*Evil After Postmodernism* Jennifer L. Geddes, 2001 This volume brings together six essays by a group of distinguished scholars in a stimulating and lucid investigation into the meaning of evil in the light of postmodern thought and the enormous cultural and social changes of the modern age      Explorations in Australian Literature Jaydeep Sarangi, Binod Mishra, 2006

The Double Binds of Ethics after the Holocaust J. Geddes, J. Roth, 2009-04-26 The Double Binds of Ethics after the Holocaust advances the idea that the Holocaust undermined confidence in basic beliefs about human rights and shows steps of salvage and retrieval that need to be taken if ethics is to be a significant presence in a world still besieged by genocide and atrocity      **The Oxford Handbook of Apocalyptic Literature** John Joseph Collins, 2014 Apocalypticism arose in ancient

Judaism in the last centuries BCE and played a crucial role in the rise of Christianity It is not only of historical interest there has been a growing awareness especially since the 2001 terrorist attacks on the United States of the prevalence of apocalyptic beliefs in the contemporary world To understand these beliefs it is necessary to appreciate their complex roots in the ancient world and the multi faceted character of the phenomenon of apocalypticism The Oxford Handbook of Apocalyptic Literature is a thematic and phenomenological exploration of apocalypticism in the Judaic and Christian traditions Most of the volume is devoted to the apocalyptic literature of antiquity Essays explore the relationship between apocalypticism and prophecy wisdom and mysticism the social function of apocalypticism and its role as resistance literature apocalyptic rhetoric from both historical and postmodern perspectives and apocalyptic theology focusing on phenomena of determinism and dualism and exploring apocalyptic theology s role in ancient Judaism early Christianity and Gnosticism The final chapters of the volume are devoted to the appropriation of apocalypticism in the modern world reviewing the role of apocalypticism in contemporary Judaism and Christianity and more broadly in popular culture addressing the increasingly studied relation between apocalypticism and violence and discussing the relationship between apocalypticism and trauma which speaks to the underlying causes of the popularity of apocalyptic beliefs This volume will further the understanding of a vital religious phenomenon too often dismissed as alien and irrational by secular western society      **Cities Surround The Countryside**

Robin Visser, 2010-04-12 Explores the cultural significance of the explosive growth of Chinas cities during the past three decades through interpretations of Chinese fiction cinema visual art architecture and urban design      **The memory of catastrophe** Peter Gray, Kendrick Oliver, 2024-07-30 Investigates the dynamic relationship between experiences of profound social and cultural disruption and human memory Critical comparisons are made across a wide variety of catastrophic experiences and memories not just of war but also of massacre genocide rebellion famine partition shipwreck and fire The book is an accessible showcase for a wide range of methodological approaches to the study of memory including literary studies cultural studies participant observation and historical studies and uses a variety of oral visual and written sources Offers a diverse chronological and geographical range of catastrophic cases from seventeenth century England to the recent

conflicts in the former Yugoslavia from Ireland to the Indian sub continent from Mexico to wartime Leningrad Well written and accessible a fascinating read      **Above All Earthly Pow'rs** David F. Wells,2006-08 In this prophetic call to the evangelical church Wells stresses that Christians need to confess Christ as the center in a society lacking a center as the sovereign in a world seemingly ruled by chance and as the one who can give meaning in a nihilistic culture      The Body and Society Bryan S Turner,2008-04-18 This truly deserves to be considered a classic and I strongly encourage my students to read it from cover to cover Turner s work on the body needs to be considered in its own right within courses on the sociology of the body Dr Robert Meadows Surrey University Remains the foundational text for courses in the sociology of the body replete with insights and a depth of analysis that has largely inspired an entire new area of studies across the social sciences Dr Michael Drake Hull University This is THE contemporary text for both academics and students exploring the sociology of the body Jessica Clark University Campus Suffolk This is a fully revised edition of a book that may fairly claim to have re opened the sociology of the body as a legitimate area of enquiry Providing an unparalleled guide to all aspects of the subject each chapter has been revised and updated while the book contains new material that reflects both recent changes in the field and Turner s developing position on the centrality of vulnerability Assured and innovative this book provides the most authoritative statement of work on the sociology of the body by one of the leading writers in the field      **Fragments of Tragedy in Postmodern Film** Sezen Kayhan,2014-10-16 Despite the theories about the death of tragedy this book explores fragments and reflections of tragedy in postmodern film Tragedy has changed and evolved with human society and its continuous chain from Ancient Greece to modern times has been broken by postmodernism However certain aspects of tragedy have continued to be used by literature and film in particular films with themes of chaos violence popular culture paranoia virtual reality and alienation often use aspects of tragedy The focus of this study is on these facets adopted by postmodern film      *Hybrid Novels* George Kowalik,2025-10-03 The phrase post postmodernism has appeared in Contemporary Literary Studies since the 20th century but what does it mean Scholars have defined the term in various often contradictory ways Existing studies also rarely centralise race an essential component in the transition from postmodern irony to post postmodern sincerity Hybrid Novels analyses post postmodernism s only consistency and certainty hybridity This speaks for a broader social issue concerning the ethics of categorisation and the conflicting labels imposed on subjectivity Hybrid Novels considers landmark American British novels by Percival Everett Jonathan Franzen Zadie Smith and David Foster Wallace published from 1996 to 2001 It positions these authors at the centre of the post postmodernism debate together for the first time This book suggests that 2010s autofiction further develops post postmodern tensions of irony and sincerity at the turn of the 21st century Major American Canadian novels by Sheila Heti Ben Lerner Teju Cole and Tao Lin are discussed published from 2010 to 2013      **Literature of the Global Age** Maurizio Ascari,2014-01-10 In an age of world citizenship literary scholarship is focusing increasingly on texts which communicate effectively over cultural lines

Modern European thought describes a wide range of philosophies cultural programmes and political arguments developed in Europe in the period following the French Revolution Throughout this period many of the wide range of modernisms and anti modernisms had a distinctly religious and even theological character not least when religion was subjected to the harshest criticism Yet for all the breadth and complexity of modern European thought and in particular its relations to theology a distinct body of themes and approaches recurred in each generation Moreover many of the issues that took intellectual shape in Europe are now global rather than narrowly European and for good or ill they form part of Europe s bequest to the world from colonialism and the economic theories behind globalisation through to democracy to terrorism This volume attempts to identify and comment on some of the most important of these The thirty chapters are grouped into six thematic parts moving from questions of identity and the self through discussions of the human condition the age of revolution the world both natural and technological and knowledge methodologies concluding with a section looking explicitly at how major theological themes have developed in modern European thought The chapters engage with major thinkers including Kant Hegel Kierkegaard Heidegger Schleiermacher Nietzsche Dostoevsky Barth Rahner Tillich Bonhoeffer Sartre de Beauvoir Wittgenstein and Derrida amongst many others Taken together these new essays provide a rich and reflective overview of the interchange between theology philosophy and critical thought in Europe over the past two hundred years

**Vertellingen** Richard Kearney, 2013-10-31 Verhalen bieden ons bijzonder veelzijdige en duurzame inzichten in de menselijke conditie en hebben al sinds Aristoteles de aandacht van de filosofie getrokken Het leidmotief van Vertellingen is dat dit digitale en naar verluidt postmoderne tijdperk niet de ondergang van het verhaal aankondigt maar juist zelf een bron van nieuwe verhalen vormt Richard Kearney filosoof en schrijver ontrafelt in een heldere en meeslepende stijl waarom verhalen deze uitwerking op ons hebben en betoogt dat het onvertelde leven niet waard is om geleefd te worden Vertellingen is onmisbaar voor iedereen die helder wil nadenken over de rol van verhalen in ons leven en onze cultuur **The Religious in Responses to Mass Atrocity** Thomas Brudholm, Thomas Cushman, 2009 An assessment of the attempts to bring religious allegiances and perspectives to bear in responses to the mass atrocities of our time The Passing of Postmodernism Josh Toth, 2010-03-24 The Passing of Postmodernism addresses the increasingly prevalent assumption that a period marked by poststructuralism and metafiction has passed and that literature and film are once again engaging sincerely with issues of ethics and politics In discussions of various twentieth and twenty first century writers directors and theorists from Michel Foucault and Slavoj i ek to Thomas Pynchon and David Lynch Josh Toth demonstrates that a certain utopian spirit persisted within and actually defined the postmodern project Just as modernism was animated by an idealistic belief that it could finally realize the utopia beckoning on the horizon postmodernism was compelled by an equally utopian belief that it could finally reject the possibility of all such illusory ideals Toth argues that this specter of an impossible future is and must remain both possible and impossible a ghostly promise of what is always still to come Josh Toth teaches literature and critical theory

at Grant MacEwan College and is coeditor with Neil Brooks of *The Mourning After: Attending the Wake of Postmodernism*
