El derecho en español Katia Fach Gómez, 2014-04-21. El español es el segundo idioma más hablado en el mundo. Un número creciente de personas en los Estados Unidos y en otros países son conocedores de este idioma y además lo utilizan profesionalmente en el ámbito jurídico. No obstante a muchos de ellos les gustaría mejorar su comprensión idiomática y jurídica del mismo. En la actualidad existen pocos recursos didácticos y profesionales a los que recurrir. El derecho en español: Terminología y habilidades jurídicas para un ejercicio legal exitoso es el nuevo libro actualmente en el mercado que ofrece al mismo tiempo instrucciones avanzadas en español jurídico e información selecta sobre los marcos legales contemporáneos en los que este idioma se utiliza. Este libro monolingüe en español puede ser utilizado en el aula y también como herramienta de autoaprendizaje por parte de universitarios y profesionales que posean un nivel intermedio de conocimiento del idioma. El libro contiene diez lecciones, cada una de ellas dedicada a un área clave del derecho: constitucional, contratos, actividades bancarias, penal, familia, inmigración, derechos humanos, litigios internacionales y arbitraje. Todas estas lecciones presentan un vocabulario escogido sobre el tema jurídico abordado en ellas y después ofrecen una serie de ejercicios basados en documentos jurídicos reales procedentes de diversos países de habla hispana. El último capítulo es una guía para facilitar la comprensión de varias películas que contienen interesantes cuestiones legales y que pueden ser utilizadas para el análisis contextual de los temas abordados en las lecciones precedentes. A través de todos estos materiales de capacitación, los lectores aprenderán a utilizar el vocabulario español jurídico en su contexto operativo adecuado y podrán entender las diferencias lingüísticas y conceptuales entre los distintos países de América Latina y España. Al mismo tiempo se familiarizarán con las disposiciones y los documentos más utilizados en la práctica jurídica en español. Finalmente, también podrán mejorar sus habilidades de escucha y de redacción jurídica.

Yo quiero partir Daniel Moritz, 2014-07-30. Este libro relata una historia. Soy el autor, gracias a él tiene este hombre, soy siempre un hombre tan gracioso al medio de los malos. Me designan de la mano para decir es un vagabundo. Un día serio, otro reidor, donde mi vida juega siempre de allí, alternante la tragedia de la existencia y una comedia de la felicidad. Estoy sin miedo y sin pecado. Ver a caballero sin un centimo en bolsillo pero que tiene siempre un corazón de oro. Ahora el mar es nuestro domicilio, somos libres como diablillos extravagantes que

Teachers' Research in Language Education Verónica Sánchez Hernández, Fatima Encinas, José Luis Ortega-Martin, Yonatan Puon, 2021-07-23 Over the past decade interest in language teacher education and professionalization programs has increased significantly mainly due to global educational reforms which have been driven by internationalization multilingualism the rise of new literacy and the incorporation of technologies These reforms based on the challenges of knowledge societies and networks have created the need to re evaluate and reconceptualize teacher training and teacher professional development as a fundamental connection to teaching Bryant et al 2008 V laz de Medrano Espinosa 2012 Johnson and Golombeck 2018 The main objective is then to prepare the new generations within an increasingly uncertain and demanding global scenario P rez Ru z 2014 p 114 This publication addresses work on the education of language teachers in a variety of sociocultural educational and institutional contexts carried out in Mexico and Latin America with various methodological designs and approaches from different theoretical perspectives Therefore in the context of current challenges we seek to promote the exchange discussions of experience and results of research and reflection that can influence the direction and implementation of language policies regarding teacher education and teacher professionalization for language teaching
