Firstman,Jay Salpeter,2008-12-30 When he went to bed on the night of September 6 1988 seventeen year old Marty Tankleff was a typical kid in the upscale Long Island community of Belle Terre He was looking forward to starting his senior year at Earl L Vandermeulen High School the next day But instead Marty woke in the morning to find his parents brutally bludgeoned their throats slashed His mother Arlene was dead His father Seymour was barely alive and would die a month later With remarkable self possession Marty called 911 to summon help And when homicide detective James McCready arrived on the scene an hour later Marty told him he believed he knew who was responsible Jerry Steuerman his father s business partner Steuerman owed Seymour more than half a million dollars had recently threatened him and had been the last to leave a high stakes poker game at the Tankleffs home the night before However McCready inexplicably dismissed Steuerman as a suspect Instead he fastened on Marty as the prime suspect indeed his only one Before the day was out the police announced that Marty had confessed to the crimes But Marty insisted the confession was fabricated by the police And a week later Steuerman faked his own death and fled to California under an alias Yet the police and prosecutors remained fixated on Marty and two years later he was convicted on murder charges and sentenced to fifty years in prison But Marty s unbelievable odyssey was just beginning With the support of his family he set out to prove his innocence and gain his freedom For ten years disappointment followed disappointment as appeals to state and federal courts were denied Still Marty never gave up He persuaded Jay Salpeter a retired NYPD detective turned private eye to look into his case At first it was just another job for Salpeter As he dug into the evidence though he began to see signs of gross ineptitude or worse Leads ignored Conflicts of interest swept under the rug A shocking betrayal of public trust by Suffolk County law enforcement that went well beyond a simple miscarriage of justice After Salpeter s discoveries brought national media attention to the case Marty s conviction was finally vacated in 2007 and New York s governor appointed a special prosecutor to reopen the twenty year old

case At the same time the State Investigation Commission announced an inquiry into Suffolk County's handling of what has come to be widely viewed as one of America's most disturbing wrongful conviction cases As gripping as a Grisham novel A Criminal Injustice is the story of an innocent man's tenacious fight for freedom an investigator's dogged search for the truth It is a searing indictment of justice in America *Serial Killer Cinema* Robert Cettl,2007-10-18 The release of *Silence of the Lambs* in 1991 which swept the major Academy Awards categories legitimized the serial killer movie a genre that dates back as far as the silent era From *Absence of the Good* to *Zodiac Killer* this reference work allows a detailed study of the development of the serial killer film as a distinct genre with its own character types narrative patterns and styles An introduction outlines the historical evolution of this film genre and covers the whole range of cinematic interpretations from the response to Jack the Ripper and other real life serial killers through the late 1960s to the current state of the genre Arranged alphabetically by title the filmography covers over 500 feature films and select television movies Each entry contains a listing of the film's main credits a synopsis of the film a summary of the film's respective merits and a discussion of how they fit into the themes and structures outlined in the introduction Only films that portray the serial killer as a repeat pattern killer and directly or by suggestion reveal the killer's aberrant sexual motivations or their craving for manipulation domination and control with subsequent desires to punish women or society are included *Trial and Terror* Adam L. Penenberg,2012-08-13 **The True Test Is When No One Sees** Robert N. D'Ambola,2020-11-06 Everyone will hate this book It is based on the course Ethics for Police Recruits that Robert D Ambola has instructed for over 20 years He has presented this class to almost 5 000 Police Officers Soon to be Police Officers will hate this book because it should scare the hell out of them and make them question why they want to do this job Veteran cops will hate it because it will remind them of the shit they had to put up with every day and the challenges they face while getting no appreciation or recognition The bosses will hate it because they are the bosses and responsible for a lot of the shit The politicians will hate it because they make the rules about things they have no clue about and the police ultimately get blamed for The media will hate it because of their skewed portrayal of the real American heroes of society to make them out to be the bad guys when they are not And then there are times the police turn out to be exactly that the bad guys The Police Training Commission will hate this book because it exposes the fact that they are running a dog and pony show to make the politicians and insurance companies happy instead of building a truly professional intelligent capable police officer who can deal with the current rigors of the job while protecting themselves at the same time The public will absolutely hate this book because they get what they pay for they have no idea what they are paying for and they don't know what they truly want from the police Do they want a warrior or a guardian The book was not designed to slam any specific group but should be used to improve the entire Law Enforcement instructional model It is to learn from history so we do not repeat the same mistakes and continue to pass on The Stupid Gene to the next generation of Law Enforcement Officers In these turbulent times Law Enforcement needs to drastically

improve in all areas before the entire system as we know it is abolished This is a raw subject so I have injected my own twisted humor to make it a bit more palatable Maybe you can handle the truth Read on Feel free to hate this book as long as you learn something from it

Historical Dictionary of Film Noir Andrew Spicer,2010-03-19 Film noir literally black cinema is the label customarily given to a group of black and white American films mostly crime thrillers made between 1940 and 1959 Today there is considerable dispute about what are the shared features that classify a noir film and therefore which films should be included in this category These problems are partly caused because film noir is a retrospective label that was not used in the 1940s or 1950s by the film industry as a production category and therefore its existence and features cannot be established through reference to trade documents The Historical Dictionary of Film Noir is a comprehensive guide that ranges from 1940 to present day neo noir It consists of a chronology an introductory essay a bibliography a filmography and over 400 cross referenced dictionary entries on every aspect of film noir and neo noir including key films personnel actors cinematographers composers directors producers set designers and writers themes issues influences visual style cycles of films e g amnesiac noirs the representation of the city and gender other forms comics graphic novels television and videogames and noir s presence in world cinema It is an essential reference work for all those interested in this important cultural phenomenon
