**Orgasmology** Annamarie Jagose, 2012-12-24 For all its vaunted attention to sexuality queer theory has had relatively little to say about sex the material and psychic practices through which erotic gratification is sought In *Orgasmology* Annamarie Jagose takes orgasm as her queer scholarly object From simultaneous to fake orgasms from medical imaging to pornographic visualization from impersonal sexual publics to domestic erotic intimacies Jagose traces the career of orgasm across the twentieth century Along the way she examines marriage manuals of the 1920s and 1930s designed to teach heterosexual couples how to achieve simultaneous orgasms provides a queer reading of behavioral modification practices of the 1960s and 1970s aimed at transforming gay men into heterosexuals and demonstrates how representations of orgasm have shaped ideas about sexuality and sexual identity A confident and often counterintuitive engagement with feminist and queer traditions of critical thought *Orgasmology* affords fresh perspectives on not just sex sexual orientation and histories of sexuality but also agency ethics intimacy modernity selfhood and sociality As modern subjects we presume we already know everything there is to know about orgasm This elegantly argued book suggests that orgasm still has plenty to teach us

*Faces of Ecstasy* Hans-Jurgen Dopp, 2002-01-24 The climax to the act of love casts an indefinable expression on the face an expression of urgent intensity A woman a man in that moment experiences an ecstasy that for an instant is visible in the eyes and on the lips A wave of pleasure runs through the body marking the transition between desire and orgasm For this fleeting second when just how violent the sense can be is laid bare the person immediately before or the person immediately after With the help of prints and etchings from former centuries author Hans Jurgen Dopp looks for an explanation of this very personal mystery that leads to fulfillment

*Who's Makin' Love...?* Faundell Black, 2011-04-17 Everything That's Done In the Dark Will Eventually Come To the Light In Part 1 If I Should Die Tonight a disillusioned Venus has unexpected help falling for Philips a single musician that gives her all the attention she's been starving for In Part 2 In the Footsteps of Another Man Janelle begins to see her husband and a close friend in another light thanks to her husband's secretive behavior In Part 3 I Stand Accused Sheila's engagement to Melvin doesn't curtail a strong deep desire for a romantic relationship with his brother Barry despite Barry being in love with her sister

**Cezanne** Julius Meier-Graefe, 1927 *The Faces of Forgiveness* F. LeRon Shults, Steven J. Sandage, 2003-05-01 While forgiveness has historically been regarded as a religious concern it has also become a popular topic in contemporary psychology Unfortunately there has been little effort to combine a Christian understanding of forgiveness with psychology *The Faces of Forgiveness* winner of the Narramore Award from the Christian Association for Psychological Studies steps in to fill this void The authors fuse Christian forgiveness and psychology with the unifying motif of the face thereby building on the considerable psychological research linking emotions related to forgiveness with the human face At a deeper level the face can serve as a metaphor for integrating forgiveness wholeness and salvation The authors argue that forgiveness should take a central role in our understanding of salvation because it is

warranted by the Bible and engages our postmodern context Pastors psychologists family counselors and students of psychology and theology will find *The Faces of Forgiveness* a helpful resource Patrick Bailly-Maitre-Grand Patrick Bailly-Maitre-Grand,2007 [The Faces of the Goddess](#) Lotte Motz,1997-08-21 The belief that the earliest humans worshipped a sovereign nurturing maternal earth goddess is a popular one It has been taken up as fact by the media who routinely depict modern goddess worshippers as reviving the ancient religions of our ancestors Feminist scholars contend that in the primordial religions the Great Mother was honored as the primary creative force giving birth to the world granting fertility to both crops and humans and ruling supreme over her family pantheon The peaceful matriarchal farming societies that worshipped her were eventually wiped out or subjugated by nomadic patriarchal warrior tribes such as the early Hebrews who brought their male God to overthrow the Great Mother the first step in the creation and perpetuation of a brutal male dominated society and its attendant oppression and degradation of women In *The Faces of the Goddess* Lotte Motz sets out to test this hypothesis by examining the real female deities of early human cultures She finds no trace of the Great Mother in their myths or in their worship From the Eskimos of the arctic wasteland whose harsh life even today most closely mirrors the earliest hunter gatherers to the rich cultures of the sunny Fertile Crescent and the islands of Japan Motz looks at a wide range of goddesses who are called Mother or who give birth in their myths She finds that these goddesses have varying origins as ancestor deities animal protectors and other divinities rather than stemming from a common Mother Goddess archetype For instance Sedna the powerful goddess whose chopped off fingers became the seals and fish that were the Eskimos chief source of food had nothing to do with human fertility Indeed human motherhood was held in such low esteem that Eskimo women were forced to give birth completely alone with no human companionship and no helpful deities of childbirth Likewise while various Mexican goddesses ruled over healing women s crafts motherhood and childbirth and functioned as tribal protectors or divine ancestors none of them either embodied the earth itself or granted fertility to the crops for that the Mexicans looked to the male gods of maize and of rain Nor were the rituals of these goddesses nurturing or peaceful The goddess Cihuacoatl who nurtured the creator god Quetzalcoatl and helped him create humanity was worshipped with human sacrifices who were pushed into a fire removed while still alive and their hearts were cut out And Motz closely examines the Anatolian goddess Cybele the Magna Mater most often cited as an example of a powerful mother goddess Hers were the last of the great pagan mysteries of the Mediterranean civilizations to fall before Christianity But Cybele herself never gives birth nor does she concern herself with aiding women in childbirth or childrearing She is not herself a mother and the male character figuring most prominently in her myths is Attis her chaste companion Tellingly Cybele s priests dedicate themselves to her by castrating themselves thus mimicking Attis s death a very odd way to venerate a goddess of fertility To depict these earlier goddesses as peaceful and nurturing mothers as is often done is to deny them their own complex and sophisticated nature as beings who were often violent and vengeful delighting in sacrifice or who

reveled in their eroticism and were worshipped as harlots The idea of a nurturing Mother Goddess is very powerful In this challenging book however Motz shows that She is a product of our own age not of earlier ones By discarding this simplistic and worn out paradigm we can open the door to a new way of thinking about feminine spirituality and religious experience

*Ecstasy's Endgame* Tessa McKay, 2011-02-15 Kyra Morgan always wanted to live in the past and now she s found a way to do just that Whether she likes it or not Wrapping herself in black velvet under the sweltering Southern sun Kyra spends her summers working at the Tudor Rose Renaissance Festival as a Lady in an imaginary royal court She hasn t had much luck with men either and has little interest in handing over her heart again so she immerses herself in her scholarship and the local faire where she can escape into the past and ignore the problems of the present day Rafe Harrison is hard to ignore however Handsome confident and boorish he is beloved by most everyone at the faire particularly the women Even Kyra s best friend is quick to champion him much to Kyra s dismay Kyra knows little about Rafe but wisely despises his bravado his appeal and his slipshod reenactment methods And when Rafe is implicated in her best friend s riding accident she cannot forgive him for his neglect or herself for the unwelcomed sensations he stirs within her But after tampering with a gypsy potion Kyra suddenly finds herself and Rafe transported back to sixteenth century England and it is nothing like the 1500 s back home It is a dangerous time of court intrigue French wars and Scottish insurrection Kyra soon finds that she must learn to trust the courage and heart of the man she reviles if they are to survive And more importantly she must learn to trust her own heart as she fights for both her own and Rafe s survival upon one of the bloodiest battlefields in England Flodden

**Three Sisters** May Sinclair, 1914 Excerpt going Gwenda said because I want to If I stayed I wouldn t marry Steven Rowcliffe and Steven Rowcliffe wouldn t marry me But I thought I thought What did you think That there was something between you Papa said so If Papa said so you might have known there was nothing in it And isn t there Of course there isn t You can put that idea out of your head forever All the same I believe that s why you re going I m going because I can t stand this place any longer You said I d be sick of it in three months You re not sick of it You love it It s me you can t stand No Ally no She plunged for another argument and found it What I can t stand is living with Papa Ally agreed that this was rather more than plausible XXXVIII The next person to be told was Rowcliffe It was known in the village through the telegrams that Gwenda

was going away The postmistress told Mrs Gale who told Mrs Blenkiron These two persons and four or five others had known ever since Sunday that the Vicar s daughter was going away and the Vicar did not know it yet And Mrs Blenkiron told Rowcliffe on the Wednesday before Alice told him For it was Alice who told him and not Gwenda Gwenda was not at home when he called at the Vicarage at three o clock But he heard from Alice that she would be back at four And it was Alice who told Mrs Gale that when the doctor called again he was to be shown into the study He had waited there thirteen minutes before Gwenda came to him He looked at her and was struck by a difference he found in her a difference that recalled some look in her face that he had seen before It was dead white and in its whiteness her blue eyes dark and dilated quivered with defiance and a sort of fear She looked older and at the same time younger as young as Alice and as helpless in her fear Then he remembered that she had looked like that the night she had passed him in the doorway of the house at

**Scenarios of the Imaginary** Josue V. Harari, 2019-06-30 From Proust to Beckett from Blanchot to Derrida from Freud to Lacan and from L vi Strauss to Ren Girard all of our theories of modernity have been predicated upon a nostalgia for the real In this lively and perceptive diagnosis of the malaise of contemporary theorists Josu Harari interprets the French

Enlightenment in terms of the relationship between theory and the imaginary and explores the paradox by which theories that purport to describe the real lack any dimension of reality Through readings of texts by some of the progenitors of influential modern theories Harari explores the working strategies of the imaginary In particular he illuminates the founding moment an instant of personal crisis for the author during which a theory is infused by a fictional scenario Montesquieu s phantasm of the body resulting in his theory of government Rousseau s narcissistic delirium in Emile resulting in his theory of education the theory of psychoanalysis resulting from Freud s unconscious motives for choosing the Oedipal theory over the seduction theory of neurosis and the theory of structural anthropology generated by a psychodrama in Tristes Tropiques which Harari reads as a symptom of L vi Strauss s anguish when he is confronted with reality Two striking chapters on Sade at the center of the book reveal the operation of the theoretical imaginary in libertine discourse Scenarios of the Imaginary will find a wide audience among students and scholars of French literature particularly of the eighteenth century and of contemporary French thought and among comparativists literary theorists anthropologists and historians *Pulse Check*
