Evil A Historical And Theological Perspective:

Evil Hans Schwarz, 2001 All human beings indeed all creatures experience evil in various forms How can the hurtful and harmful aspects of life be understood and faced What differing perspectives on evil can be gained from Behavioral science and psychology Biblical faith and the history of Christian thought Contemporary thinkers Religious traditions of the East In a constructive conclusion Schwarz assesses the pervasiveness of evil human freedom in the face of evil the personification of evil and the hope for the end of evil This book provides the basis of hope for a just and humane life It is a book for our time Evil is neither a primeval decree nor an inescapable fate but has its origin in a power that always denies or negates While we are all caught in the dragnet of evil we are not helpless victims as if evil were simply an imperious it We can fight evil and indeed should do so from the Preface Evil is a comprehensive treatment of a complex and currently interesting subject The historical and theological treatment will be as competent as everyone who has read a Schwarz book before will expect In the final chapter Schwarz concludes that evil exists as opposition to God in our natural world humans participate freely in evil and morally transgress a price is paid for choosing wrongly evil will not necessarily continue in order to highlight the good by contrast the liberated Christian bears good fruit amidst this evil and God has set boundaries for evil that it cannot overstep Pastor Ronald E C Grissom St Paul Evangelical Lutheran Church Bridgeport Ohio Hans Schwarz provides a kind of textbook history of the ways thinkers in our time have tried to account for evil The book is succinct fair to its subjects and helpful to those who want introductions to these hypotheses The Christian Century Hans Schwarz is Professor of Systematic Theology and Contemporary Theology at the University of Regensburg Germany He is the author or editor of more than two dozen books

The Church Militant Graham R. Smith, 2016-11-08 A worldview of spiritual warfare is widely held among charismatics and Pentecostals but it has been criticized for producing paranoia and denying personal responsibility It is less well known that the term was first used in print around 1970 by Anglican charismatics What did it mean to them then and what are the practical effects of their worldview Should we now be adopting a more sophisticated ontology of evil such as Nigel Wright's non ontological realist view or Amos Yong's apophatic theology of the demonic rather than the traditional one that Satan and demons are real ontological entities This practical theological study begins with a study of Anglican charismatic pioneers and an in depth case study of a charismatic Anglican congregation before grappling with the ontological question in dialogue with Wright together with Barth and Walter Wink Yong and Gregory Boyd A fresh engagement with the biblical texts then argues for a positive realist ontology for rebellious demonic powers and presents a Trinitarian model of spiritual warfare praxis that emphasizes personal responsibility and promotes freedom from fear

Metz Gustavo GutiTrrez and David Tracy each had a tense ongoing relationship to the mid twentieth century theologians and movements that formed them Karl Rahner nouvelle theologie and Bernard Lonergan respectively Martinez brilliantly contextualizes each of these thinkers In broad strokes he sketches postwar Germany postcolonial Peru and the American century and shows how each man was formed by his era He also examines the lines of influence and relationship between these theologians and some of their nontheological contemporaries Metz and Adorno Bloch and Benjamin GutiTrrez and Paulo Freire JosT Carlos Mariategui and the novelist JosT Marfa Arguedas and Tracy and thinkers from Eliade and Ricoeur to Gadamer and Derrida Martinez convincingly illustrates how each of these theologians in recent years has focused more directly on the mystery of God entailing greater emphasis on spirituality and mysticism with the consequence that the more properly theological their theologies have become the more they have become negative theologies **The Oxford**

The Great Divide and the Salvation Paradox David P. Griffith,2022-04-07 The church in its first centuries split on whether Christ saved everyone or a few Universalism versus Exclusivism In the sixth century the church settled the issue seemingly and held that Universalism was heresy This book reviews this history as well as what provoked it Scripture on its face gives two contradictory accounts of salvation's extent everyone is ultimately saved and everyone is not In contrast to both Exclusivism and Universalism the book takes Scripture's two accounts of salvation's extent as true that is as a paradox This is the approach the church has taken with other scriptural paradoxes Saying one God is three or one Son is both God and man appeared to be contradictory too but to embrace Scripture entirely these were seen as paradoxical The Trinity modeled how one can be three and the hypostatic union modeled how one can be two For the paradox of salvation's extent the answer lies in the individual's divisibility in the afterlife one can be two That is in ultimate salvation each individual can be both saved and unsaved
