Dickens and the Politics of the Family Catherine Waters,1997-07-03 The fictional representation of the family has long been regarded as a Dickensian speciality But while nineteenth century reviewers praised Dickens as the pre eminent novelist of the family any close examination of his novels reveals a remarkable disjunction between his image as the quintessential celebrant of the hearth and his interest in fractured families Catherine Waters offers an explanation of this discrepancy through an examination of Dickens s representation of the family in relation to nineteenth century constructions of class and gender Drawing upon feminist and new historicist methodologies and focusing upon the normalising function of middle class domestic ideology Waters concludes that Dickens s novels record a shift in notions of the family away from an earlier stress upon the importance of lineage and blood towards a new ideal of domesticity assumed to be the natural form of the family

The Altar at Home: Prayers for the Family and the Closet ,1866 *The Homiletic Review* ,1903 **Religion, Feminism, and the Family** Anne E. Carr,Mary Stewart Van Leeuwen,1996-01-01 Contemporary women s movement and the future of the American family *Caught in the Crossfire* Lawrence Grossberg,2015-12-03 Caught in the Crossfire reveals how the United States has been gradually changing from a society that celebrates childhood into one that is hostile to and afraid of its own children Today kids are often seen as a threat to our social and moral values In schools some behavior is criminalized and growing numbers of kids find themselves in penal and psychiatric confinement This breakdown is often too readily attributed to bad parenting the crisis of the family or the greed of capitalism Grossberg offers a new and original understanding of the changes transforming contemporary America and of the choices Americans face about their future He documents the relations between economic ideologies and economic realities and explores what is going on in the culture wars as well as on the Internet and other new media Caught in the Crossfire argues that all of these changes and tn struggles including those involving the state of kids only make sense as integral parts of a larger transformation to define America s uniqueness and to develop its own sense of modern culture Part of the Cultural Politics and the Promise of Democracy Series The Home Fredrika Bremer,1843 *Know Your Future* Thirachai Phuvanatanarubala,2010-08-16 This book on Thai astrology is simple to use and makes several high profile predictions Mormonism and the Emotions Mauro Properzi,2015-05-21 Mormonism and the Emotions An Analysis of LDS Scriptural Texts is an introductory Latterday Saint LDS theology of emotion that is both canonically based and scientifically informed It highlights three widely accepted characteristics of emotion that emerge from scientific perspectives namely the necessity of cognition for its emergence the personal responsibility attached to its manifestations and its instrumentality in facilitating various processes of human development and experience In analyzing the basic theological structure of Mormonism and its unique canonical texts the objective is to determine the extent to which LDS theology is compatible with this three fold definition of emotion At this basic level of explanation the conclusion is that science and Mormon theology undoubtedly share a common perspective The textual investigation focuses on unique Mormon scriptures and on their descriptions of six common emotions hope fear joy sorrow love and hate For each of these emotional phenomena the extensive report of textual references consistently confirms

an implied presence of the outlined three fold model of emotion Thus the evidence points to the presence of an underlying folk model of emotion in the text that broadly matches scientific definitions Additionally the theological examination is enlarged with a particular focus on the Mormon theology of atonement which is shown to play a significant role in LDS understandings of emotions A broad exploration of such areas as epistemology cosmology soteriology and the theological anthropology of Mormonism further contextualizes the analysis and roots it in the LDS theological worldview
