feasts With Christ s own body finally erected on the Cross being the true Temple in an offering of love rather than a sacrifice for sin An offering in which Jesus becomes the flesh he offers for consumption the bread which descends from heaven so that incarnation is not an event now in the past but the embodiment of God in those who follow Christ in the present The third reader is Michel Henry a French Phenomenologist whose reading of John opens up further surprising dimensions of this Gospel which yet align with those uncovered in the first parts of this work This thought provoking work brings these threads together to reflect on the nature and task of Christian theology      **Rethinking Oral History and Tradition** Nepia Mahuika,2019 For many indigenous peoples oral history is a living intergenerational

phenomenon that is crucial to the transmission of our languages cultural knowledge politics and identities Indigenous oral histories are not merely traditions myths chants or superstitions but are valid historical accounts passed on vocally in various forms forums and practices *Rethinking Oral History and Tradition An Indigenous Perspective* provides a specific native and tribal account of the meaning form politics and practice of oral history It is a rethinking and critique of the popular and powerful ideas that now populate and define the fields of oral history and tradition which have in the process displaced indigenous perspectives This book drawing on indigenous voices explores the overlaps and differences between the studies of oral history and oral tradition and urges scholars in both disciplines to revisit the way their fields think about orality oral history methods transmission narrative power ethics oral history theories and politics Indigenous knowledge and experience holds important contributions that have the potential to expand and develop robust academic thinking in the study of both oral history and tradition

*Music and Meaning in Old Hispanic Lenten Chants* Emma Hornby, Rebecca Maloy, 2013

Although Old Hispanic liturgical chant has long been considered one of the most important medieval chant traditions its musical notation shows only where the melodies rise and fall not precise intervals or pitches and this lack of pitch readable notation has prevented scholars from fully engaging with the surviving sources. Focussing on three genres of chant sung during the Old Hispanic Lent the threni psalmi and Easter Vigil canticles this book takes a holistic view of the texts and melodies setting them in the context of their liturgical and intellectual surroundings.

*Asian Traditions of Meditation* Halvor Eifring, 2018-01-31

Meditation has flourished in different parts of the world ever since the foundations of the great civilizations were laid. It played a vital role in the formation of Asian cultures that trace much of their heritage to ancient India and China. This volume brings together for the first time studies of the major traditions of Asian meditation as well as material on scientific approaches to meditation. It delves deeply into the individual traditions while viewing each of them from a global perspective examining both historical and generic connections between meditative practices from numerous historical periods and different parts of the Eurasian continent. It seeks to identify the cultural and historical peculiarities of Asian schools of meditation while recognizing basic features of meditative practice across cultures thereby taking the first step toward a framework for the comparative study of meditation. The book accessibly written by scholars from several fields opens with chapters that discuss the definition and classification of meditation. These are followed by contributions on Yoga and Tantra which are often subsumed under the broad label of Hinduism. Jainism and Sikhism Indian traditions not usually associated with meditation. Buddhist approaches found in Southeast Asia Tibet and China and the indigenous Chinese traditions Daoism and Neo Confucianism. The final chapter explores recent scientific interest in meditation which despite its Western orientation remains almost exclusively concerned with practices of Asian origin. Until a few years ago a major obstacle to the study of specific meditation practices within the traditions explored here

was a widespread scholarly orientation that prioritized doctrinal issues and sociocultural contexts over actual practice The contributors seek to counter this bias and supplement concerns over doctrine and context with the historical study of meditative practice Asian Traditions of Meditation will appeal broadly to readers interested in meditation mindfulness and spirituality and those in the emerging field of contemplative education as well as students and scholars of Asian and religious studies

*When God Wanted to Destroy the Chosen People* Gili Kugler,2019-06-04 According to narratives in the Bible the threats of the people s end come from various sources but the most significant threat comes as learned from the Pentateuch from God himself What is the theological meaning of this tradition In what circumstances did it evolve How did it stand alongside other theological and socio political concepts known to the ancient authors and their diverse audience The book employs a diachronic method that explores the stages of the tradition s formation and development revealing the authors exegetical purposes and ploys and tracing the historical realities of their time The book proposes that the motif of the threat of destruction existed in various forms prior to the creation of the stories recorded in the final text of the Pentateuch The inclusion of the motif within specific literary contexts attenuated the concept of destruction by presenting it as a phenomenon of specific moments in the past Nevertheless the threat was resurrected repeatedly by various authors for use as a precedent or a justification for present affliction
