**The Body in Flannery O'Connor's Fiction** Donald E. Hardy, 2007 This is a reading of physical obsession in O Connor through linguistic and literary techniques This work extends the innovative thesis that it is possible to grasp the central struggle between spirit and matter in O Connor through a close quantitative examination of the interactions of grammatical voice and physical bodies in her texts Bridging literary theory and linguistics Hardy demonstrates that the many constructions in which the body parts of O Connor s characters are foregrounded either as subjects or objects are grammatical manipulations of semantic variations on what linguists deem the middle voice roughly indicating that the subject is acting upon himself or herself Hardy combines computational and linguistic methodology to provide a productive approach to understanding O Connor s use of the body and its parts in her explorations of the sacramental and the grotesque Linguistic analysis of grammatical middle voice is coupled with quantitative analysis of body part words and the collocations in which they appear to present a new point of entrance to understanding O Connor s stylistic manipulations of the body as central to the rift between spirit and matter Through this method of reading O Connor Hardy makes a valuable contribution to the

growing body of work that is introducing linguistic terminology and concepts into literary studies      **Dead, She Was Beautiful** Whit Masterson,2012-02-15 So you re a divorce detective it s a dirty business but you operate as clean as you can A rich man hires you to tail his wife because he thinks she s cheating on him She turns out to be the woman who cheated on you once Then she gets killed and you know you were picked to take the rap      *Spinegrinder* Clive Davies,2015-03-06 First came video and more recently high definition home entertainment through to the internet with its streaming videos and not strictly legal peer to peer capabilities With so many sources available today s fan of horror and exploitation movies isn t necessarily educated on paths well trodden Universal classics 1950s monster movies Hammer as once they were They may not even be born and bred on DAWN OF THE DEAD In fact anyone with a bit of technical savvy quickly becoming second nature for the born clicking generation may be viewing MYSTICS IN BALI and S S EXPERIMENT CAMP long before ever hearing of Bela Lugosi or watching a movie directed by Dario Argento In this world H G Lewis so called godfather of gore carries the same stripes as Alfred Hitchcock master of suspense SPINEGRINDER is one man s ambitious exhaustive and utterly obsessive attempt to make sense of over a century of exploitation and cult cinema of a sort that most critics won t care to write about One opinion 8 000 reviews or thereabouts      Faith Horror LMK Sheppard,2022-04-04 Faith horror refers to a significant outcropping of mid 1960s and 1970s films and adaptative novels that depict non Christian communities of evil doers and their activities Before this period the classical horror villain was ultimately ineffectual The demonic monster was an isolated lone individual easily vanquished by an altruistic Christian protagonist Alternatively the villain in faith horror is organized into identity affirming likeminded religious congregations that successfully overcome protagonists Faith horror was a cinematic trend that depicted Satanism witchcraft and paganism during a cultural deliberation over the Death of God which debated the legitimacy of alternative spiritualities and the value of alliance to any faith at all Covering popular works like Rosemary s Baby The Wicker Man and The Omen this book regards these films and their literary sources in relation to this historical moment providing new ways of understanding both the period and the faith horror movement more generally

While much of Pat Boone s fame was garnered through his musical career and his many chart topping hits he is also identified by his film career though it is not nearly as well documented In his captivating biography Pat Boone the Hollywood Years Richard Kibbey sets out to explore the film history of Pat Boone and illustrate his transition from crooner to rising star Though some might write off his film career as fleeting it s obvious that Pat Boone s star quality was explosive Though he began appearing on television in the 50s which could have hurt his movie career 20th Century Fox made an ingenious choice to take him on as a leading man for not only romantic musicals but also science fiction and powerful dramas With interviews from fellow costars in depth film analyses documentation of his family life and a behind the scenes look at the planning scriptwriting scoring and songwriting of his popular films this thorough history of Pat Boone s film career is sure to delight not only Pat Boone fans but also anyone interested in the golden era of Hollywood movies and musicals Ellicott's
