Evil Water And Other Stories:

Sunstroke: And Other Stories Ian Watson, 2011-09-29 This second collection of Watson's short stories further demonstrates his seemingly inexhaustible imagination. In *The Thousand Cuts* the entire human race finds its consciousness blanked out for varying periods but life seems somehow to have gone on in the missing days and indeed previously intractable problems have moved towards a solution. In *Sunstroke* a doctor blinded accidentally during the voyage to a seemingly benign new world becomes gradually aware of disturbing changes afflicting her sighted companions. These stories and many others confirm Watson's place in the forefront of contemporary SF writers. **The Coming of Vertumnus: And**

Other Stories Ian Watson, 2011-09-29 A collection of science fiction short stories by the author of *Lucky's Harvest*. They feature dozens of characters, a new way of travelling between the stars, a strange planet, magical powers, bravura set pieces and manoeuvres of narrative. **The Stranger and Other Stories** Bipin Koraddi, 2023-12-06 *The Stranger and Other Stories* is a compilation of 16 exciting action-packed short stories. Each having a surprise turn of events at the end. *The Stranger* is hilarious with a witty conclusion. *An Errand for Thelma* is touching, revolving around a lass and an old lady. *Fifty Fifty* is a laugh riot about a botched burglary. *And Hide and Seek* set in the ad world is a romance with dashes of tragedy. *Shuddering Sky* is scary. *Bangles for Prema* too is scary. *The Watch* is a soulful story about a watch which belongs to a ghost. *The Sportsman*, *The Horse Cart* and *The Dry Land* are quite engaging in their content and narrative while *Donor* is a story about a beleaguered widow mustering the gall to do the square thing by her benefactor. *Lalitha* is about being possessed and it is sure to send a shiver down your spine. *Reading The Sage* will be an experience in itself. *Portrait for Sale* is about romance in a college while *Haven for Crooks* and *The Cook's Leg* are respectively witty stories of the stupidity of life in a military school and a blunder which can never be set right. The stories are diverse in their plots and presentation and make for a thrilling Sunday afternoon's edge of the seat adventure. **Stalin's Teardrops: And Other Stories** Ian Watson, 2011-09-29

Ian Watson is one of the most prolific short story writers in contemporary science fiction with a range and invention that others might envy. In this collection we move from a ghostly occurrence in Catalonia to a memorably hallucinatory and atmospheric tale of eggs and ectoplasm in pre glasnost Russia. *The Times* said of Watson that his stories are springloaded with effect compressed with a drama that in others might take a novel to eke out. A judgement confirmed by the dozen stories collected here. **Salvage Rites: And Other Stories** Ian Watson, 2011-09-29 Ian Watson's latest collection shows the same range and apparently inexhaustible fund of ideas that have characterized all his previous books. No other contemporary figure in SF is so prolific or inventive a writer of short stories. In the title story we immediately encounter a phantasmagoric vision of a society increasingly dependent on recycling its usable material. Other brilliant inventions include a planet inhabited by lemur-like aliens who bafflingly produce marvellously finished stone carvings without apparently having the tools to do so. *The Moon* and *Michelangelo* people fighting their way through the various levels of what appears to be a real life version of a

computer adventure game *Jewels in an Angel's Wing* and a zoo in which are caged the extensions into our universe of four dimensional hyperbeings *Hyperzoo*. And that is only the beginning there are fifteen stories in all each one a state of the art example of short science fiction at its finest. *The Lurking Fear and Other Stories* Lovecraft H., Howard Lovecraft was an American writer who achieved posthumous fame through his influential works of horror fiction. Despite the fact that he was virtually unknown before he died today he is known as the most influential author in his genre. *The Lurking Fear and Other Stories* is a collection of wonderful short stories such as *The Lurking Fear*, *The Shunned House*, *The Colour*. These stories full of mystery and fantastic creatures have captured the minds of readers all over the world. *Under Heaven's Bridge* Ian Watson, Michael Bishop, 2011-09-29 A multinational expedition has landed on the planet Onogoro a cold and dour world circling one star of a binary pair. Their objective is to investigate a strange alien race known to the human visitors as the Kybers. These aliens dwelling in a great network of ruined palaces are partly biological creatures and partly machines with the ability to switch themselves off at will. Expedition scientists discover that the Kyber's sun is soon to blaze up in a nova yet the Kybers are not alarmed. ***Queenmagic, Kingmagic*** Ian Watson, 2011-09-29 In another world somewhere in space and time two countries Bellogard and Chorny are locked in perpetual war conducted by magic. Each of the main members of the two countries courts king queen prince bishop knight and squire has their own form of magic and special ways of moving magically. A war may continue for centuries until one side succeeds in killing the other side's king at which point the whole world vanishes only to reappear and have the cycle begin again. Pedino is a young Bellogardian who becomes the queen's squire and as part of his training is sent into a seedier part of the city to uncover a Chornian spy. During his adventures he meets and falls in love with a whore Sara who turns out to be a Chornian bishop's squire. Pedino succeeds in killing the other Chornian bishop a remarkable achievement for a mere squire but in the manoeuvres which follow Chorny proves to have outwitted its rival and Pedino's whole world is threatened with extinction. There have been many stories modelled on chess games but none so ingenious and enjoyable as Ian Watson's latest novel. And as one would expect from Watson the story of Bellogard and Chorny is only the beginning. When Pedino and Sara manage to escape the destruction of their universe they find themselves in a series of even more bizarre worlds operating under still stranger rules as they seek to discover the purpose of their existence and the meaning of their universe. ***Queenmagic Kingmagic*** is Ian Watson in sparkling exuberant form. ***Blood and Water and Other Stories*** Patrick McGrath, 2015-08-18 Dark unnerving and wickedly funny Patrick McGrath's acclaimed short stories deal in the bizarre the erotic and the unexpected. A failed writer meets an ageing gin queen who claims he was once visited by an angel a little girl finds a delirious dying explorer from the Congo at the bottom of her back garden a night club is terrorized by a strange libidinous hand and a young Victorian lady sails to India to find her fiancé Cecil horribly transformed. *The Flies of Memory* Ian Watson, 2011-09-29 Charles Spark is an expert on body language a bestselling author and a consultant or walking lie detector much in demand with industry and government. So

when the aliens arrive who better to join the team that will attempt to understand them But even though these insectoid aliens the Flies in their pyramid ship speak both English and Russian they seem unreadable We have come to your planet to remember it they say and at first they seem indeed to be a bizarre group of intergalactic tourists When human beings start to interfere things begin disappearing The Dome of St Peter s in Rome is the first to go followed by downtown Prague old Mombasa M nich the heart of New Orleans In an effort to understand what has happened Spark and a strange group of pilgrims embark on a bizarre journey to Mars where the city of M nich has reappeared in a canyon And where time and memory have become manifest

Deathhunter Ian Watson,2011-09-29 The regions that have survived the holocaust in Watson s new novel have largely transformed themselves from prewar violence into a peaceful utopia without either conflict or art In place of belief in a religious afterlife the old and ailing accept euthanasia at Houses of Death where priestlike guides counsel them One of these guides is Jim Todhunter who pursues research into the nature of death despite official censure When he is assigned to guide that rarity in the new world a murderer he finds a natural ally in the obsessive Nathan Weinberger himself an ex guide As usual with Watson the initial impression of a green and pleasant land is revealed to be only one facet of a more complex and disturbing reality

The Book of the River Ian Watson,2011-09-29 The river cuts right across the known world from the impassable Far Precipices to the sea The people on one bank are cut off from those on the other for the black current has the power to stop them crossing Only women can travel repeatedly up and down the river but when Yaleen joins the boating guild and becomes a riverwoman she is singled out to follow an even more extraordinary path

Noah the Water Carrier and Other Stories Joe Lumer,2006 A shadow moved down the muddy road in pale moonlight Its steps were urgent A decision had been made a course determined The hours of deliberation were over Noah the Water Carrier is a collection of short stories whose setting is T a small city in Poland in the 1930 s The stories reflect the lives of Jews and Gentiles living together in a time and place that have disappeared forever It was a time of change and even of optimism before the Holocaust cast its vast net over an unprepared and unwitting people
