A Palace of Pearls Howard Schwartz, 2018-07-09 Rabbi Nachman of Bratslav 1772 1810 is widely considered to be one of the foremost visionary storytellers of the Hasidic movement The great grandson of the Ba al Shem Tov founder of the movement Rabbi Nachman came to be regarded as a great figure and leader in his own right guiding his followers on a spiritual path inspired by Kabbalah In the last four years of his life he turned to storytelling crafting highly imaginative allegorical tales for his Hasidim Three time National Jewish Book

Award winner Howard Schwartz has masterfully compiled the most extensive collection of Nachman's stories available in English. In addition to the well-known Thirteen Tales including The Lost Princess and The Seven Beggars, Schwartz has included over one hundred narratives in the various genres of fairy tales, fables, parables, dreams, and folktales, many of them previously unknown or believed lost. One such story is the carefully guarded Tale of the Bread, which was never intended to be written down and was only to be shared with those Bratslavians who could be trusted not to reveal it. Eventually recorded by Rabbi Nachman's scribe, the tale has maintained its mythical status as a hidden story. With utmost reverence and unfettered delight, Schwartz has carefully curated A Palace of Pearls alongside masterful commentary that guides the reader through the Rabbi's spiritual mysticism and uniquely Kabbalistic approach, ultimately revealing Rabbi Nachman to be a literary heavyweight in the vein of Gogol and Kafka. Vibrant, wise, and provocative, this book is a must-read for any lover of fairy tales and fables.

What If Nobody Forgave Second Ed , Grandparents Isabelle Meier, 2016-10-04 Isabelle Meier presents a unique examination of the relationship between grandparents and grandchildren viewed through the lens of analytical psychology. This relationship can have a huge impact on psychological development, yet it has been largely neglected in studies of the family. Meier explores both clinical and theoretical material throughout the book. In the first part, she dissects archetypal images in the intergenerational relationship, particularly as shown in fairy tales, myths, and legends. From the wise old woman/man to the wicked witch or the old wizard, memories and experiences of these archetypes can be stored in the implicit memory and activated later in life. The second part looks at the processes and functions of implicit memory and examines the concept of the complex as it applies to grandparents, using Stern's studies on the present moment and intersubjective phenomena. Finally, in part three, Meier presents case studies from her own practice. Grandparents will be essential reading for Jungian analysts and psychotherapists, analytical psychologists, and those in training. It will also be of interest to academics and students of Jungian studies, myth, and anthropology, and readers looking to explore intergenerational family relationships.
